FREE TRADE AGREEMENT

BETWEEN

THE EFTA STATES

AND

THE REPUBLIC OF MOLDOVA

PREAMBLE

Iceland, the Principality of Liechtenstein, the Kingdom of Norway and the Swiss Confederation (EFTA States),

and

the Republic of Moldova,

hereinafter each individually referred to as a "Party" or collectively as the "Parties",

RECOGNISING the common wish to strengthen the links between the Parties by establishing close and lasting relations;

DESIRING to create favourable conditions for the development and diversification of trade between the Parties and for the promotion of commercial and economic cooperation in areas of common interest on the basis of equality, mutual benefit, non-discrimination and international law;

DETERMINED to promote and further strengthen the multilateral trading system, building on their respective rights and obligations under the Marrakesh Agreement establishing the World Trade Organization (WTO Agreement) and the other agreements negotiated thereunder, thereby contributing to the harmonious development and expansion of world trade;

REAFFIRMING their commitment to democracy, the rule of law, human rights and fundamental freedoms in accordance with their obligations under international law, including as set out in the United Nations Charter and the Universal Declaration of Human Rights;

AIMING to create new employment opportunities, improve living standards and ensure high levels of protection of health and safety and of the environment;

REAFFIRMING their commitment to pursue the objective of sustainable development and recognising the importance of coherent and mutually supportive trade, environmental and labour policies in this respect;

DETERMINED to implement this Agreement in line with the objectives to preserve and protect the environment through sound environmental management and to promote an optimal use of the world's resources in accordance with the objective of sustainable development;

RECALLING their rights and obligations under multilateral environmental agreements to which they are a party, and the respect for the fundamental principles and rights at work, including the principles set out in the relevant International Labour Organisation (ILO) Conventions to which they are a party;

RECOGNISING the importance of ensuring predictability for the trading communities of the Parties;

REAFFIRMING their commitment to promote inclusive economic growth by ensuring equal opportunities for all;

AFFIRMING their commitment to prevent and combat corruption in international trade and investment and to promote the principles of transparency and good public governance;

ACKNOWLEDGING the importance of good corporate governance and corporate social responsibility for sustainable development, and affirming their aim to encourage enterprises to observe internationally recognised guidelines and principles in this respect, such as the OECD Guidelines for Multinational Enterprises, the OECD Principles of Corporate Governance and the UN Global Compact;

CONVINCED that this Agreement will enhance the competitiveness of their firms in global markets and create conditions encouraging economic, trade and investment relations between the Parties;

HAVE AGREED, in pursuit of the above, to conclude the following Free Trade Agreement (Agreement):

CHAPTER 1

GENERAL PROVISIONS

ARTICLE 1.1

Objectives

1. The Parties hereby establish a free trade area in accordance with the provisions of this Agreement, based on trade relations between market economies and on the respect for democratic principles and human rights, with a view to spurring prosperity and sustainable development.

2. The objectives of this Agreement are:

(a) to liberalise trade in goods, in conformity with Article XXIV of the General Agreement on Tariffs and Trade 1994 (GATT 1994);

(b) to liberalise trade in services, in conformity with Article V of the General Agreement on Trade in Services (GATS);

(c) to mutually enhance investment opportunities;

(d) to prevent, eliminate or reduce unnecessary technical barriers to trade and unnecessary sanitary and phytosanitary measures;

(e) to promote competition in their economies, particularly as it relates to the economic relations between the Parties;

(f) to achieve further liberalisation on a mutual basis of the government procurement markets of the Parties;

(g) to ensure adequate and effective protection of intellectual property rights, in accordance with international standards;

(h) to develop international trade in such a way as to contribute to the objective of sustainable development and to ensure that this objective is integrated and reflected in the Parties' trade relations; and

(i) to contribute to the harmonious development and expansion of world trade.

ARTICLE 1.2

Geographical Scope

1. Except as otherwise specified in Annex I (Rules of Origin and Administrative Cooperation), this Agreement applies to:

(a) the land territory, internal waters and the territorial sea of a Party, and the air-space above the territory of a Party, in accordance with international law; and

(b) the exclusive economic zone and the continental shelf of a Party, in accordance with international law.

2. This Agreement shall not apply to the Norwegian territory of Svalbard, with the exception of trade in goods.

ARTICLE 1.3

Trade and Economic Relations Governed by this Agreement

1. This Agreement applies to the trade and economic relations between, on the one side, the individual EFTA States and, on the other side, the Republic of Moldova. This Agreement shall not apply to the trade and economic relations between individual EFTA States, unless otherwise provided in this Agreement.

2. In accordance with the Customs Treaty of 29 March 1923 between Switzerland and Liechtenstein, Switzerland shall represent Liechtenstein in matters covered thereby.

ARTICLE 1.4

Relation to Other International Agreements

1. The Parties confirm their rights and obligations under the WTO Agreement and the other agreements negotiated thereunder to which they are a party, and any other international agreement to which they are a party.

2. If a Party considers that the maintenance or establishment of a customs union, free trade area, arrangement for frontier trade or another preferential agreement by another Party has the effect of altering the trade regime provided for by this Agreement, it may request consultations. The Party concluding such agreement shall afford adequate opportunity for consultations with the requesting Party.

ARTICLE 1.5

Fulfilment of Obligations

1. Each Party shall take any general or specific measures required to fulfil its obligations under this Agreement.

2. Each Party shall ensure the observance of all obligations and commitments under this Agreement by its respective central, regional and local governments and authorities, and by non-governmental bodies in the exercise of governmental powers delegated to them by central, regional and local governments or authorities.

ARTICLE 1.6

Transparency

1. Each Party shall publish, or otherwise make publicly available, their laws, regulations, judicial decisions, administrative rulings of general application as well as their respective international agreements, that may affect the operation of this Agreement.

2. Each Party shall promptly respond to specific questions and provide, upon request, information to each other on matters referred to in paragraph 1.

3. Nothing in this Agreement shall require any Party to disclose confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of any economic operator.

4. In case of any inconsistency between this Article and provisions relating to transparency in other parts of this Agreement, the latter shall prevail to the extent of the inconsistency.

CHAPTER 2

TRADE IN GOODS

ARTICLE 2.1

Scope and Coverage

This Chapter applies to trade in goods between the Parties.

ARTICLE 2.2

Import Duties

1. Unless otherwise provided for in this Agreement, the Parties shall apply import duties on goods originating in another Party in accordance with Annex I (Rules of Origin and Administrative Cooperation) and Annexes II to V (Schedules of Tariff Commitments).

2. Unless otherwise provided for in this Agreement, no Party shall introduce new import duties, or increase those already applied on goods originating in another Party in accordance with its Schedule of Tariff Commitments.

3. For the purposes of this Agreement, "import duties" means any duties, taxes or charges imposed in connection with the importation of goods, except those imposed in conformity with:

(a) Article III of the GATT 1994, including the interpretative notes thereon;

(b) Articles 2.14 (Subsidies and Countervailing Measures), 2.15 (Anti-dumping), 2.16 (Global Safeguard Measures) or 2.17 (Bilateral Safeguard Measures);

(c) Article VIII of the GATT 1994, including the interpretative notes thereon.

ARTICLE 2.3

Classification of Goods

The classification of goods in trade between the Parties shall be that set out in accordance with the Harmonized Commodity Description and Coding System hereinafter referred to as "Harmonised System" or "HS". The Parties shall, as a result of amendments to the HS nomenclature or other technical amendments to a Party's customs tariff, amend Annex I (Rules of Origin and Administrative Cooperation) and Annexes II to V (Schedule of Tariff Commitments).

ARTICLE 2.4

Export Duties

No Party shall adopt or maintain any duties, taxes or charges other than internal charges applied in conformity with Article 2.10 (National Treatment), in connection with the exportation of goods to another Party.

ARTICLE 2.5

Rules of Origin and Administrative Cooperation

The rules of origin and administrative cooperation are set out in Annex I (Rules of Origin and Administrative Cooperation).

ARTICLE 2.6

Customs Valuation[1]

Article VII of the GATT 1994 and Part I of the Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade 1994 apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 2.7

Import Licensing

The Parties confirm their rights and obligations under the WTO Agreement on Import Licensing unless otherwise specified in this Agreement.

ARTICLE 2.8

Quantitative Restrictions

1. Article XI of the GATT 1994 applies and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

2. A Party introducing a measure in accordance with paragraph 2 of Article XI of the GATT 1994 shall promptly notify the Joint Committee. A notification by a Party in accordance with Article XI of the GATT 1994 shall be deemed equivalent to a notification under this Agreement.

3. Any measure applied in accordance with this Article shall be of limited duration, non-discriminatory, transparent and may not go beyond what is necessary to remedy

---

circumstances described in paragraph 2 of Article XI of the GATT 1994 and may not create unnecessary obstacles to trade between the Parties.

ARTICLE 2.9

Fees and Formalities

Article VIII of the GATT 1994, including the interpretative notes thereon, apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*, subject to Article 7 (Fees and Charges) of Annex VI (Trade Facilitation).

ARTICLE 2.10

National Treatment

Each Party shall accord national treatment to the goods of another Party in accordance with Article III of the GATT 1994, including the interpretative notes thereon. To this end, Article III of the GATT 1994, including the interpretative notes thereon, is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 2.11

Technical Regulations

1. With respect to technical regulations, standards and conformity assessments, the WTO Agreement on Technical Barriers to Trade (TBT Agreement) applies and is hereby incorporated and made part of this Agreement, *mutatis mutandis.*

2. The Parties shall strengthen their cooperation in the field of technical regulations, standards and conformity assessments, with a view to increasing the mutual understanding of their respective systems and facilitating access to their respective markets.

3. Upon request of a Party, which considers that a technical regulation, standard or conformity assessment procedure of another Party is likely to create, or has created, an obstacle to trade, consultations shall be held with the objective of finding a mutually acceptable solution. Consultations shall take place within 30 days from the receipt of the request and may be conducted by any method agreed by the consulting Parties. The Joint Committee shall be informed thereof.

4. Upon request of a Party, the Parties shall without undue delay agree on an arrangement extending to each other treatment related to technical regulations, standards and conformity assessments which all Parties have agreed with the European Union (EU).

5. The Parties shall exchange names and addresses of contact points for this Article in order to facilitate communication and the exchange of information.

ARTICLE 2.12

Sanitary and Phytosanitary Measures

1. With respect to sanitary and phytosanitary measures, the WTO Agreement on the Application of Sanitary and Phytosanitary Measures (SPS Agreement) applies and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

2. The Parties shall strengthen their cooperation in the field of sanitary and phytosanitary measures, with a view to increasing the mutual understanding of their respective systems and facilitating access to their respective markets.

3. Upon request of a Party, which considers that a sanitary or phytosanitary measure of another Party is likely to create, or has created, an obstacle to trade, or that the other Party has not fulfilled its obligations under this Article, consultations shall be held with the objective of finding a mutually acceptable solution. The consultations shall take place within 30 days from the receipt of the request and may be conducted by any method agreed by the consulting Parties. In case of perishable goods or emergencies in animal and plant health, consultations between the competent authorities shall be held without undue delay. The Joint Committee shall be informed thereof.

4. The application of control, inspection and approval procedures for the import of animals, animal products, products of animal origin and animal by-products shall be carried out in accordance with the SPS Agreement and the standards, guidelines and recommendations laid down by the relevant international organisations of the SPS Agreement.

5. The model for the official certificate or official document, where required by the importing Party, shall be mutually agreed between the Parties and be in line with international standards.

6. The importing Party has the right to carry out an assessment of all or part of the control system of the competent authority of the exporting Party to allow imports of a specific category of products of animal origin. The Parties agree to use system audits as their preferred assessment method which relies on the examination of a sample of system procedures, documents or records and, where required, on-site inspections of facilities within the scope of the audit. The costs incurred in carrying out the audit shall be borne by the importing Party.

7. If the importing Party maintains a list of authorised establishments for the import of animal products, the exporting Party shall provide the importing Party with satisfactory sanitary guarantees that the establishments meet the relevant requirements of the importing Party, and draw up and make available to the importing Party the lists of approved establishments.

8. Upon request of a Party, the Parties shall without undue delay extend to each other treatment related to sanitary and phytosanitary measures each Party has granted to or agreed with the EU.

9. The Parties shall exchange names and addresses of contact points with sanitary and phytosanitary expertise in order to facilitate communication and the exchange of information.

ARTICLE 2.13

Trade Facilitation

The provisions on trade facilitation are set out in Annex VI (Trade Facilitation).

ARTICLE 2.14

Subsidies and Countervailing Measures

1. The rights and obligations of the Parties with respect to subsidies and countervailing measures shall be governed by Articles VI and XVI of the GATT 1994 and the WTO Agreement on Subsidies and Countervailing Measures, except as provided for in paragraph 2.

2. Before a Party initiates an investigation to determine the existence, degree and effect of any alleged subsidy in another Party, as provided for in Article 11 of the WTO Agreement on Subsidies and Countervailing Measures, the Party considering initiating an investigation shall notify in writing the Party whose products are subject to an investigation and allow for a 45-day period for consultations with a view to finding a mutually acceptable solution. Consultations shall take place in the Joint Committee, unless the Parties making and receiving the request for consultations agree otherwise.

ARTICLE 2.15

Anti-dumping

1. No Party shall apply anti-dumping measures as provided for under Article VI of the GATT 1994 and the WTO Agreement on Implementation of Article VI of the GATT 1994 in relation to goods originating in another Party.

2. Five years from the date of entry into force of this Agreement, the Parties may in the Joint Committee review the operation of paragraph 1. Thereafter the Parties may conduct biennial reviews of this matter in the Joint Committee.

ARTICLE 2.16

Global Safeguard Measures

1. The rights and obligations of the Parties with respect to global safeguards shall be governed by Article XIX of the GATT 1994 and the WTO Agreement on Safeguards. In taking measures under these WTO provisions, a Party shall, consistent with its obligations under the WTO Agreements, exclude imports of an originating product from one or several Parties if such imports do not in and of themselves cause or threaten to cause serious injury.

2. A Party intending to adopt definitive global safeguard measures against one or several Parties shall inform them and offer consultations. It shall allow for a 45-day period

from the date of the offer to hold consultations before adopting any definitive global safeguard measures.

3. A Party adopting global safeguard measures shall impose them in a way that least affects bilateral trade.

ARTICLE 2.17

Bilateral Safeguard Measures

1. Where, as a result of the reduction or elimination of a customs duty under this Agreement, any product originating in a Party is imported into the territory of another Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute a substantial cause of serious injury or threat thereof to the domestic industry of like or directly competitive products in the territory of the importing Party, the importing Party may take bilateral safeguard measures to the minimum extent necessary to remedy or prevent the injury, subject to paragraphs 2 to 10.

2. Bilateral safeguard measures shall only be taken upon clear evidence that increased imports have caused or are threatening to cause serious injury pursuant to an investigation in accordance with the procedures laid down in the WTO Agreement on Safeguards.

3. The Party intending to take a bilateral safeguard measure pursuant to this Article shall immediately, and in any case before taking a measure, notify the other Parties. The notification shall contain all pertinent information, including evidence of serious injury or threat thereof caused by increased imports, a precise description of the product concerned, and the proposed measure, as well as the proposed date of introduction, expected duration and timetable for the progressive removal of the measure. A Party that may be affected by the bilateral safeguard measure shall be offered compensation in the form of substantially equivalent trade liberalisation in relation to the imports from any such Party.

4. If the conditions set out in paragraph 1 are met, the importing Party may take measures consisting in increasing the rate of customs duty for the product to a level not to exceed the lesser of:

(a) the MFN rate of duty applied at the time the bilateral safeguard measure is taken; or

(b) the MFN rate of duty applied on the day immediately preceding the date of the entry into force of this Agreement.

5. Bilateral safeguard measures shall be taken for a period not exceeding one year. In very exceptional circumstances, after review by the Joint Committee, measures may be taken up to a total maximum period of three years. No bilateral safeguard measures shall be applied to the import of a product, which has previously been subject to such a measure.

6. The Joint Committee shall, within 30 days from the receipt of the notification, examine the information provided under paragraph 3 in order to facilitate a mutually

acceptable solution. In the absence of such solution, the importing Party may adopt a bilateral safeguard measure pursuant to paragraph 4 to remedy the problem, and, in the absence of mutually agreed compensation, the Party against whose product the bilateral safeguard measure is taken may take compensatory action. The bilateral safeguard measure and the compensatory action shall be immediately notified to the other Parties. In the selection of the bilateral safeguard measure and the compensatory action, priority must be given to the action or measure which least disturbs the functioning of this Agreement. The Party taking compensatory action shall apply the action only for the minimum period necessary to achieve the substantially equivalent trade effects and in any event, only while the bilateral safeguard measure under paragraph 4 is being applied.

7. Upon the termination of the bilateral safeguard measure, the rate of customs duty shall be the rate which would have been in effect but for the measure.

8. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a provisional bilateral safeguard measure pursuant to a preliminary determination that there is clear evidence that increased imports constitute a substantial cause of serious injury, or threat thereof, to the domestic industry. The Party intending to take such a measure shall immediately notify the other Parties thereof. Within 30 days from the receipt of the notification, the procedures set out in paragraphs 2 to 6, including for compensatory action, shall be initiated. Any compensation shall be based on the total period of application of the provisional bilateral safeguard measure and of the bilateral safeguard measure.

9. Any provisional bilateral safeguard measure shall be terminated within 200 days at the latest. The period of application of any such provisional bilateral safeguard measure shall be counted as part of the duration, and any extension thereof, of the bilateral safeguard measure, set out in paragraphs 4 and 5 respectively. Any tariff increases shall be promptly refunded if the investigation described in paragraph 2 does not result in a finding that the conditions of paragraph 1 are met.

10. Five years from the date of entry into force of this Agreement, the Parties shall review whether there is a need to maintain the possibility to take safeguard measures between them. Following the review, the Parties may decide whether they want to apply this Article any longer. If the Parties decide after the first review to maintain this possibility, biennial reviews shall thereafter be conducted by the Joint Committee.

ARTICLE 2.18

WTO Agreement on Agriculture

The Parties confirm their rights and obligations under the WTO Agreement on Agriculture unless otherwise specified in this Agreement.

ARTICLE 2.19

State Trading Enterprises

Article XVII of the GATT 1994 and the Understanding on the Interpretation of Article XVII of the GATT 1994 apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis.*

ARTICLE 2.20

General Exceptions

For the purposes of this Chapter, Article XX of the GATT 1994 and its interpretative notes apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 2.21

Security Exceptions

For the purposes of this Chapter, Article XXI of the GATT 1994 and its interpretative notes apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 2.22

Balance-of-Payments

1. A Party in serious balance of payments difficulties, or under imminent threat thereof, may, in accordance with the conditions established under the GATT 1994 and the WTO Understanding on the Balance of Payments Provisions of the GATT 1994, adopt trade restrictive measures, which shall be of limited duration and non-discriminatory, and may not go beyond what is necessary to remedy the balance of payments situation.

2. A Party introducing a measure under this Article shall promptly notify the Joint Committee.

ARTICLE 2.23

Preference Utilisation

1. For the purpose of monitoring the functioning of this Agreement and calculating preference utilisation rates, the Parties shall annually exchange import statistics and preferential tariff rates under this Agreement as well as applied most-favoured-nation (MFN) tariff rates.

2. Import statistics exchanged shall pertain to the three most recent years available and comprise all imports from the Party concerned, including trade values and volumes

listed at the level of national subheadings. The Parties shall exchange separate statistics for imports benefitting from preferential treatment under this Agreement, for imports benefiting from other preferential treatment than under this Agreement as well as those that did not receive preferential treatment (MFN treatment). The preferential tariff rates and applied MFN tariff rates exchanged shall pertain to the same year as the import statistics. Upon request, the Parties shall exchange additional information and explanations in English.

3. The exchange of import statistics, preferential tariff rates and applied MFN tariff rates shall start one year after the entry into force of this Agreement.

4. Notwithstanding paragraph 2, no Party shall be obliged to exchange data that is confidential in accordance with its domestic laws and regulations.

ARTICLE 2.24

Sub-Committee on Trade in Goods

1. A Sub-Committee on Trade in Goods (Sub-Committee) is hereby established.

2. The mandate of the Sub-Committee is set out in Annex VII (Mandate of the Sub-Committee on Trade in Goods).

CHAPTER 3

TRADE IN SERVICES

ARTICLE 3.1

Scope and Coverage

1. This Chapter applies to measures by the Parties affecting trade in services and taken by central, regional or local governments and authorities as well as by non-governmental bodies in the exercise of powers delegated by central, regional or local governments or authorities. It applies to all services sectors.

2. With respect to air transport services, this Chapter shall not apply to measures affecting air traffic rights or measures affecting services directly related to the exercise of air traffic rights, except as provided for in paragraph 3 of the GATS Annex on Air Transport Services. The definitions of paragraph 6 of the GATS Annex on Air Transport Services are hereby incorporated and made part of this Chapter.

3. Articles 3.4 (Most-Favoured-Nation Treatment), 3.5 (Market Access) and 3.6 (National Treatment) shall not apply to domestic laws and regulations governing the procurement by governmental agencies of services purchased for governmental purposes and not with a view to commercial resale or with a view to use in the supply of services for commercial sale.

ARTICLE 3.2

Incorporation of Provisions from the GATS

Where a provision of this Chapter provides that a provision of the GATS is incorporated into and made part of this Chapter, the meaning of the terms used in the GATS provision shall be understood as follows:

(a) "Member" means Party;

(b) "Schedule" means a Schedule referred to in Article 3.18 (Schedules of Specific Commitments) and contained in Annex VIII (Schedules of Specific Commitments); and

(c) "specific commitment" means a specific commitment in a Schedule referred to in Article 3.18 (Schedules of Specific Commitments).

ARTICLE 3.3

Definitions

1. The following definitions of Article I of the GATS are hereby incorporated into and made part of this Chapter:

(a) "trade in services";

(b) "services"; and

(c) "a service supplied in the exercise of governmental authority".

2. For the purposes of this Chapter:

(a) "service supplier" means any person that supplies, or seeks to supply, a service;[2]

(b) "natural person of another Party" means a natural person who, under the legislation of that other Party, is:

(i) a national of that other Party who resides in the territory of any Member of the WTO; or

(ii) a permanent resident of that other Party who resides in the territory of a Party, if that other Party accords substantially the same treatment to its permanent residents as to its nationals in respect of measures affecting trade in services. For the purpose of the supply of a service through presence of natural persons (Mode 4), this definition covers a permanent resident of that other Party who resides in the territory of a Party or in the territory of any Member of the WTO;

(c) "juridical person of another Party" means a juridical person which is either:

(i) constituted or otherwise organised under the law of that other Party, and is engaged in substantive business operations in the territory of:

(aa) a Party; or

(bb) any Member of the WTO and is owned or controlled by natural persons of that other Party or by juridical persons that meet all the conditions of subparagraph (c)(i)(aa); or

(ii) in the case of the supply of a service through commercial presence, owned or controlled by:

(aa) natural persons of that other Party; or

---

[2] Where the service is not supplied or sought to be supplied directly by a juridical person but through other forms of commercial presence such as a branch or a representative office, the service supplier (i.e. the juridical person) shall, nonetheless, through such commercial presence be accorded the treatment provided for service suppliers under this Chapter. Such treatment shall be extended to the commercial presence through which the service is supplied or sought to be supplied and need not be extended to any other parts of the service supplier located outside the territory where the service is supplied or sought to be supplied.

(bb) juridical persons of that other Party identified under subparagraph (c)(i).

3. The following definitions of Article XXVIII of the GATS are hereby incorporated into and made part of this Chapter:

(a) "measure";

(b) "supply of a service";

(c) "measures by Members affecting trade in services";

(d) "commercial presence";

(e) "sector" of a service;

(f) "service of another Member";

(g) "monopoly supplier of a service";

(h) "service consumer";

(i) "person";

(j) "juridical person";

(k) "owned", "controlled" and "affiliated"; and

(l) "direct taxes".

ARTICLE 3.4

Most-Favoured-Nation Treatment

1. Without prejudice to measures taken in accordance with Article VII of the GATS, and except as provided for in its List of MFN Exemptions contained in Annex IX (Lists of MFN-Exemptions), each Party shall accord immediately and unconditionally, in respect of all measures affecting the supply of services, to services and service suppliers of another Party treatment no less favourable than the treatment it accords to like services and service suppliers of any non-Party.

2. Treatment granted under other existing or future agreements concluded by a Party and notified under Article V or Article V*bis* of the GATS shall not be subject to paragraph 1.

3. If a Party concludes or amends an agreement notified under Article V or Article V*bis* of the GATS, it shall, upon the request from another Party, afford adequate opportunity to that Party to negotiate the benefits granted therein.

4. Nothing in this Chapter shall be so construed as to prevent any Party from conferring or according advantages to adjacent countries in order to facilitate exchanges limited to contiguous zones of services that are both locally produced and consumed.

ARTICLE 3.5

Market Access

Article XVI of the GATS applies to this Chapter and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.6

National Treatment

Article XVII of the GATS applies to this Chapter and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.7

Additional Commitments

Article XVIII of the GATS applies to this Chapter and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.8

Domestic Regulation

1. Each Party shall ensure that all measures of general application affecting trade in services are administered in a reasonable, objective and impartial manner.

2. Each Party shall maintain or institute, as soon as practicable, judicial, arbitral or administrative tribunals or procedures which provide, at the request of an affected service supplier of another Party, for the prompt review of, and where justified, appropriate remedies for, administrative decisions affecting trade in services. Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.

3. Where authorisation is required by a Party for the supply of a service, the competent authorities of that Party shall, within a reasonable period of time after the submission of an application is considered complete under that Party's domestic laws and regulations, inform the applicant of the decision concerning the application. At the request of the applicant, the competent authorities of that Party shall provide, without undue delay, information concerning the status of the application.

4. Each Party shall ensure that measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures, in all services sectors, are based on objective and transparent criteria, such as competence and the ability to supply the service.

5. With a view to ensuring that measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures do not constitute unnecessary barriers to trade in services, the Joint Committee shall take a decision aiming at incorporating into the Agreement any disciplines developed in the WTO in accordance with paragraph 4 of Article VI of the GATS. The Parties may also, jointly or bilaterally, decide to develop further disciplines.

6. In sectors in which a Party has undertaken specific commitments, pending the entry into force of a decision incorporating WTO disciplines for these sectors pursuant to paragraph 5, and, if agreed between Parties, disciplines developed jointly or bilaterally under this Agreement pursuant to paragraph 5, the Party shall not apply qualification requirements and procedures, technical standards and licensing requirements and procedures that nullify or impair such specific commitments in a manner which is:

(a) more burdensome than necessary to ensure the quality of the service; or

(b) in the case of licensing procedures, in itself a restriction on the supply of the service.

7. In determining whether a Party is in conformity with the obligation under paragraph 6, account shall be taken of international standards of relevant international organisations[3] applied by that Party.

8. Each Party shall provide for adequate procedures to verify the competence of professionals of any other Party.

ARTICLE 3.9

Recognition

1. For the purposes of the fulfilment of its relevant standards or criteria for the authorisation, licensing or certification of service suppliers, each Party shall give due consideration to any requests by another Party to recognise the education or experience obtained, requirements met, or licences or certifications granted in that other Party. Such recognition may be based upon an agreement or arrangement with that other Party, or otherwise be accorded autonomously.

2. Where a Party recognises, by agreement or arrangement, the education or experience obtained, requirements met, or licences or certifications granted, in the territory of a non-party, that Party shall afford another Party adequate opportunity to negotiate its accession to such an agreement or arrangement, whether existing or future, or to negotiate a comparable agreement or arrangement with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for another Party to demonstrate that the education or experience obtained, requirements met, or licences or certifications granted, in the territory of that other Party should also be recognised.

---

[3] "relevant international organisations" means international bodies whose membership is open to the relevant bodies of at least all Parties.

3. Any such agreement or arrangement or autonomous recognition shall be in conformity with the relevant provisions of the WTO Agreement, in particular paragraph 3 of Article VII of the GATS.

ARTICLE 3.10

Movement of Natural Persons

1. This Article applies to measures affecting natural persons who are service suppliers of a Party, and natural persons of a Party who are employed by a service supplier of a Party, with respect to the supply of a service.

2. This Chapter shall not apply to measures affecting natural persons seeking access to the employment market of a Party, nor shall it apply to measures regarding nationality, residence or employment on a permanent basis.

3. Natural persons covered by a specific commitment shall be allowed to supply the service in accordance with the terms of that commitment.

4. This Chapter shall not prevent a Party from applying measures to regulate the entry of natural persons of another Party into, or their temporary stay in, its territory, including those measures necessary to protect the integrity of, and to ensure the orderly movement of natural persons across its borders, provided that such measures are not applied in such a manner as to nullify or impair the benefits accruing to any Party under the terms of a specific commitment.[4]

ARTICLE 3.11

Transparency

Paragraphs 1 and 2 of Article III and Article III*bis* of the GATS apply to this Chapter and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.12

Monopolies and Exclusive Service Suppliers

Paragraphs 1, 2 and 5 of Article VIII of the GATS apply to this Chapter and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

---

[4] The sole fact of requiring a visa for natural persons shall not be regarded as nullifying or impairing benefits under a specific commitment.

ARTICLE 3.13

Business Practices

Article IX of the GATS applies to this Chapter and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.14

Payments and Transfers

1. Except under the circumstances envisaged in Article 3.15 (Restrictions to Safeguard the Balance of Payments), no Party shall apply restrictions on international transfers and payments for current transactions with another Party.

2. Nothing in this Chapter shall affect the rights and obligations of the Parties under the Articles of Agreement of the International Monetary Fund (IMF), including the use of exchange actions which are in conformity with the Articles of Agreement of the IMF, provided that a Party shall not impose restrictions on capital transactions inconsistently with its specific commitments regarding such transactions, except under Article 3.15 (Restrictions to Safeguard the Balance of Payments) or at the request of the IMF.

ARTICLE 3.15

Restrictions to Safeguard the Balance of Payments

1. The Parties shall endeavour to avoid the imposition of restrictions to safeguard the balance of payments.

2. Paragraphs 1 to 3 of Article XII of the GATS apply to this Chapter and are hereby incorporated into and made part of this Agreement, *mutatis mutandis* .

3. A Party adopting or maintaining such restrictions shall promptly notify the Joint Committee thereof.

ARTICLE 3.16

Subsidies

1. A Party which considers that it is adversely affected by a subsidy of another Party may request *ad hoc* consultations with that Party on such matters. The requested Party shall enter into such consultations.

2. The Parties shall review any disciplines agreed under Article XV of the GATS with a view to incorporating them into this Agreement.

ARTICLE 3.17

Exceptions

Article XIV and paragraph 1 of Article XIV*bis* of the GATS apply to this Chapter and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 3.18

Schedules of Specific Commitments

1. Each Party shall set out in a Schedule the specific commitments it undertakes under Articles 3.5 (Market Access), 3.6 (National Treatment) and 3.7 (Additional Commitments). With respect to sectors where such commitments are undertaken, each Schedule shall specify:

(a) terms, limitations and conditions on market access;

(b) conditions and qualifications on national treatment;

(c) undertakings relating to additional commitments referred to in Article 3.7 (Additional Commitments); and

(d) where appropriate, the time-frame for implementation of such commitments and the date of entry into force of such commitments.

2. Measures inconsistent with both Articles 3.5 (Market Access) and 3.6 (National Treatment) shall be subject to paragraph 2 of Article XX of the GATS.

3. The Parties' Schedules of Specific Commitments are set out in Annex VIII (Schedules of Specific Commitments).

ARTICLE 3.19

Modification of Schedules

The Parties shall, upon written request by a Party, hold consultations to consider any modification or withdrawal of a specific commitment in the requesting Party's Schedule of Specific Commitments. The consultations shall be held within three months from the receipt of the request. In the consultations, the Parties shall aim to ensure that a general level of mutually advantageous commitments no less favourable to trade than that provided for in the Schedule of Specific Commitments prior to such consultations is maintained. Modifications of Schedules are subject to the procedures set out in Articles 10.1 (Joint Committee) and 12.2 (Amendments).

ARTICLE 3.20

Review

With the objective of further liberalising trade in services between them, the Parties shall periodically review their Schedules of Specific Commitments and their Lists of MFN Exemptions, taking into account in particular any autonomous liberalisation and on-going work under the auspices of the WTO. The first such review shall take place no later than three years from the entry into force of this Agreement.

ARTICLE 3.21

Annexes

The following Annexes form an integral part of this Chapter:

(a) Annex VIII (Schedules of Specific Commitments);

(b) Annex IX (List of MFN Exemptions);

(c) Annex X (Financial Services);

(d) Annex XI (Telecommunication Services); and

(e) Annex XII (Movement of Natural Persons); and

(f) Annex XIII (Maritime Transport and Related Services).

CHAPTER 4

ESTABLISHMENT

ARTICLE 4.1

Scope and Coverage

1. This Chapter applies to commercial presence in all sectors, with the exception of services sectors as set out in Article 3.1 (Scope and Coverage).[5]

2. This Chapter shall be without prejudice to the interpretation or application of other international agreements relating to investment or taxation to which one or several EFTA States and the Republic of Moldova are parties.

ARTICLE 4.2

Definitions

For the purposes of this Chapter:

(a) "juridical person" means any legal entity duly constituted or otherwise organised under the domestic laws and regulations of a Party, whether for profit or otherwise, and whether privately owned or governmentally-owned, including any corporation, trust, partnership, joint venture, sole proprietorship or association;

(b) "juridical person of a Party" means a juridical person constituted or otherwise organised under the domestic laws and regulations of a Party and engaged in substantive business operations in that Party;

(c) "natural person" means a person who has the nationality, or is a permanent resident, of a Party in accordance with its domestic laws and regulations;

(d) "commercial presence" means any type of business establishment, including through:

(i) the constitution, acquisition or maintenance of a juridical person; or

(ii) the creation or maintenance of a branch or a representative office, in the territory of another Party for the purpose of performing an economic activity.

---

[5] It is understood that services specifically exempted from the scope of Chapter 3 (Trade in Services) do not fall within the scope of this Chapter.

ARTICLE 4.3

National Treatment

Each Party shall, subject to Article 4.4 (Reservations) and the reservations set out in Annex XIV (List of Reservations), accord to juridical and natural persons of another Party, and to the commercial presence of such persons, treatment no less favourable than that it accords, in like situations, to its own juridical and natural persons, and to the commercial presence of such persons.

ARTICLE 4.4

Reservations

1. Article 4.3 (National Treatment) shall not apply to:

   (a) any reservation in Annex XIV (List of Reservations);

   (b) an amendment to a reservation referred to in subparagraph (a) to the extent that the amendment does not decrease the conformity of the reservation with Article 4.3 (National Treatment); and

   (c) any new reservation adopted by a Party, and incorporated into Annex XIV (List of Reservations) which does not affect the overall level of commitments of that Party under this Agreement; to the extent that such reservations are inconsistent with Article 4.3 (National Treatment).

2. As part of the review provided for in Article 4.12 (Review), the Parties undertake to review the reservations set out in Annex XIV (List of Reservations) at least every three years with a view to reducing or removing such reservations.

3. A Party may, at any time, either upon request of another Party or unilaterally, remove in whole or in part its reservations set out in Annex XIV (List of Reservations) by written notification to the other Parties.

4. A Party may, at any time, incorporate a new reservation into Annex XIV (List of Reservations) in accordance with subparagraph 1(c), by written notification to the other Parties. On receiving such written notification, another Party may request consultations regarding the reservation. On receiving the request for consultations, the Party incorporating the new reservation shall enter into consultations with the requesting Party.

ARTICLE 4.5

Key Personnel

1. Each Party shall, subject to its domestic laws and regulations, grant natural persons of another Party, and key personnel who are employed by natural or juridical persons of another Party, entry and temporary stay in its territory in order to engage in activities connected with commercial presence, including the provision of advice or key technical services.

2. Each Party shall, subject to its domestic laws and regulations, permit natural or juridical persons of another Party, and their commercial presence, to employ, in connection with commercial presence, any key personnel of the natural or juridical person's choice regardless of nationality and citizenship provided that such key personnel has been permitted to enter, stay and work in its territory and that the employment concerned conforms to the terms, conditions and time limits of the permission granted to such key personnel.

3. Each Party shall, subject to its domestic laws and regulations, grant entry and temporary stay and provide any necessary confirming documentation to the spouse and minor children of a natural person who has been granted entry, temporary stay and authorisation to work in accordance with paragraphs 1 and 2. The spouse and minor children shall be admitted for the period of the stay of that person.

ARTICLE 4.6

Right to Regulate

1. Subject to this Chapter, a Party may, on a non-discriminatory basis, adopt, maintain or enforce any measure that is in the public interest, such as measures to meet health, safety or environmental concerns or reasonable measures for prudential purposes.

2. No Party shall waive or otherwise derogate from, or offer to waive or otherwise derogate from, measures to meet health, safety or environmental concerns as an encouragement for the establishment, acquisition, expansion or retention in its territory of a commercial presence of persons of another Party or a non-Party.

ARTICLE 4.7

Transparency

1. Laws, regulations, judicial decisions and administrative rulings of general application made effective by a Party, and agreements in force between the Parties, which affect matters covered by this Chapter shall be published promptly, or otherwise made publicly available, in such a manner as to enable the Parties and their juridical and natural persons to become acquainted with them.

2. Nothing in this Article shall require any Party to disclose confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or would prejudice the legitimate commercial interests of any juridical or natural person.

ARTICLE 4.8

Payments and Transfers

1. Except under the circumstances envisaged in Article 4.9 (Restrictions to Safeguard the Balance of Payments), no Party shall apply restrictions on current payments and capital movements relating to commercial presence activities in non-services sectors.

2. Nothing in this Chapter shall affect the rights and obligations of the Parties under the Articles of Agreement of the IMF, including the use of exchange actions which are in conformity with the Articles of Agreement of the IMF, provided that no Party shall impose restrictions on capital transactions inconsistent with its obligations under this Chapter.

ARTICLE 4.9

Restrictions to Safeguard the Balance of Payments

1. The Parties shall endeavour to avoid the imposition of restrictions to safeguard the balance of payments.

2. For the purposes of this Chapter, paragraphs 1 to 3 of Article XII of the GATS apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

3. A Party adopting or maintaining such restrictions shall promptly notify the Joint Committee.

ARTICLE 4.10

General Exceptions

For the purposes of this Chapter, Article XIV of the GATS applies and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 4.11

Security Exceptions

For the purposes of this Chapter, paragraph 1 of Article XIV*bis* of the GATS applies and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 4.12

Review

This Chapter shall be subject to periodic review by the Joint Committee regarding the possibility to further develop the Parties' commitments.

CHAPTER 5

ELECTRONIC COMMERCE

ARTICLE 5.1

Definitions

1. For the purposes of this Chapter, Article 3.3 (Definitions) applies.

2. For the purposes of this Chapter:

   (a) "electronic signature" means data in electronic which is attached to or logically associated with other data in electronic form and used for authentication of the signatory;

   (b) "electronic transmissions" means transmissions of electronic data through the Internet;

   (c) "electronic trust service" means an electronic service consisting of:

      (i) the creation, verification and validation of electronic signatures, electronic seals, electronic time stamps, electronic registered delivery services and certificates related to those services;

      (ii) the creation, verification and validation of certificates for website authentication; or

      (iii) the preservation of electronic signatures, electronic seals or certificates related to those services;

   (d) "end-user" means a user not providing public communications networks or publicly available electronic communications services;

   (e) "market surveillance" means activities carried out and measures taken by public authorities to ensure that goods and services comply with domestic laws and regulations and do not endanger health, safety or any other aspect of public interest protection;

   (f) "market surveillance authority" means an authority responsible for carrying out market surveillance;

   (g) "personal data" means any information relating to an identified or identifiable natural person;

   (h) "processing" of personal data means any operation or set of operations which is performed on personal data or on sets of personal data, whether or not by automated means, such as collection, recording, organisation, structuring, storage, adaptation or alteration, retrieval, consultation, use,

disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction;

(i) "trade administration documents" means documents, forms or other information, including in electronic formats, as required by a Party's domestic legislation on commercial trade transactions;

(j) "unsolicited commercial electronic messages" means electronic messages for commercial purposes without the consent of the recipient or against the explicit rejection of the recipient.

ARTICLE 5.2

Scope

1. This Chapter applies to measures of the Parties affecting trade enabled by electronic means.

2. In the event of any inconsistency between this Chapter and Annex X (Financial Services), Annex X (Financial Services) shall prevail to the extent of the inconsistency.

3. This Chapter shall not apply to audio-visual services.

ARTICLE 5.3

General Provisions

The Parties recognise:

(a) the economic growth and opportunities that electronic commerce in goods and services provides, in particular for businesses and consumers as well as the potential for enhancing international trade;

(b) the importance of avoiding barriers to the use and development of electronic commerce in goods and services; and

(c) the need to create an environment of trust and confidence in as well as security for electronic commerce, in particular:

(i) protection of privacy of natural persons in relation to the processing of personal data;

(ii) protection of confidentiality of individual records and accounts, and commercial secrets;

(iii) measures to prevent and fight deceptive and fraudulent practices or to deal with the effects of a default on contracts; and

(iv) measures against unsolicited commercial electronic messages.

ARTICLE 5.4

Right to Regulate

The Parties reaffirm the right to regulate in the area of electronic commerce in conformity with this Chapter to achieve legitimate policy objectives.

ARTICLE 5.5

Customs Duties[6]

1. No Party shall impose customs duties on electronic transmissions.

2. For greater certainty, paragraph 1 shall not preclude a Party from imposing internal taxes, fees, or other charges on electronic transmissions, provided that they are imposed in a manner consistent with this Agreement.

ARTICLE 5.6

Electronic Authentication, Trust Services and Contracts by Electronic Means

1. No Party shall deny the legal effect and admissibility as evidence in legal proceedings of an electronic document, electronic signature, electronic seal, electronic time stamp or of data sent and received using an electronic registered delivery service, solely on the ground that it is in electronic form.

2. No Party shall adopt or maintain measures that would:

(a) prohibit parties to an electronic transaction from mutually determining the appropriate electronic authentication methods for their transaction; or

(b) prevent parties to an electronic transaction from being able to prove to judicial or administrative authorities that the use of electronic authentication or an electronic trust service in that transaction complies with the applicable legal requirements.

3. Notwithstanding paragraph 2, each Party may require that for a particular category of transactions, the method of electronic authentication or trust service is either certified by an authority accredited in accordance with its domestic laws and regulations or that the method meets certain performance standards which shall be objective, transparent and non-discriminatory and shall only relate to the specific characteristics of the category of transactions concerned.

4. Except to the extent provided under a Party's domestic laws and regulations in relation to certain types of contracts, a Party shall not deny that contracts may be concluded by electronic means.

---

6 It is understood that "customs duties" means import and export duties.

5. Each Party shall ensure that its domestic laws and regulations do not deprive electronic contracts of legal effect and validity solely on the ground that contracts have been made by electronic means.

ARTICLE 5.7

Paperless Trade Administration

1. Each Party shall make all trade administration documents publicly available in electronic form.

2. Each Party shall accept electronic versions of trade administration documents as legal equivalents of paper documents except if:

(a) there is a domestic or international legal requirement to the contrary; or

(b) doing so would reduce the effectiveness of the trade administration process.

ARTICLE 5.8

Open Internet Access

Subject to applicable domestic laws and regulations, each Party shall adopt or maintain appropriate measures to ensure that end-users in its territory are able to:

(a) access, distribute and use services and applications of their choice available through the Internet, subject to reasonable and non-discriminatory network management;

(b) connect devices of their choice to the Internet, provided that such devices comply with the requirements in the territory where they are used and do not harm the network; and

(c) have access to information on the network management practices of their Internet access service supplier.

ARTICLE 5.9

Online Consumer Trust

1. Each Party shall adopt or maintain measures to ensure the effective protection of consumers engaging in electronic commerce transactions, including but not limited to measures that:

(a) proscribe fraudulent and deceptive commercial practices;

(b) require suppliers of goods and services to act in good faith and abide by fair commercial practices, including through the prohibition of charging consumers for unsolicited goods and services;

(c) require suppliers of goods and services to provide consumers with clear and thorough information regarding their identity and contact details,[7] as well as information regarding the goods and services, the transaction and the applicable consumer rights; and

(d) grant consumers access to redress to claim their rights, including a right to remedies in cases where goods or services are paid and not delivered or provided as agreed.

2. The Parties recognise the importance of entrusting their consumer protection agencies or other relevant bodies with adequate enforcement powers and the importance of cooperation between their agencies in the enforcement of their respective domestic laws and regulations related to consumer protection and online consumer trust.

3. The Parties recognise the importance of promoting effective policy frameworks relating to consumer product safety.

ARTICLE 5.10

Unsolicited Commercial Electronic Messages

1. In order to protect users effectively against unsolicited commercial electronic messages, each Party shall adopt or maintain measures that:

(a) require suppliers of unsolicited commercial electronic messages to facilitate the ability of recipients to stop the sending of such messages; and

(b) require the consent, as specified according to the domestic laws and regulations of each Party, of recipients to receive commercial electronic messages.

2. Each Party shall provide access to recourse against suppliers of unsolicited commercial electronic messages who do not comply with its measures implemented pursuant to paragraph 1.

ARTICLE 5.11

Cross-border Data Flows

1. The Parties commit to ensuring cross-border data flows to facilitate digital trade. To that end, cross-border data flows shall not be restricted between the Parties by:[8]

(a) requiring the use of computing facilities or network elements in the Party's territory for processing, including by imposing the use of computing

---

[7] In the case of intermediary service suppliers, this also includes the identity and contact details of the actual supplier of the goods and services.

[8] With respect to financial services, this provision applies as long as the financial supervisory authorities have access to the necessary data for fulfilling their supervisory tasks.

facilities or network elements that are certified or approved in the territory of the Party;

(b) requiring the localisation of data in the Party's territory for storage or processing.

(c) prohibiting storage or processing in the territory of the other Party; or

(d) making the cross-border transfer of data contingent upon use of computing facilities or network elements in the Party's territory or upon localisation requirements in the Party's territory.

2. Between Norway and the Republic of Moldova, nothing in this Article shall be construed to prevent Norway or the Republic of Moldova from taking any action which it considers necessary for the protection of its essential security interests.

3. The Parties shall review the implementation of this Article and assess its functioning in the Joint Committee. The first such review shall take place no later than three years from the entry into force of this Agreement.

ARTICLE 5.12

Electronic Payments and Invoicing

1. The Parties recognise the pivotal role of electronic payments in enabling electronic commerce and the rapid growth of electronic payments. The Parties agree to support the development of efficient, safe and secure cross-border electronic payments by fostering the adoption and use of internationally accepted standards, promoting interoperability and the interlinking of payment infrastructures, and encouraging useful innovation and competition in the payments ecosystem.

2. The Parties recognise the importance of e-invoicing which increases the efficiency, accuracy and reliability of commercial transactions and agree to promote the adoption of interoperable systems for e-invoicing.

3. The Parties shall support and facilitate the adoption of e-invoicing by undertakings. To this end, the Parties shall endeavour to:

(a) promote the existence of underlying infrastructure to support e-invoicing; and

(b) generate awareness of and build capacity for e-invoicing.

ARTICLE 5.13

Protection of Personal Data and Privacy

1. The Parties recognise that the protection of personal data and privacy is a fundamental right and that high standards in this regard contribute to the development of digital trade and trust therein.

2. Each Party shall adopt or maintain safeguards it deems appropriate to ensure a high level of protection of personal data and privacy, including through the adoption and application of rules for the cross-border transfer of personal data. Nothing in this Agreement shall affect the protection of personal data and privacy afforded by the Parties' respective safeguards.

3. The Parties shall inform each other about any safeguards they adopt or maintain according to paragraph 2.

ARTICLE 5.14

Transfer of or Access to Source Code

1. No Party shall require the transfer of, or access to, the source code of software or parts thereof owned by a natural or juridical person of another Party.

2. This Article shall not apply to:

(a) requirements by a court or administrative tribunal;

(b) intellectual property rights and their protection and enforcement;

(c) competition law and its enforcement;

(d) the right of a Party to take measures in accordance with Chapter 7 (Government Procurement);

(e) requirements by market surveillance authorities in order to verify the conformity of goods and services with legal requirements; or

(f) voluntary transfer or granting of access to source code on a commercial basis by a natural or juridical person of a Party.

ARTICLE 5.15

Cooperation on Electronic Commerce

1. The Parties may engage in a dialogue on regulatory issues raised in relation to electronic commerce, which could, *inter alia*, address the following issues:

(a) the liability of intermediary service providers with respect to the transmission and storage of information;

(b) the treatment of unsolicited commercial electronic messages;

(c) interoperability of infrastructures, such as secure electronic authentication and payments;

(d) consumer protection; and

(e) other issues relevant for the development of electronic commerce.

2. Such a dialogue may include exchange of information on the Parties' respective domestic laws and regulations on these issues as well as on the implementation of such domestic laws and regulations.

ARTICLE 5.16

General Exceptions

For the purposes of this Chapter, Article XX of the GATT 1994 and Article XIV of the GATS apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

ARTICLE 5.17

Security Exceptions

For the purposes of this Chapter, Article XXI of the GATT 1994 and Article XIV*bis* of the GATS apply and are hereby incorporated into and made part of this Agreement, *mutatis mutandis.*

CHAPTER 6

PROTECTION OF INTELLECTUAL PROPERTY

ARTICLE 6.1

Protection of Intellectual Property

1. The Parties shall grant and ensure adequate, effective and non-discriminatory protection of intellectual property rights, and provide for measures for the enforcement of such rights against infringement thereof, including counterfeiting and piracy, in accordance with this Chapter and Annex XV (Protection of Intellectual Property), and the international agreements referred to therein.

2. The Parties shall accord to each other's nationals treatment no less favourable than that they accord to their own nationals. Exemptions from this obligation must be in accordance with the substantive provisions of Articles 3 and 5 of the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS Agreement).

3. The Parties shall grant to each other's nationals treatment no less favourable than that accorded to nationals of a non-party. If a Party concludes a trade agreement containing provisions on the protection of intellectual property rights with a non-Party, notified under Article XXIV of the GATT 1994, it shall notify the other Parties without delay and accord to them treatment no less favourable than that provided under such agreement. The Party concluding such an agreement shall, on request by another Party, negotiate the incorporation of provisions of the agreement granting a treatment no less favourable than that provided under that agreement into this Agreement. Exemptions from this obligation must be in accordance with the substantive provisions of the TRIPS Agreement, in particular Articles 4 and 5.

4. On request of a Party, the Joint Committee shall review this Chapter and Annex XV (Protection of Intellectual Property), with a view to further improving the levels of protection and to avoiding or remedying trade distortions caused by actual levels of protection of intellectual property rights.

CHAPTER 7

GOVERNMENT PROCUREMENT

ARTICLE 7.1

Scope and Coverage

1. The WTO Revised Agreement on Government Procurement 2012 (GPA 2012) applies and is hereby incorporated into and made part of this Agreement, *mutatis mutandis*.

2. For the purposes of this Chapter, "covered procurement" means procurement in accordance with Article II of the GPA and, in addition, works concessions as defined in Annex XVI (Government Procurement).

3. The Parties shall cooperate in the Joint Committee with the aim of increasing the understanding of their respective public procurement systems and achieving further liberalisation and mutual opening up of public procurement markets.

ARTICLE 7.2

Exchange of Information

To facilitate communication between the Parties on government procurement, Appendix 2 to Annex XVI (Government Procurement) lists contact points which shall, upon request, provide information on the Parties' domestic laws, regulations and practices in the field of government procurement.

ARTICLE 7.3

Sustainable Public Procurement

1. The Parties recognise the importance of promoting sustainable public procurement in its economic, environmental and social dimensions to contribute to the proper functioning of competition and sustainable economic growth.

2. Each Party shall allow procuring entities to take into account environmental, labour and social considerations throughout the procurement procedure, provided they are non-discriminatory and are not applied in a discriminatory manner.

3. Each Party shall take appropriate measures to ensure compliance with its obligations under environmental, social and labour laws and regulations, including those established under Chapter 9 (Trade and Sustainable Development).

ARTICLE 7.4

Facilitation of Participation of Small and Medium-sized Enterprises

1. The Parties recognise the important contribution of Small and Medium-sized Enterprises (SMEs) to economic growth and employment and the importance of facilitating their participation in government procurement.

2. If available, a Party shall, upon request of another Party, provide information regarding its measures aimed at promoting, encouraging and facilitating the participation of SMEs in government procurement.

3. With a view to facilitating participation by SMEs in government procurement, each Party shall, to the extent possible, and if appropriate:

(a) share information and best practices related to the participation of SMEs in government procurement;

(b) to make all tender documentation available free of charge; and

(c) undertake activities aimed at facilitating the participation of SMEs in government procurement.

ARTICLE 7.5

Further Negotiations

If a Party grants after the entry into force of this Agreement, additional benefits with regard to access to its public procurement markets to a non-Party, it shall, upon request of another Party, enter into negotiations with a view to extending these benefits to that Party on a reciprocal basis.

CHAPTER 8

COMPETITION

ARTICLE 8.1

Rules of Competition

1. The following practices of enterprises are incompatible with the proper functioning of this Agreement in so far as they may affect trade between the Parties:

(a) agreements between enterprises, decisions by associations of enterprises and concerted practices between enterprises which have as their object or effect the prevention, restriction or distortion of competition; and

(b) abuse by one or more enterprises of a dominant position in the territory of a Party as a whole or in a substantial part thereof.

2. Paragraph 1 shall also apply to the activities of public enterprises, and enterprises to which the Parties grant special or exclusive rights, in so far as the application of these provisions does not obstruct the performance, in law or in fact, of the particular public tasks assigned to them.

3. This Chapter shall be without prejudice to the autonomy of each Party to develop, maintain and enforce its competition laws and regulations.

4. This Article shall not be construed to create any direct obligations for enterprises.

ARTICLE 8.2

Cooperation

1. The Parties shall cooperate and consult in their dealings with anti-competitive practices referred to in paragraph 1 of Article 8.1 (Rules of Competition), with the aim of putting an end to such practices or their adverse effects on trade.

2. Cooperation may include the exchange of pertinent information that is available to the Parties. No Party shall be required to disclose information that is confidential according to its domestic laws and regulations.

ARTICLE 8.3

Consultations

1. If a Party considers that a given practice continues to affect trade in the sense of paragraph 1 of Article 8.1 (Rules of Competition), after cooperation or consultations in accordance with Article 8.2 (Cooperation), it may request consultations in the Joint Committee.

2. The Parties concerned shall provide the Joint Committee with all the support and available information in order to examine the case and, where appropriate, eliminate the practice objected to.

3. The Joint Committee shall, within 60 days from the receipt of the request, examine the information provided in order to facilitate a mutually acceptable solution of the matter.

ARTICLE 8.4

Dispute Settlement

No Party may have recourse to Chapter 11 (Dispute Settlement) for any matter arising under this Chapter.

CHAPTER 9

TRADE AND SUSTAINABLE DEVELOPMENT

ARTICLE 9.1

Context and Objectives

1. The Parties recall the Stockholm Declaration on the Human Environment of 1972, the Rio Declaration on Environment and Development of 1992, Agenda 21 on Environment and Development of 1992, the Johannesburg Plan of Implementation on Sustainable Development of 2002, the ILO Declaration on Fundamental Principles and Rights at Work (1998), as amended in 2022, the Ministerial Declaration of the UN Economic and Social Council on Full Employment and Decent Work of 2006, the ILO Declaration on Social Justice for a Fair Globalization (2008), as amended in 2022, the ILO Centenary Declaration for the Future of Work of 2019, the Rio+20 Outcome Document "The Future We Want" of 2012 and the UN 2030 Agenda for Sustainable Development of 2015.

2. The Parties shall promote sustainable development which encompasses economic development, social development and environmental protection, all three being interdependent and mutually reinforcing. They underline the benefit of cooperation on trade and investment related labour and environmental issues as part of a global approach to trade and sustainable development.

3. The Parties commit to promote the development of international trade and investment as well as their preferential economic relationship in a manner that is beneficial to all and that contributes to sustainable development.

ARTICLE 9.2

Right to Regulate and Levels of Protection

1. Recognising the right of each Party, subject to the provisions of this Agreement, to establish its own levels of environmental and labour protection, and to adopt or modify accordingly its relevant laws, policies and practices, each Party shall seek to ensure that its laws, policies and practices provide for and encourage high levels of environmental and labour protection, consistent with standards, principles and agreements referred to in this Chapter. Each Party shall strive to further improve the level of protection provided for in those laws, policies and practices.

2. When preparing and implementing measures related to the environment or labour conditions that affect trade or investment between them, the Parties shall take account of available scientific, technical and other information, and relevant international standards, guidelines and recommendations.

ARTICLE 9.3

Upholding Levels of Protection in the Application and Enforcement of Laws, Regulations or Standards

1. No Party shall fail to effectively enforce its environmental and labour laws, regulations or standards in a manner affecting trade or investment between the Parties.

2. No Party shall weaken or reduce the level of environmental or labour protection provided by its laws, regulations or standards with the sole intention to seek a competitive trade advantage of producers or service providers operating in that Party or to otherwise encourage trade or investment.

3. No Party shall waive or otherwise derogate from, or offer to waive or otherwise derogate from, such laws, regulations or standards in order to encourage investment from another Party or to seek a competitive trade advantage of producers or service providers operating in that Party.

ARTICLE 9.4

International Labour Standards and Agreements

1. The Parties commit to promote the development of international trade and investment in a way that is conducive to full and productive employment and decent work for all.

2. The Parties recall the obligations deriving from membership of the ILO to respect, promote and realise the principles concerning the fundamental rights as reflected in the ILO Declaration on Fundamental Principles and Rights at Work (1998), as amended in 2022, namely:

(a) freedom of association and the effective recognition of the right to collective bargaining;

(b) the elimination of all forms of forced or compulsory labour;

(c) the effective abolition of child labour;

(d) the elimination of discrimination in respect of employment and occupation, and;

(e) a safe and healthy working environment.

3. The Parties recall the obligations deriving from membership of the ILO to effectively implement the ILO Conventions which they have ratified and to make continued and sustained efforts towards ratifying the fundamental ILO Conventions and related protocols, the governance Conventions as well as the other Conventions that are classified as “up-to-date” by the ILO.

4. The Parties recognise the importance of the strategic objectives of the ILO Decent Work Agenda, as reflected in the Declaration on Social Justice for a Fair Globalization (2008), as amended in 2022 (ILO Declaration on Social Justice for a Fair Globalization).

5. The Parties commit to:

(a) respect, promote and realise the fundamental principles and rights at work;

(b) develop and enhance measures for social protection and decent working conditions for all, including with regard to social security, occupational safety and health, wages and earnings, working time and other conditions of work;

(c) promote social dialogue and tripartism; and

(d) build and maintain a well-functioning labour inspection system.

6. Each Party shall ensure that administrative and judicial proceedings are accessible and available in order to permit effective action to be taken against infringements of labour rights referred to in this Chapter.

7. The Parties reaffirm, as set out in the ILO Declaration on Social Justice for a Fair Globalization, that the violation of fundamental principles and rights at work shall not be invoked or otherwise used as a legitimate comparative advantage and that labour standards shall not be used for protectionist trade purposes.

ARTICLE 9.5

Inclusive Economic Development and Equal Opportunities for All

1. The Parties acknowledge the importance of incorporating a gender perspective in the promotion of inclusive economic development and that gender-responsive policies are key elements to enhance the participation of all in the economy and international trade in order to achieve sustainable economic growth.

2. The Parties reaffirm their commitment to implement in their laws, policies and practices the international agreements pertaining to gender equality or non-discrimination to which they are a party.

ARTICLE 9.6

Multilateral Environmental Agreements and International Environmental Governance

1. The Parties recognise the importance of multilateral environmental agreements and international environmental governance as a response of the international community to global or regional environmental challenges and stress the need to enhance the mutual supportiveness between trade and environment policies.

2. The Parties reaffirm their commitment to the effective implementation in their laws, policies and practices of the multilateral environmental agreements to which they are a party, as well as their adherence to environmental principles reflected in the international instruments referred to in Article 9.1 (Context and Objectives).

ARTICLE 9.7

Sustainable Forest Management and Associated Trade

1. The Parties recognise the importance of ensuring conservation and sustainable management of forests and related ecosystems with the objective to reduce greenhouse gas emissions and biodiversity loss resulting from deforestation and forest degradation, including from land use and land-use change for agricultural and mining activities.

2. Pursuant to paragraph 1, the Parties commit to:

(a) ensure effective forest law enforcement and governance;

(b) promote trade in products that derive from sustainably managed forests and related ecosystems;

(c) implement measures to combat illegal logging and promote the development and use of timber legality assurance instruments to ensure that only legally sourced timber is traded between the Parties;

(d) promote the effective use of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) with particular regard to timber species; and

(e) cooperate on issues pertaining to conservation and sustainable management of forests, mangroves and peatlands where relevant through existing bilateral arrangements if applicable and in the relevant multilateral fora in which they participate, in particular through the United Nations collaborative initiative on Reducing Emissions from Deforestation and Forest Degradation (REDD+) as encouraged by the Paris Agreement.

ARTICLE 9.8

Trade and Climate Change

1. The Parties recognise the importance of pursuing the objectives of the United Nations Framework Convention on Climate Change (UNFCCC) and the Paris Agreement in order to address the urgent threat of climate change and the role of trade and investment in pursuing these objectives.

2. Pursuant to paragraph 1, the Parties commit to:

(a) effectively implement the UNFCCC and the Paris Agreement;

(b) promote the contribution of trade and investment to the transition to a low-carbon-economy and to climate-resilient development; and

(c) cooperate bilaterally, regionally and in international fora as appropriate on trade-related climate change issues.

ARTICLE 9.9

Trade and Biological Diversity

1. The Parties recognise the importance of the conservation and sustainable use of biological diversity, and the role of trade in pursuing these objectives.

2. Pursuant to paragraph 1, the Parties commit to:

(a) promote the inclusion of animal and plant species in the appendices to CITES where a species is threatened or may be threatened with extinction;

(b) implement effective measures to combat transnational organised wildlife crime throughout the entire value chain, including with respect to non-parties;

(c) enhance efforts to prevent or control the introduction and spread of invasive alien species, in connection with trade activities; and

(d) cooperate, where applicable, on issues concerning trade and the conservation and sustainable use of biological diversity, including initiatives to reduce demand for illegal wildlife products.

ARTICLE 9.10

Trade and Sustainable Management of Fisheries and Aquaculture

1. The Parties recognise the importance of ensuring the conservation and sustainable management of living marine resources and marine ecosystems and the role of trade in pursuing these objectives.

2. Pursuant to paragraph 1, the Parties commit to:

(a) implement comprehensive, effective and transparent policies and measures to combat illegal, unreported and unregulated (IUU) fishing and aim to prevent IUU products from trade flows;

(b) promote the use of relevant international guidelines and agreements, including FAO's Voluntary Guidelines for Catch Documentation Schemes;

(c) cooperate bilaterally and in relevant international fora in the fight against IUU fishing by, *inter alia*, facilitating the exchange of information on IUU fishing activities;

(d) the fulfilment of the objectives set out in the 2030 Agenda for Sustainable Development regarding fisheries subsidies, including by prohibiting certain forms of fisheries subsidies which contribute to overfishing and overcapacity and eliminate subsidies that contribute to IUU fishing; and

(e) promote the development of sustainable and responsible aquaculture.

ARTICLE 9.11

Trade and Sustainable Agriculture and Food Systems

1. The Parties recognise the importance of sustainable agriculture and food systems and the role of trade in achieving this objective. The Parties reiterate their shared commitment to achieve the 2030 Agenda for Sustainable Development and its Sustainable Development Goals.

2. Pursuant to paragraph 1, the Parties commit to:

(a) promote sustainable agriculture and associated trade;

(b) promote sustainable food systems; and

(c) cooperate, as appropriate, on issues concerning trade and sustainable agriculture and food systems, including through exchanging information, experience and good practices, conducting a dialogue on their respective priorities, and reporting on progress made in achieving sustainable agriculture and food systems.

ARTICLE 9.12

Promotion of Trade and Investment Favouring Sustainable Development

1. The Parties recognise the important role of trade and investment in promoting sustainable development in all its dimensions.

2. Pursuant to paragraph 1, the Parties undertake to:

(a) promote and facilitate foreign investment, trade in and dissemination of goods and services that contribute to sustainable development, including those subject to ecological, fair or ethical trade schemes;

(b) promote the development and use of sustainability certification schemes that enhance transparency and traceability throughout the supply chain;

(c) address non-tariff barriers to trade in goods and services that contribute to sustainable development;

(d) promote the contribution of trade and investment towards a resource efficient and circular economy;

(e) promote sustainable procurement practices; and

(f) encourage cooperation between enterprises in relation to goods, services and technologies that contribute to sustainable development.

ARTICLE 9.13

Responsible Business Conduct

The Parties commit to promote responsible business conduct, including by encouraging relevant practices such as responsible management of supply chains by businesses. In this regard, the Parties acknowledge the importance of internationally recognised principles and guidelines, such as the OECD Guidelines for Multinational Enterprises, the ILO Tripartite Declaration of Principles concerning Multinational Enterprises and Social Policy, the UN Global Compact and the UN Guiding Principles on Business and Human Rights.

ARTICLE 9.14

Cooperation

1. The Parties shall strive to strengthen their cooperation on trade and investment related labour and environmental issues of mutual interest referred to in this Chapter bilaterally as well as in the international fora in which they participate.

2. Each Party may, as appropriate, invite the participation of social partners or other relevant stakeholders in identifying possible areas of cooperation.

ARTICLE 9.15

Implementation and Consultations

1. The Parties shall designate the contact points for the purposes of this Chapter.

2. A Party may, through the contact points referred to in paragraph 1, request consultations with another Party regarding any matter arising under this Chapter. The consultations shall take place in the Joint Committee. The Parties concerned shall make every attempt to reach a mutually satisfactory resolution of the matter and may seek advice from relevant organisations, bodies or experts.

3. The Parties may have recourse to Articles 11.2 (Good Offices, Conciliation or Mediation) and 11.3 (Consultations) of Chapter 11 (Dispute Settlement).

4. The Parties shall not have recourse to arbitration under Chapter 11 (Dispute Settlement) for matters arising under this Chapter.

5. The Parties shall provide their stakeholders with the opportunity to share comments and make recommendations regarding the implementation of this Chapter.

ARTICLE 9.16

Panel of Experts

1. If the Parties concerned fail to reach a mutually satisfactory resolution of a matter arising under this Chapter through consultations under Article 11.3 (Consultations), a Party concerned may request the establishment of a panel of experts. Articles 11.4 (Establishment of Arbitration Panel) and 11.5 (Procedures of the Arbitration Panel) shall apply *mutatis mutandis*, except as otherwise provided for in this Article.

2. The panellists shall have relevant expertise, including in international trade law and international labour law or environmental law. They shall be independent, serve in their individual capacities and shall not take instructions from any organisation or government with regard to issues related to the disagreement, or be affiliated with the government of a Party.

3. The panel of experts should seek information or advice from relevant international organisations or bodies. Any information obtained shall be submitted to the Parties concerned for their comments.

4. The panel of experts shall submit an initial report containing its findings and recommendations to the Parties concerned within 90 days from the date of establishment of the panel of experts. A Party concerned may submit written comments to the panel of experts on its initial report within 14 days from the date of receipt of the report. After considering any such written comments, the panel of experts may modify the initial report and make any further examination it considers appropriate. The panel of experts shall present to the Parties concerned a final report within 30 days from the date of receipt of the initial report. The final report shall be made public.

5. The Parties concerned shall discuss appropriate measures to implement the final report of the panel of experts. Such measures shall be communicated to the other Parties within three months from the date of issuance of the final report and shall be monitored by the Joint Committee.

6. Any time period for the purposes of this Article may be modified by mutual agreement of the Parties concerned.

7. When a panel of experts considers that it cannot comply with a timeframe imposed on it for the purposes of this Article, it shall inform the Parties concerned in writing and provide an estimate of the additional time required. Any additional time should not exceed 30 days.

8. The costs of the panel of experts shall be borne by the Parties concerned in equal shares. Each Party concerned shall bear its own legal and other costs incurred in relation to the panel of experts. The panel of experts may decide that the costs be distributed differently taking into account the particular circumstances of the case.

9. Where a procedural question arises, the panel of experts may, after consultation with the Parties concerned, adopt an appropriate procedure.

ARTICLE 9.17

Review

This Chapter shall be subject to periodic review within the framework of the Joint Committee, taking into account the Parties' respective participatory processes and institutions. The Parties shall discuss progress achieved in pursuing the objectives set out in this Chapter and consider relevant international developments in order to identify areas where further action could promote these objectives.

CHAPTER 10

INSTITUTIONAL PROVISIONS

ARTICLE 10.1

Joint Committee

1. The Parties hereby establish the EFTA-Republic of Moldova Joint Committee (Joint Committee) comprising representatives of each Party.

2. The Joint Committee shall:

(a) supervise and review the implementation of this Agreement;

(b) keep under review the possibility of further removal of barriers to trade and other restrictive measures concerning trade between the Parties;

(c) oversee any further elaboration of this Agreement;

(d) supervise the work of all sub-committees and working groups established under this Agreement;

(e) endeavour to resolve disputes that may arise regarding the interpretation or application of this Agreement; and

(f) consider any other matter that may affect the operation of this Agreement.

3. The Joint Committee may decide to set up sub-committees and working groups to assist it in accomplishing its tasks. Except where otherwise provided for in this Agreement, the sub-committees and working groups shall work under a mandate established by the Joint Committee.

4. The Joint Committee may take decisions as provided for in this Agreement. On other matters the Joint Committee may make recommendations.

5. The Joint Committee may:

(a) consider and recommend to the Parties amendments to this Agreement; and

(b) decide to amend any Annexes or Appendices to this Agreement.

6. The Joint Committee shall take decisions and make recommendations by consensus. The Joint Committee may adopt decisions and make recommendations regarding issues related to only one or several EFTA States on the one side and the Republic of Moldova on the other side. Consensus shall only involve, and the decision or recommendation shall only apply to, those Parties.

7. If a representative of a Party in the Joint Committee has accepted a decision subject to the fulfilment of domestic legal requirements, the decision shall enter into force on the date that the last Party notifies the Depositary that its internal requirements have been fulfilled, unless otherwise agreed. The Joint Committee may decide that the decision enters into force for those Parties that have notified the Depositary that their internal requirements have been fulfilled, provided that the Republic of Moldova is one of those Parties.

8. The Joint Committee shall meet within one year of the entry into force of this Agreement. Thereafter, it shall meet whenever necessary but normally every two years. Its meetings shall be chaired jointly by one of the EFTA States and the Republic of Moldova.

9. Each Party may request at any time, through a notice in writing to the other Parties, that a special meeting of the Joint Committee be held. Such a meeting shall take place within 30 days from the receipt of the request, unless the Parties agree otherwise.

10. The Joint Committee shall establish its rules of procedure.

CHAPTER 11

DISPUTE SETTLEMENT

ARTICLE 11.1

Scope and Coverage

1. This Chapter applies with respect to the settlement of any disputes concerning the interpretation or application of this Agreement.

2. Disputes regarding the same matter arising under both this Agreement and the WTO Agreement may be settled in either forum at the discretion of the complaining Party.[9] The forum thus selected shall be used to the exclusion of the other.

3. For the purpose of paragraph 2, dispute settlement procedures under the WTO Agreement are deemed to be selected by a Party's request for the establishment of a panel under Article 6 of the WTO Understanding on Rules and Procedures Governing the Settlement of Disputes, whereas dispute settlement procedures under this Agreement are deemed to be selected upon a request for arbitration pursuant to paragraph 1 of Article 11.4 (Establishment of Arbitration Panel).

4. Before a Party initiates a dispute settlement procedure under the WTO Agreement against another Party, that Party shall notify all other Parties of its intention.

ARTICLE 11.2

Good Offices, Conciliation or Mediation

1. Good offices, conciliation and mediation are procedures that are undertaken voluntarily if the parties to the dispute so agree. They may begin and, upon request of a party to the dispute, be terminated at any time. They may continue while proceedings of an arbitration panel established in accordance with this Chapter are in progress.

2. Proceedings involving good offices, conciliation and mediation shall be confidential and without prejudice to the rights of the parties to the dispute in any other proceedings.

ARTICLE 11.3

Consultations

1. The Parties shall at all times endeavour to agree on the interpretation and application of this Agreement, and shall make every attempt through cooperation and

---

[9] For the purposes of this Chapter, the terms "Party", "party to the dispute", "complaining Party" and "Party complained against" can denote one or more Parties.

consultations to reach a mutually satisfactory solution of any matter raised in accordance with this Article.

2. A Party may request in writing consultations with another Party if it considers that a measure is inconsistent with this Agreement. The Party requesting consultations shall at the same time notify the other Parties in writing of the request. The Party to which the request is made shall reply within ten days from the receipt of the request. Consultations shall take place in the Joint Committee, unless the Parties making and receiving the request for consultations agree otherwise.

3. Consultations shall commence within 30 days from the receipt of the request for consultations. Consultations on urgent matters, including those on perishable goods, shall commence within 15 days from the receipt of the request for consultations. If the Party to which the request is made does not reply within ten days or does not enter into consultations within 30 days from the receipt of the request for consultations, or within 15 days for urgent matters, the Party making the request is entitled to request the establishment of an arbitration panel in accordance with Article 11.4 (Establishment of Arbitration Panel).

4. The parties to the dispute shall provide sufficient information to enable a full examination of whether the measure is inconsistent with this Agreement or not and treat any confidential information exchanged in the course of consultations in the same manner as the Party providing the information.

5. The consultations shall be confidential and without prejudice to the rights of the parties to the dispute in any other proceedings.

6. The parties to the dispute shall inform the other Parties of any mutually agreed resolution of the matter.

ARTICLE 11.4

Establishment of Arbitration Panel

1. If the consultations referred to in Article 11.3 (Consultations) fail to settle a dispute within 60 days, or 30 days in relation to urgent matters, including those on perishable goods, from the receipt of the request for consultations by the Party complained against, the complaining Party may request the establishment of an arbitration panel by means of a written request to the Party complained against. A copy of this request shall be communicated to the other Parties so that they may determine whether to participate in the arbitration process.

2. The request for the establishment of an arbitration panel shall identify the specific measure at issue and provide a brief summary of the legal and factual basis of the complaint.

3. The arbitration panel shall consist of three members who shall be appointed in accordance with the Permanent Court of Arbitration Rules 2012 (PCA Rules 2012) *mutatis mutandis*. The date of establishment of the arbitration panel shall be the date on which the Chairperson is appointed.

4. Unless the parties to the dispute otherwise agree within 20 days from the receipt of the request for the establishment of the arbitration panel, the terms of reference for the arbitration panel shall be:

> "To examine, in light of the relevant provisions of this Agreement, the matter referred to in the request for the establishment of an arbitration panel pursuant to Article 11.4 (Establishment of Arbitration Panel) and to make findings of law and fact together with the reasons, as well as recommendations, if any, for the resolution of the dispute and the implementation of the ruling."

5. Where more than one Party requests the establishment of an arbitration panel relating to the same matter or where the request involves more than one party complained against, and whenever feasible, a single arbitration panel should be established to examine complaints relating to the same matter.

6. A Party which is not a party to the dispute shall be entitled, on delivery of a written notice to the parties to the dispute, to make written submissions to the arbitration panel, receive written submissions, including annexes, from the parties to the dispute, attend hearings and make oral statements.

7. Whenever possible, the arbitration panel referred to in Articles 11.8 (Implementation of the Final Panel Report) and 11.9 (Compensation and Suspension of Benefits) shall comprise the same arbitrators who issued the final report. If a member of the original arbitration panel is unavailable, the appointment of a replacement arbitrator shall be conducted in accordance with the selection procedure for the original arbitrator.

ARTICLE 11.5

Procedures of the Arbitration Panel

1. Unless otherwise specified in this Agreement or agreed between the parties to the dispute, the procedures of the arbitration panel shall be governed by the PCA Rules 2012, *mutatis mutandis*.

2. The arbitration panel shall examine the matter referred to it in the request for the establishment of an arbitration panel in light of the relevant provisions of this Agreement interpreted in accordance with the rules of interpretation of public international law.

3. The language of any proceedings shall be English. The hearings of the arbitration panel shall take place in The Hague and be open to the public, unless the parties to the dispute agree otherwise.

4. There shall be no *ex parte* communication with the arbitration panel concerning matters under its consideration.

5. All documents or information submitted by a Party to the arbitration panel, shall, at the same time, be transmitted by that Party to the other party to the dispute. A written submission, request, notice or other document shall be considered received when it has been delivered to the addressee through diplomatic channels.

6. The Parties shall treat as confidential the information submitted to the arbitration panel which has been designated as confidential by the Party submitting the information.

7. Decisions of the arbitration panel shall be taken by a majority of its members. Any member may furnish separate opinions on matters not unanimously agreed. The arbitration panel shall not disclose which members are associated with majority or minority opinions.

ARTICLE 11.6

Panel Reports

1. The arbitration panel should submit an initial report containing its findings and rulings to the parties to the dispute no later than 90 days from the date of establishment of the arbitration panel. A party to the dispute may submit written comments to the arbitration panel within 14 days from the receipt of the initial report. The arbitration panel should present to the parties to the dispute a final report within 30 days from the receipt of the initial report.

2. The final report, as well as any report under Articles 11.8 (Implementation of the Final Panel Report) and 11.9 (Compensation and Suspension of Benefits), shall be communicated to the Parties. The reports shall be made public, unless the parties to the dispute decide otherwise.

3. Any ruling of the arbitration panel under any provision of this Chapter shall be final and binding upon the parties to the dispute.

ARTICLE 11.7

Suspension or Termination of Arbitration Panel Proceedings

1. Where the parties to the dispute agree, an arbitration panel may suspend its work at any time for a period not exceeding 12 months. If the work of an arbitration panel has been suspended for more than 12 months, the arbitration panel's authority for considering the dispute shall lapse, unless the parties to the dispute agree otherwise.

2. A complaining Party may withdraw its complaint at any time before the initial report has been issued. Such withdrawal is without prejudice to its right to introduce a new complaint regarding the same issue at a later point in time.

3. The parties to the dispute may agree at any time to terminate the proceedings of an arbitration panel established under this Agreement by jointly notifying in writing the Chairperson of that arbitration panel.

4. An arbitration panel may, at any stage of the proceedings prior to release of the final report, propose that the parties to the dispute seek to settle the dispute amicably.

ARTICLE 11.8

Implementation of the Final Panel Report

1. The Party complained against shall promptly comply with the ruling in the final report. If it is impracticable to comply immediately, the parties to the dispute shall endeavour to agree on a reasonable period of time to do so. In the absence of such agreement within 45 days from the issuance of the final report, either party to the dispute may request the original arbitration panel to determine the length of the reasonable period of time, in light of the particular circumstances of the case. The ruling of the arbitration panel should be given within 60 days from the receipt of that request.

2. The Party complained against shall notify the other party to the dispute of the measure adopted in order to comply with the ruling in the final report, as well as provide a detailed description of how the measure ensures compliance sufficient to allow the other party to the dispute to assess the measure.

3. In case of disagreement as to the existence of a measure complying with the ruling in the final report or to the consistency of that measure with the ruling, such disagreement shall be decided by the same arbitration panel upon the request of either party to the dispute before compensation can be sought or suspension of benefits can be applied in accordance with Article 11.9 (Compensation and Suspension of Benefits). The ruling of the arbitration panel should be rendered within 90 days from the receipt of that request.

ARTICLE 11.9

Compensation and Suspension of Benefits

1. If the Party complained against does not comply with a ruling of the arbitration panel referred to in Article 11.8 (Implementation of the Final Panel Report), or notifies the complaining Party that it does not intend to comply with the ruling in the final panel report, that Party shall, if so requested by the complaining Party, enter into consultations with a view to agreeing on mutually acceptable compensation. If such consultations have been requested and no such agreement has been reached within 20 days from the receipt of the request, the complaining Party shall be entitled to suspend the application of benefits granted under this Agreement but only equivalent to those affected by the measure that the arbitration panel has found to be inconsistent with this Agreement.

2. In considering what benefits to suspend, the complaining Party should first seek to suspend benefits in the same sector or sectors as that affected by the measure that the arbitration panel has found to be inconsistent with this Agreement. The complaining Party that considers it is not practicable or effective to suspend benefits in the same sector or sectors may suspend benefits in other sectors.

3. The complaining Party shall notify the Party complained against of the benefits which it intends to suspend, the grounds for such suspension and when suspension will commence, no later than 30 days before the date on which the suspension is due to take effect. Within 15 days from the receipt of that notification, the Party complained against may request the original arbitration panel to rule on whether the benefits which the complaining Party intends to suspend are equivalent to those affected by the measure

found to be inconsistent with this Agreement, and whether the proposed suspension is in accordance with paragraphs 1 and 2. The ruling of the arbitration panel should be given within 45 days from the receipt of that request. Benefits shall not be suspended until the arbitration panel has issued its ruling.

4. Compensation and suspension of benefits shall be temporary measures and shall only be applied by the complaining Party until the measure found to be inconsistent with this Agreement has been withdrawn or amended so as to bring it into conformity with this Agreement, or until the parties to the dispute have resolved the dispute otherwise.

5. Upon request of a party to the dispute, the original arbitration panel shall rule on the conformity with the final report of any implementing measures adopted after the suspension of benefits and, in light of such ruling, whether the suspension of benefits should be terminated or modified. The ruling of the arbitration panel should be given within 30 days from the receipt of that request.

ARTICLE 11.10

Time Periods

1. Any time period mentioned in this Chapter may be modified by mutual agreement of the parties to the dispute or, upon request of a party to the dispute, by the arbitration panel.

2. If an arbitration panel considers that it cannot comply with a timeframe imposed on it under this Chapter, it shall inform the parties to the dispute in writing and provide an estimate of the additional time required. Any additional time required should not exceed 30 days.

ARTICLE 11.11

Costs

Each party to the dispute shall bear its own legal and other costs incurred in relation to the arbitration. The costs of arbitration shall be borne by the parties to the dispute in equal shares. The arbitration panel may decide that the costs be distributed differently taking into account the particular circumstances of the case.

CHAPTER 12

FINAL PROVISIONS

ARTICLE 12.1

Annexes and Appendices

The Annexes and Appendices to this Agreement constitute an integral part of this Agreement.

ARTICLE 12.2

Amendments

1. Any Party may submit proposals for amendments to this Agreement to the Joint Committee for consideration and recommendation.

2. Except as otherwise provided for in Article 10.1 (Joint Committee), amendments to this Agreement shall be subject to ratification, acceptance or approval.

3. Unless otherwise agreed, amendments shall enter into force on the first day of the third month following the date on which at least one EFTA State and the Republic of Moldova have deposited their instrument of ratification, acceptance or approval with the Depositary. In relation to an EFTA State depositing its instrument of ratification, acceptance or approval after the date on which at least one EFTA State and the Republic of Moldova have deposited their instrument of ratification, acceptance or approval with the Depositary, the amendment shall enter into force on the first day of the third month following the deposit of its instrument.

4. Amendments regarding issues related only to one or several EFTA States and the Republic of Moldova shall be agreed upon by the Parties concerned.

5. The text of the amendments and the instruments of ratification, acceptance or approval shall be deposited with the Depositary.

6. A Party may apply an amendment provisionally, subject to its domestic legal requirements. Provisional application of amendments shall be notified to the Depositary.

ARTICLE 12.3

Accession

1. Any State becoming a Member of EFTA may accede to this Agreement on terms and conditions agreed by the Parties and the acceding State.

2. In relation to an acceding State, this Agreement shall enter into force on the first day of the third month following the date on which the acceding State and the last Party

have deposited their instruments of ratification, acceptance or approval of the terms of accession.

ARTICLE 12.4

Withdrawal and Expiration

1. Each Party may withdraw from this Agreement by means of a written notification to the Depositary. The withdrawal shall take effect six months from the date on which the notification is received by the Depositary.

2. If the Republic of Moldova withdraws, this Agreement shall expire when its withdrawal becomes effective.

3. Any EFTA State which withdraws from the Convention establishing the European Free Trade Association shall, *ipso facto* on the same day as the withdrawal takes effect, cease to be a Party to this Agreement.

ARTICLE 12.5

Entry into Force

1. This Agreement shall be subject to ratification, acceptance or approval. The instruments of ratification, acceptance or approval shall be deposited with the Depositary.

2. This Agreement shall enter into force on the first day of the third month following the date on which at least one EFTA State and the Republic of Moldova have deposited their instrument of ratification, acceptance or approval with the Depositary.

3. In relation to an EFTA State depositing its instrument of ratification, acceptance or approval after the date on which at least one EFTA State and the Republic of Moldova have deposited their instrument of ratification, acceptance or approval with the Depositary, this Agreement shall enter into force on the first day of the third month following the deposit of its instrument.

4. A Party may apply this Agreement provisionally, subject to its domestic legal requirements. Provisional application of this Agreement shall be notified to the Depositary.

ARTICLE 12.6

Depositary

The Government of Norway shall act as Depositary.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto, have signed this Agreement.

Done at Schaan, Liechtenstein, this 27th day of June 2023, in one original in English, which shall be deposited with the Depositary, who shall transmit certified copies to all the Parties.

ANNEX I

REFERRED TO IN ARTICLE 2.5

RULES OF ORIGIN AND ADMINISTRATIVE COOPERATION

ANNEX I

REFERRED TO IN ARTICLE 2.5

RULES OF ORIGIN AND ADMINISTRATIVE COOPERATION

ARTICLE 1

Applicable Rules of Origin

1. For the purpose of implementing the Agreement, Appendix I and the relevant provisions of Appendix II of the Regional Convention on pan-Euro-Mediterranean preferential rules of origin (the Convention), as it may be subsequently amended, apply and are hereby incorporated into and made part of the Agreement, *mutatis mutandis*.

2. All references to the relevant agreement in Appendix I and in the relevant provisions of Appendix II to the Convention shall be construed so as to mean the Agreement.

ARTICLE 2

Alternative Applicable Rules of Origin

1. Notwithstanding Article 1, for the purposes of implementing the Agreement, products which acquire preferential origin in accordance with the provisions set out in Appendix A to this Annex (alternative rules) shall also be considered as originating in an EFTA State or in the Republic of Moldova.

2. The alternative rules shall apply until the amendment of the Convention enters into force.

ARTICLE 3

Full Cumulation

1. Working or processing carried out in a party to the Central European Free Trade Agreement (CEFTA Party/Parties) shall be considered as having been carried out in an EFTA State when the products obtained undergo subsequent working or processing in an EFTA State. Where, pursuant to this Article, the originating products are obtained in two or more of the Parties concerned, they shall be considered as originating in an EFTA State only if the working or processing goes beyond the Convention or the alternative rules concerning insufficient working or processing.

2. Working or processing carried out in an EFTA State shall be considered as having been carried out in a CEFTA Party when the products obtained undergo subsequent working or processing in a CEFTA Party. Where, pursuant to this Article, the originating

products are obtained in two or more of the Parties concerned, they shall be considered as originating in a CEFTA Party only if the working or processing goes beyond the Convention or the alternative rules concerning insufficient working or processing.

3. The cumulation provided for in this Article may only be applied provided that a preferential trade agreement in accordance with Article XXIV of the GATT is applicable between the countries and territories involved in the acquisition of the originating status and the country or territory of destination.

ARTICLE 4

Prohibition of Drawback of, or of Exemption from, Customs Duties

The prohibition in Appendix I to the Convention and in the alternative rules of drawback of, or exemption from, customs duties, shall not apply in bilateral trade between the Parties.

ARTICLE 5

Dispute Settlement

1. Chapter 11 (Dispute Settlement) of the Agreement shall apply with respect to the settlement of any disputes concerning the interpretation or application of Appendix I and the relevant provisions of Appendix II to the Convention, including their annexes and of the alternative rules.

2. In all cases the settlement of disputes between the importer and the customs authorities of the importing Party shall take place under the domestic laws and regulations of that Party.

ARTICLE 6

Withdrawal from the Convention

1. If a Party notifies the Depositary of the Convention in writing of its intention to withdraw from the Convention according to Article 9 thereof, the Parties shall immediately enter into negotiations on rules of origin for the purpose of implementing the Agreement.

2. Until the entry into force of such newly negotiated rules of origin, the rules of origin contained in Appendix I and, where appropriate, the relevant provisions of Appendix II to the Convention, applicable at the moment of withdrawal, shall continue to apply and the alternative rules may continue to apply to the Agreement. However, as of the moment of withdrawal, the rules of origin contained in Appendix I and, where appropriate, the relevant provisions of Appendix II to the Convention and in the alternative rules shall be construed so as to allow bilateral cumulation only between the withdrawing Party and the other Parties.

ARTICLE 7

Electronically Issued Movement Certificates EUR.1

1. As an alternative to the provisions regarding the issuance of movement certificates, the Parties shall accept electronically issued movement certificates EUR.1. Considering the digitalised system to issue movement certificates EUR.1, the formal requirements of electronically issued movement certificates EUR.1 are stated in paragraph 3. The customs authorities of the exporting and the importing Party may agree on other formal requirements of electronically issued movement certificates EUR.1.

2. Each exporting Party shall inform the EFTA Secretariat about the readiness of the issuance of electronic movement certificates EUR.1 and all technical issues related to such implementation (issuance, submission and verification of an electronic certificate).

3. If agreed by the customs authorities of the exporting and importing Parties, paragraphs 1 and 2 of Annex IIIa to the Convention shall not apply if the movement certificate is issued and validated electronically, and the following applies:

(a) ink stamps used by the customs or competent governmental authorities for the validation of the movement certificate EUR.1 (box 11) may be replaced with an image or electronic stamps;

(b) boxes 11 and 12 may contain facsimile or electronic signatures instead of original signatures;

(c) the information in box 11 concerning the form and number of the export document shall be indicated only where requested by the regulations of the exporting Party;

(d) it shall bear a serial number or a code by which it can be identified; and

(e) it may be issued in any of the official languages of the Parties or in English.

ARTICLE 8

Transitional Provisions - Cumulation

Until the application of the revised rules of the Convention and notwithstanding paragraph 5 of Article 16 and paragraph 3 of Article 21 of Appendix I to the Convention, where cumulation involves only EFTA States, the Faroe Islands, the EU, the Republic of Türkiye, the participants in the Stabilisation and Association Process, the Republic of Moldova, Georgia and Ukraine the proof of origin may be a movement certificate EUR.1 or an origin declaration.

OBJECTIVES

These Rules are optional. They are intended to apply on a provisional basis, pending the conclusion and entry into force of the amendment of the Regional Convention on pan-Euro-Mediterranean preferential rules of origin ('PEM Convention'). These Rules will apply bilaterally to trade between those Contracting Parties that agree to refer to them or include them in their bilateral preferential trade agreements. These Rules are intended to apply as an alternative to the rules of the PEM Convention, which, as provided by the PEM Convention, are without prejudice to the principles laid down in the relevant agreements and other related bilateral agreements among Contracting Parties. Accordingly, these Rules will not be mandatory, but optional. They may be applied by economic operators that desire to claim preferences based on these Rules instead of on the basis of the rules of the PEM Convention.

These Rules are not intended to modify the PEM Convention. The PEM Convention continues to apply in full between the Contracting Parties to the PEM Convention. These Rules will not alter the rights and obligations of the Contracting Parties under the PEM Convention.

TITLE I

GENERAL PROVISIONS

ARTICLE 1

Definitions

For the purposes of these Rules:

(a) 'applying Contracting Party' means a Contracting Party to the PEM Convention that incorporates these Rules in its bilateral preferential trade agreements with another Contracting Party to the PEM Convention and includes the Parties to this Agreement;

(b) 'chapters', 'headings' and 'subheadings' mean the chapters, the headings and the subheadings (four- or six-digit codes) used in the nomenclature which makes up the Harmonized Commodity Description and Coding System ('Harmonized System') with the changes pursuant to the Recommendation of 26 June 2004 of the Customs Cooperation Council;

(c) 'classified' means the classification of a good under a particular heading or subheading of the Harmonised System;

(d) 'consignment' means products which are either:

  (i) sent simultaneously from one exporter to one consignee; or

  (ii) covered by a single transport document covering their shipment from the exporter to the consignee or, in the absence of such a document, by a single invoice;

(e) 'customs authorities of the Party or applying Contracting Party' for the European Union means any of the customs authorities of the Member States of the European Union;

(f) 'customs value' means the value as determined in accordance with the Agreement on implementation of Article VII of the General Agreement on Tariffs and Trade 1994 (WTO Agreement on Customs Valuation);

(g) 'ex-works price' means the price paid for the product ex works to the manufacturer in the Party in whose undertaking the last working or processing is carried out, provided that the price includes the value of all the materials used and all other costs related to its production, minus any internal taxes which are, or may be, repaid when the product obtained is exported. Where the last working or processing has been subcontracted to a manufacturer, the term 'manufacturer' refers to the enterprise that has employed the subcontractor.

Where the actual price paid does not reflect all costs related to the manufacturing of the product which are actually incurred in the Party, the ex-works price means the sum of all those costs, minus any internal taxes which are, or may be, repaid when the product obtained is exported;

(h) 'fungible material' or 'fungible product' means material or product that is of the same kind and commercial quality, with the same technical and physical characteristics, and which cannot be distinguished from one another;

(i) 'goods' means both material and product;

(j) 'manufacture' means any kind of working or processing, including assembly;

(k) 'material' means any ingredient, raw material, component or part, etc., used in the manufacture of the product;

(l) 'maximum content of non-originating materials' means the maximum content of non-originating materials which is permitted in order to consider a manufacture to be working or processing sufficient to confer originating status on the product. It may be expressed as a percentage of the ex-works price of the product or as a percentage of the net weight of these materials used falling under a specified group of chapters, chapter, heading or subheading;

(m) 'product' means the product being manufactured, even if it is intended for later use in another manufacturing operation;

(n) 'territory' includes the land territory, internal waters and the territorial sea of a Party;

(o) 'value added' shall be taken to be the ex-works price of the product minus the customs value of each of the materials incorporated which originate in the other applying Contracting Parties with which cumulation is applicable or, where the customs value is not known or cannot be ascertained, the first ascertainable price paid for the materials in the exporting Party;

(p) 'value of materials' means the customs value at the time of importation of the non-originating materials used, or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in the exporting Party. Where the value of the originating materials used needs to be established, this point shall be applied mutatis mutandis.

TITLE II

DEFINITION OF THE CONCEPT OF 'ORIGINATING PRODUCTS'

ARTICLE 2

General requirements

For the purpose of implementing the Agreement, the following products shall be considered as originating in a Party when exported to another Party:

(a) products wholly obtained in a Party, within the meaning of Article 3;

(b) products obtained in a Party incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in that Party within the meaning of Article 4.

ARTICLE 3

Wholly obtained products

1. The following shall be considered as wholly obtained in a Party when exported to another Party:

(a) mineral products and natural water extracted from its soil or from its seabed;

(b) plants, including aquatic plants, and vegetable products grown or harvested there;

(c) live animals born and raised there;

(d) products from live animals raised there;

(e) products from slaughtered animals born and raised there;

(f) products obtained by hunting or fishing conducted there;

(g) products of aquaculture where the fish, crustaceans, molluscs and other aquatic invertebrates are born or raised there from eggs, larvae, fry or fingerlings;

(h) products of sea fishing and other products taken from the sea outside any territorial sea by its vessels;

(i) products made on board its factory ships exclusively from products referred to in point (h);

(j) used articles collected there fit only for the recovery of raw materials;

(k) waste and scrap resulting from manufacturing operations conducted there;

(l) products extracted from the seabed or below the seabed which is situated outside its territorial sea but where it has exclusive exploitation rights;

(m) goods produced there exclusively from the products specified in points (a) to (l).

2. The terms 'its vessels' and 'its factory ships' in points (h) and (i) of paragraph 1 respectively shall apply only to vessels and factory ships which meet each of the following requirements:

(a) they are registered in the exporting or the importing Party;

(b) they sail under the flag of the exporting or the importing Party;

(c) they meet one of the following conditions:

(i) they are at least 50 % owned by nationals of the exporting or the importing Party; or

(ii) they are owned by companies which:

– have their head office and their main place of business in the exporting or the importing Party; and

– are at least 50 % owned by the exporting or the importing Party or public entities or nationals of these Parties.

3. For the purpose of paragraph 2, when the exporting or the importing Party is the European Union, it means the Member States of the European Union.

4. For the purpose of paragraph 2, the EFTA States are to be considered as one applying Contracting Party.

ARTICLE 4

Sufficient working or processing

1. Without prejudice to paragraph 3 of this Article and to Article 6, products which are not wholly obtained in a Party shall be considered to be sufficiently worked or processed when the conditions laid down in the list in Annex II for the goods concerned are fulfilled.

2. If a product which has obtained originating status in a Party in accordance with paragraph 1 is used as a material in the manufacture of another product, no account shall be taken of the non-originating materials which may have been used in its manufacture.

3. The determination of whether the requirements of paragraph 1 are met, shall be carried out for each product.

However, where the relevant rule is based on compliance with a maximum content of non-originating materials, the customs authorities of the Parties may authorise exporters

to calculate the ex-works price of the product and the value of the non-originating materials on an average basis as set out in paragraph 4, in order to take into account the fluctuations in costs and currency rates.

4. Where the second subparagraph of paragraph 3 applies, an average ex-works price of the product and average value of non-originating materials used shall be calculated respectively on the basis of the sum of the ex-works prices charged for all sales of the same products carried out during the preceding fiscal year and the sum of the value of all the non-originating materials used in the manufacture of the same products over the preceding fiscal year as defined in the exporting Party, or, where figures for a complete fiscal year are not available, a shorter period which should not be less than three months.

5. Exporters having opted for calculation on an average basis shall consistently apply such a method during the year following the fiscal year of reference, or, where appropriate, during the year following the shorter period used as a reference. They may cease to apply such a method where during a given fiscal year, or a shorter representative period of no less than three months, they record that the fluctuations in costs or currency rates which justified the use of such a method have ceased.

6. The averages referred to in paragraph 4 shall be used as the ex-works price and the value of non-originating materials, respectively, for the purpose of establishing compliance with the maximum content of non-originating materials.

ARTICLE 5

Tolerance rule

1. By way of derogation from Article 4 and subject to paragraphs 2 and 3 of this Article, non-originating materials which, according to the conditions set out in the list in Annex II, are not to be used in the manufacture of a given product may nevertheless be used, provided that their total net weight or value assessed for the product does not exceed:

(a) 15 % of the net weight of the product falling within Chapters 2 and 4 to 24, other than processed fishery products of Chapter 16;

(b) 15 % of the ex-works price of the product for products other than those covered by point (a).

This paragraph shall not apply to products falling within Chapters 50 to 63 of the Harmonised System, for which the tolerances mentioned in Notes 6 and 7 of Annex I shall apply.

2. Paragraph 1 of this Article shall not allow to exceed any of the percentages for the maximum content of non-originating materials as specified in the rules laid down in the list in Annex II.

3. Paragraphs 1 and 2 of this Article shall not apply to products wholly obtained in a Party within the meaning of Article 3. However, without prejudice to Article 6 and Article 9(1), the tolerance provided for in those provisions shall nevertheless apply to

products for which the rule laid down in the list in Annex II requires that the materials which are used in the manufacture of that product are wholly obtained.

ARTICLE 6

Insufficient working or processing

1. Without prejudice to paragraph 2 of this Article, the following operations shall be considered to be insufficient working or processing to confer the status of an originating product, whether or not the requirements of Article 4 are satisfied:

(a) preserving operations to ensure that the products remain in good condition during transport and storage;

(b) breaking-up and assembly of packages;

(c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;

(d) ironing or pressing of textiles;

(e) simple painting and polishing operations;

(f) husking and partial or total milling of rice; polishing, and glazing of cereals and rice;

(g) operations to colour or flavour sugar or form sugar lumps; partial or total milling of crystal sugar;

(h) peeling, stoning and shelling, of fruits, nuts and vegetables;

(i) sharpening, simple grinding or simple cutting;

(j) sifting, screening, sorting, classifying, grading, matching; (including the making-up of sets of articles);

(k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;

(l) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;

(m) simple mixing of products, whether or not of different kinds;

(n) mixing of sugar with any material;

(o) simple addition of water or dilution or dehydration or denaturation of products;

(p) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;

(q) slaughter of animals;

(r) a combination of two or more operations specified in points (a) to (q).

2. All the operations carried out in the exporting Party on a given product shall be taken into account when determining whether the working or processing undergone by that product is to be regarded as insufficient within the meaning of paragraph 1.

ARTICLE 7

Cumulation of origin

1. Without prejudice to Article 2, products shall be considered as originating in the exporting Party when exported to another Party if they are obtained there, incorporating materials originating in any applying Contracting Party other than the exporting Party provided that the working or processing carried out in the exporting Party goes beyond the operations referred to in Article 6. It shall not be necessary for such materials to have undergone sufficient working or processing.

2. Where the working or processing carried out in the exporting Party does not go beyond the operations referred to in Article 6, the product obtained by incorporating materials originating in any other applying Contracting Party, shall be considered as originating in the exporting Party only where the value added there is greater than the value of the materials used originating in any of the other applying Contracting Parties. If this is not so, the product obtained shall be considered as originating in the applying Contracting Party which accounts for the highest value of originating materials used in the manufacture in the exporting Party.

3. Without prejudice to Article 2, and with the exclusion of products falling within Chapters 50 to 63, working or processing carried out in an applying Contracting Party other than the exporting Party shall be considered as having been carried out in the exporting Party when the products obtained undergo subsequent working or processing in this exporting Party.

4. Without prejudice to Article 2, for products falling within Chapters 50 to 63 and only for the purpose of bilateral trade between the Parties, working or processing carried out in the importing Party shall be considered as having been carried out in the exporting Party when the products undergo subsequent working or processing in this exporting Party.

For the purpose of this paragraph, the participants in the European Union's Stabilisation and Association process and the Republic of Moldova are to be considered as one applying Contracting Party.

5. The Parties may opt to extend the application of paragraph 3 of this Article on importation of products falling within Chapters 50 to 63 unilaterally. A Party that opts for such extension shall notify the other Party and inform the European Commission in accordance with Article 8(2).

6. For the purpose of cumulation within the meaning of paragraphs 3 to 5 of this Article, the originating products shall be considered as originating in the exporting Party only if the working or processing undergone there goes beyond the operations referred to in Article 6.

7. Products originating in one of the applying Contracting Parties referred to in paragraph 1 which do not undergo any working or processing in the exporting Party shall retain their origin if exported into one of the other applying Contracting Parties.

ARTICLE 8

Conditions for the application of cumulation of origin

1. The cumulation provided for in Article 7 may be applied only provided that:

(a) a preferential trade agreement in accordance with Article XXIV of the General Agreement on Tariffs and Trade 1994 (GATT) is applicable between the applying Contracting Parties involved in the acquisition of the originating status and the applying Contracting Party of destination; and

(b) goods have obtained originating status by the application of rules of origin identical to those given in these Rules.

2. Notices indicating the fulfilment of the necessary requirements to apply cumulation shall be published in the Official Journal of the European Union (C series) and in an official publication in the Parties, in accordance with their own procedures.

The cumulation provided for in Article 7 shall apply from the date indicated in those notices.

The Parties shall provide the European Commission with details of the relevant agreements concluded with other applying Contracting Parties, including the dates of entry into force of these Rules.

3. The proof of origin should include the statement in English 'CUMULATION APPLIED WITH (name of the relevant applying Contracting Party/Parties in English)' when products obtained the originating status by application of cumulation of origin in accordance with Article 7.

In cases where a movement certificate EUR.1 is used as a proof of origin, that statement shall be made in Box 7 of the movement certificate EUR.1.

4. The Parties agree to waive the obligation to include in the proof of origin the statement referred to in Article 8(3).

The Parties shall notify the waiver to the European Commission in accordance with Article 8(2).

ARTICLE 9

Unit of qualification

1. The unit of qualification for the application of these Rules shall be the particular product which is considered to be the basic unit when determining classification using the nomenclature of the Harmonised System. It follows that:

(a) when a product composed of a group or assembly of articles is classified under the terms of the Harmonised System in a single heading, the whole constitutes the unit of qualification;

(b) when a consignment consists of a number of identical products classified under the same heading of the Harmonised System, each individual item shall be taken into account when applying these Rules.

2. Where under General Rule 5 of the Harmonised System packaging is included with the product for classification purposes, it shall be included for the purposes of determining origin.

3. Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle which are part of the normal equipment and included in the ex-works price thereof shall be regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

ARTICLE 10

Sets

Sets, as defined in General Rule 3 of the Harmonised System, shall be regarded as originating when all the component products are originating.

When a set is composed of originating and non-originating products, the set as a whole shall however be regarded as originating, provided that the value of the non-originating products does not exceed 15 % of the ex-works price of the set.

ARTICLE 11

Neutral elements

In order to determine whether a product is an originating product, no account shall be taken of the origin of the following which might be used in its manufacture:

(a) energy and fuel;

(b) plant and equipment;

(c) machines and tools;

(d) any other goods which do not enter, and which are not intended to enter, into the final composition of the product.

ARTICLE 12

Accounting segregation

1. If originating and non-originating fungible materials are used in the working or processing of a product, economic operators may ensure the management of materials

using the accounting segregation method, without keeping the materials on separate stocks.

2. Economic operators may ensure the management of originating and non-originating fungible products of heading 1701 using the accounting segregation method, without keeping the products on separate stocks.

3. The Parties may require that the application of accounting segregation is subject to prior authorisation by the Customs authorities. The Customs authorities may grant the authorisation subject to any conditions they deem appropriate and shall monitor the use made of the authorisation. The Customs authorities may withdraw the authorisation whenever the beneficiary makes improper use of the authorisation in any manner whatsoever or fails to fulfil any of the other conditions laid down in these Rules.

Through the use of accounting segregation it must be ensured that, at any time, no more products can be considered as 'originating in the exporting Party than would have been the case if a method of physical segregation of the stocks had been used.

The method shall be applied and the application thereof shall be recorded on the basis of the general accounting principles applicable in the exporting Party.

4. The beneficiary of the method referred to in paragraphs 1 and 2 shall make out or apply for proofs of origin for the quantity of products which may be considered as originating in the exporting Party. At the request of the customs authorities, the beneficiary shall provide a statement of how the quantities have been managed.

TITLE III

TERRITORIAL REQUIREMENTS

ARTICLE 13

Principle of territoriality

1. The conditions set out in Title II shall be fulfilled without any interruption in the Party concerned.

2. If originating products exported from a Party to another country are returned, they shall be considered to be non-originating, unless it can be demonstrated to the satisfaction of the customs authorities that:

(a) the products returned are the same as those which were exported; and

(b) they have not undergone any operations beyond that necessary to preserve them in good condition while in that country or while being exported.

3. The obtention of originating status in accordance with the conditions set out in Title II shall not be affected by working or processing done outside the exporting Party on materials exported from this Party and subsequently re-imported there, provided:

(a) those materials are wholly obtained in the exporting Party or have undergone working or processing beyond the operations referred to in Article 6 prior to being exported; and

(b) it can be demonstrated to the satisfaction of the customs authorities that:

(i) the re-imported products have been obtained by working or processing the exported materials; and

(ii) the total added value acquired outside the exporting Party by applying this Article does not exceed 10 % of the ex-works price of the end product for which originating status is claimed.

4. For the purposes of paragraph 3 of this Article, the conditions for obtaining originating status set out in Title II shall not apply to working or processing done outside the exporting Party. However, where, in the list in Annex II, a rule setting a maximum value for all the non-originating materials incorporated is applied in determining the originating status of the end product, the total value of the non-originating materials incorporated in the territory of the exporting Party, taken together with the total added value acquired outside this Party by applying this Article, shall not exceed the stated percentage.

5. For the purposes of applying paragraphs 3 and 4, ‘total added value’ shall be taken to mean all costs arising outside the exporting Party, including the value of the materials incorporated there.

6. Paragraphs 3 and 4 of this Article shall not apply to products which do not fulfil the conditions set out in the list in Annex II or which can be considered sufficiently worked or processed only if the general tolerance fixed in Article 5 is applied.

7. Any working or processing of the kind covered by this Article and done outside the exporting Party shall be done under the outward processing arrangements, or similar arrangements.

ARTICLE 14

Non-alteration

1. The preferential treatment provided for under the Agreement shall apply only to products satisfying the requirements of these Rules and declared for importation in a Party provided that those products are the same as those exported from the exporting Party. They shall not have been altered, transformed in any way or subjected to operations other than to preserve them in good condition or than adding or affixing marks, labels, seals or any documentation to ensure compliance with specific domestic requirements of the importing Party carried out under customs supervision in the third country(ies) of transit or splitting prior to being declared for home use.

2. Storage of products or consignments may take place provided they remain under customs supervision in the third country(ies) of transit.

3. Without prejudice to Title V of this Appendix, the splitting of consignments may take place, provided they remain under customs supervision in the third country(ies) of splitting.

4. In the case of doubt, the importing Party may request the importer or its representative to submit at any time all appropriate documents to provide evidence of compliance with this Article, which may be given by any documentary evidence, and notably by:

(a) contractual transport documents such as bills of lading;

(b) factual or concrete evidence based on marking or numbering of packages;

(c) a certificate of non-manipulation provided by the customs authorities of the country(ies) of transit or splitting or any other documents demonstrating that the goods remained under customs supervision in the country(ies) of transit or splitting; or

(d) any evidence related to the goods themselves.

ARTICLE 15

Exhibitions

1. Originating products, sent for exhibition in a country other than with which cumulation is applicable in accordance with Articles 7 and 8 and sold after the exhibition

for importation in a Party, shall benefit on importation from the relevant agreement provided it is shown to the satisfaction of the customs authorities that:

(a) an exporter has consigned the products from a Party to the country in which the exhibition is held and has exhibited them there;

(b) the products have been sold or otherwise disposed of by that exporter to a person in another Party;

(c) the products have been consigned during the exhibition or immediately thereafter in the state in which they were sent for exhibition; and

(d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. A proof of origin shall be issued or made out in accordance with Title V of this Appendix and submitted to the customs authorities of the importing Party in the normal manner. The name and address of the exhibition shall be indicated thereon. Where necessary, additional documentary evidence of the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organised for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

TITLE IV

DRAWBACK OR EXEMPTION

ARTICLE 16

Drawback of or exemption from customs duties

1. Non-originating materials used in the manufacture of products falling within Chapters 50 to 63 of the Harmonised System originating in a Party for which a proof of origin is issued or made out in accordance with Title V of this Appendix shall not be subject in the exporting Party to drawback of or exemption from customs duties of whatever kind.

2. The prohibition in paragraph 1 shall apply to any arrangement for refund, remission or non-payment, partial or complete, of customs duties or charges having an equivalent effect, applicable in the exporting Party to materials used in the manufacture, where such refund, remission or non-payment applies, expressly or in effect, when products obtained from the said materials are exported and not when they are retained for home use there.

3. The exporter of products covered by a proof of origin shall be prepared to submit at any time, upon request from the customs authorities, all appropriate documents proving that no drawback has been obtained in respect of the non-originating materials used in the manufacture of the products concerned and that all customs duties or charges having equivalent effect applicable to such materials have actually been paid.

4. The prohibition in paragraph 1 of this Article shall not apply to trade between the Parties for products that obtained originating status by application of cumulation of origin covered by Article 7(4) or (5).

TITLE V

PROOF OF ORIGIN

ARTICLE 17

General requirements

1. Products originating in one of the Parties shall, on importation into another Party, benefit from the provisions of the Agreement upon submission of one of the following proofs of origin:

(a) a movement certificate EUR.1, a specimen of which appears in Annex IV to this Appendix;

(b) in the cases specified in Article 18(1), a declaration, subsequently referred to as the 'origin declaration' given by the exporter on an invoice, a delivery note or any other commercial document which describes the products concerned in sufficient detail to enable them to be identified; the text of the origin declaration appears in Annex III to this Appendix.

2. Notwithstanding paragraph 1 of this Article, originating products within the meaning of these Rules shall, in the cases specified in Article 27, benefit from the provisions of the Agreement without it being necessary to submit any of the proofs of origin referred to in paragraph 1 of this Article.

3. Without prejudice to paragraph 1, the Parties may agree that, for the preferential trade between them, proofs of origin listed in points (a) and (b) of paragraph 1 are replaced by statements on origin made out by exporters registered in an electronic database in accordance with the internal legislation of the Parties.

The use of a statement on origin made out by the exporters registered in an electronic database agreed by two or more applying Contracting Parties shall not impede the use of diagonal cumulation with other applying Contracting Parties.

4. For the purposes of paragraph 1, the Parties may agree to establish a system that allows proofs of origin listed in points (a) and (b) of paragraph 1 to be issued electronically and/or submitted electronically.

5. For the purpose of Article 7, if Article 8(4) applies, the exporter established in an applying Contracting Party who issues, or applies for, a proof of origin on the basis of another proof of origin which benefits from a waiver from the obligation to include the statement as otherwise required by Article 8(3) shall take all necessary steps to ensure that the conditions for applying cumulation are fulfilled and shall be prepared to submit all relevant documents to the customs authorities.

ARTICLE 18

Conditions for making out an origin declaration

1. An origin declaration as referred to in point (b) of Article 17(1) may be made out:

   (a) by an approved exporter within the meaning of Article 19; or

   (b) by any exporter for any consignment consisting of one or more packages containing originating products the total value of which does not exceed EUR 6 000.

2. An origin declaration may be made out if the products can be considered as originating in an applying Contracting Party and fulfil the other requirements of these Rules.

3. The exporter making out an origin declaration shall be prepared to submit at any time, at the request of the customs authorities of the exporting Party, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of these Rules.

4. An origin declaration shall be made out by the exporter by typing, stamping or printing on the invoice, the delivery note or another commercial document, the declaration, the text of which appears in Annex III to this Appendix, using one of the linguistic versions set out in that Annex and in accordance with the provisions of the national law of the exporting country. If the declaration is handwritten, it shall be written in ink in printed characters.

5. Origin declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 19 shall not be required to sign such declarations provided that he gives the customs authorities of the exporting Party a written undertaking that he accepts full responsibility for any origin declaration which identifies him as if it had been signed in manuscript by him.

6. An origin declaration may be made out by the exporter when the products to which it relates are exported, or after exportation (the 'retrospective origin declaration') on condition that it is presented in the importing country within two years after the importation of the products to which it relates.

Where the splitting of a consignment takes place in accordance with Article 14(3) and provided that the same two-year deadline is respected, the retrospective origin declaration shall be made out by the approved exporter of the exporting Party of the products.

ARTICLE 19

Approved exporter

1. The customs authorities of the exporting Party may, subject to national requirements, authorise any exporter established in that Party (the 'approved exporter'), to make out origin declarations irrespective of the value of the products concerned.

2. An exporter who requests such authorisation must offer, to the satisfaction of the customs authorities, all guarantees necessary to verify the originating status of the products as well as the fulfilment of the other requirements of these Rules.

3. The customs authorities shall grant to the approved exporter a customs authorisation number which shall appear on the origin declaration.

4. The customs authorities shall verify the proper use of an authorisation. They may withdraw the authorisation if the approved exporter makes improper use of it and shall do so if the approved exporter no longer offers the guarantees referred to in paragraph 2.

ARTICLE 20

Procedure for issuing of a movement certificate EUR.1

1. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting Party on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorised representative.

2. For that purpose, the exporter or his authorised representative shall fill in both the movement certificate EUR.1 and the application form, specimens of which appear in Annex IV to this Appendix. Those forms shall be completed in one of the languages in which the Agreement is drawn up and in accordance with the provisions of the national law of the exporting country. If the completion of the forms is done in handwriting, they shall be completed in ink in printed characters. The description of the products shall be given in the box reserved for this purpose without leaving any blank lines. Where the box is not completely filled, a horizontal line shall be drawn below the last line of the description, the empty space being crossed through.

3. The movement certificate EUR.1 shall include the statement in English 'TRANSITIONAL RULES' in box 7.

4. The exporter applying for the issue of a movement certificate EUR.1 shall be prepared to submit at any time, at the request of the customs authorities of the exporting Party where the movement certificate EUR.1 is issued, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of these Rules.

5. A movement certificate EUR.1 shall be issued by the customs authorities of the exporting Party if the products concerned can be considered as products originating and fulfil the other requirements of these Rules.

6. The customs authorities issuing movement certificates EUR.1 shall take any steps necessary to verify the originating status of the products and the fulfilment of the other requirements of these Rules. For that purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate. They shall also ensure that the forms referred to in paragraph 2 of this Article are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions.

7. The date of issue of the movement certificate EUR.1 shall be indicated in Box 11 of the movement certificate EUR.1.

8. A movement certificate EUR.1 shall be issued by the customs authorities and made available to the exporter as soon as actual exportation has been effected or ensured.

ARTICLE 21

Movement certificates EUR.1 issued retrospectively

1. Notwithstanding Article 20(8), a movement certificate EUR.1 may be issued after exportation of the products to which it relates if:

(a) it was not issued at the time of exportation because of errors or involuntary omissions or special circumstances;

(b) it is demonstrated to the satisfaction of the customs authorities that a movement certificate EUR.1 was issued but was not accepted at importation for technical reasons;

(c) the final destination of the products concerned was not known at the time of exportation and was determined during their transportation or storage and after possible splitting of consignments in accordance with Article 14(3);

(d) a movement certificate EUR.1 or EUR.MED was issued in accordance with the rules of the PEM Convention for products that are also originating in accordance with these Rules; the exporter shall take all necessary steps to ensure that the conditions to apply cumulation are fulfilled and be prepared to submit to the customs authorities all relevant documents proving that the product is originating in accordance with these Rules; or

(e) a movement certificate EUR.1 was issued on the basis of Article 8(4) and the application of Article 8(3) is required at importation in another applying Contracting Party.

2. For the implementation of paragraph 1, the exporter shall indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 relates, and state the reasons for his request.

3. The customs authorities may issue a movement certificate EUR.1 retrospectively within two years from the date of exportation and only after verifying that the information supplied in the exporter's application complies with that in the corresponding file.

4. In addition to the requirement under Article 20(3), movement certificates EUR.1 issued retrospectively shall be endorsed with the following phrase in English: 'ISSUED RETROSPECTIVELY'.

5. The endorsement referred to in paragraph 4 shall be inserted in Box 7 of the movement certificate EUR.1.

ARTICLE 22

Issue of a duplicate movement certificate EUR.1

1. In the event of theft, loss or destruction of a movement certificate EUR.1, the exporter may apply to the customs authorities which issued it for a duplicate made out on the basis of the export documents in their possession.

2. In addition to the requirement under Article 20(3), the duplicate issued in accordance with paragraph 1 of this Article shall be endorsed with the following word in English: 'DUPLICATE'.

3. The endorsement referred to in paragraph 2 shall be inserted in Box 7 of the duplicate movement certificate EUR.1.

4. The duplicate, which shall bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

ARTICLE 23

Validity of proof of origin

1. A proof of origin shall be valid for ten months from the date of issue or making out in the exporting Party, and shall be submitted within that period to the customs authorities of the importing Party.

2. Proofs of origin which are submitted to the customs authorities of the importing Party after the period of validity referred to in paragraph 1 may be accepted for the purpose of applying the tariff preferences, where failure to submit those documents by the final date set is due to exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing Party may accept the proofs of origin where the products have been presented to customs before the said final date.

ARTICLE 24

Free zones

1. The Parties shall take all necessary steps to ensure that products traded under cover of a proof of origin which in the course of transport use a free zone situated in their territory are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By way of derogation from paragraph 1, when products originating in an applying Contracting Party are imported into a free zone under cover of a proof of origin and undergo treatment or processing, a new proof or origin may be issued or made out, if the treatment or processing undergone complies with these Rules.

ARTICLE 25

Importation requirements

Proofs of origin shall be submitted to the customs authorities of the importing Party in accordance with the procedures applicable in that Party.

ARTICLE 26

Importation by instalments

Where, at the request of the importer and subject to the conditions laid down by the customs authorities of the importing Party, dismantled or non-assembled products within the meaning of General Rule 2(a) for the interpretation of the Harmonised System falling within Sections XVI and XVII or headings 7308 and 9406 are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities on importation of the first instalment.

ARTICLE 27

Exemptions from proof of origin

1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of these Rules and where there is no doubt as to the veracity of such a declaration.

2. Imports shall not be considered as imports by way of trade if all the following conditions are met:

(a) the imports are occasional;

(b) the imports consist solely of products for the personal use of the recipients or travellers or their families;

(c) it is evident from the nature and quantity of the products that no commercial purpose is in view.

3. The total value of those products shall not exceed EUR 500 in the case of small packages or EUR 1 200 in the case of products forming part of travellers' personal luggage.

ARTICLE 28

Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not ipso facto render the

proof of origin null and void if it is duly established that that document does correspond to the products submitted.

2. Obvious formal errors such as typing errors on a proof of origin shall not cause the documents referred to in paragraph 1 of this Article to be rejected if those errors are not such as to create doubts concerning the correctness of the statements made in those documents.

ARTICLE 29

Supplier's declarations

1. When a movement certificate EUR.1 is issued or an origin declaration is made out in a Party for originating products, in the manufacture of which goods coming from another applying Contracting Party which have undergone working or processing there without having obtained preferential originating status have been used in accordance with Article 7(3) or Article 7(4) account shall be taken of the supplier's declaration given for those goods in accordance with this Article.

2. The supplier's declaration referred to in paragraph 1 shall serve as evidence of the working or processing undergone in an applying Contracting Party by the goods concerned for the purpose of determining whether the products in the manufacture of which those goods are used, may be considered as products originating in the exporting Party and fulfil the other requirements of these Rules.

3. A separate supplier's declaration shall, except in the cases referred to in paragraph 4, be made out by the supplier for each consignment of goods in the form prescribed in Annex VI on a sheet of paper annexed to the invoice, the delivery note or any other commercial document describing the goods concerned in sufficient detail to enable them to be identified.

4. Where a supplier regularly supplies a particular customer with goods for which the working or processing undergone in an applying Contracting Party is expected to remain constant for a period of time, he may provide a single supplier's declaration to cover subsequent consignments of those goods (the 'long-term supplier's declaration'). A long-term supplier's declaration may normally be valid for a period of up to two years from the date of making out the declaration. The customs authorities of the applying Contracting Party where the declaration is made out lay down the conditions under which longer periods may be used. The long-term supplier's declaration shall be made out by the supplier in the form prescribed in Annex VII and shall describe the goods concerned in sufficient detail to enable them to be identified. It shall be provided to the customer concerned before he is supplied with the first consignment of goods covered by that declaration or together with his first consignment. The supplier shall inform his customer immediately if the long-term supplier's declaration is no longer applicable to the goods supplied.

5. The supplier's declarations referred to in paragraphs 3 and 4 shall be typed or printed using one of the languages of the Agreement, in accordance with the national law of the applying Contracting Party where the declaration is made out, and shall bear the

original signature of the supplier in manuscript. The declaration may also be handwritten; in such a case, it shall be written in ink in printed characters.

6. The supplier making out a declaration shall be prepared to submit at any time, at the request of the customs authorities of the applying Contracting Party where the declaration is made out, all appropriate documents proving that the information given on that declaration is correct.

ARTICLE 30

Amounts expressed in euro

1. For the purposes of application of the point (b) of Article 18(1) and Article 27(3) in cases where products are invoiced in a currency other than euro, amounts in the national currencies of the Party equivalent to the amounts expressed in euro shall be fixed annually by each of the countries concerned.

2. A consignment shall benefit from the point (b) of Article 18(1) or Article 27(3) by reference to the currency in which the invoice is drawn up, according to the amount fixed by the country concerned.

3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October. The amounts shall be communicated to the European Commission by 15 October and shall apply from 1 January the following year. The European Commission shall notify all countries concerned of the relevant amounts.

4. A Party may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 %. A Party may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 % in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion were to result in a decrease in that equivalent value.

5. The amounts expressed in euro shall be reviewed by the Joint Committee at the request of a Party. When carrying out that review, the Joint Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. For that purpose, it may decide to modify the amounts expressed in euro.

TITLE VI

PRINCIPLES OF COOPERATION

AND DOCUMENTARY EVIDENCE

ARTICLE 31

Documentary evidence, preservation of proofs of origin and supporting documents

1. An exporter who has made out an origin declaration or has applied for a movement certificate EUR.1 shall keep a hard copy or an electronic version of those proofs of origin and all documents supporting the originating status of the product, for at least three years from the date of issuance or making out of the origin declaration.

2. The supplier making out a supplier's declaration shall keep copies of the declaration and of all the invoices, delivery notes or other commercial documents to which that declaration is annexed as well as the documents referred to in Article 29(6) for at least three years.

The supplier making out a long-term supplier's declaration shall keep copies of the declaration and of all the invoices, delivery notes or other commercial documents concerning goods covered by that declaration sent to the customer concerned, as well as the documents referred to in Article 29(6) for at least three years. That period shall begin from the date of expiry of validity of the long-term supplier's declaration.

3. For the purposes of paragraph 1 of this Article, the documents supporting the originating status, inter alia, are the following:

(a) direct evidence of the processes carried out by the exporter or supplier to obtain the product, contained, for example, in his accounts or internal bookkeeping;

(b) documents proving the originating status of materials used, issued or made out in the relevant applying Contracting Party in accordance with its national legislation;

(c) documents proving the working or processing of materials in the relevant Party, made out or issued in that Party in accordance with its national legislation;

(d) origin declarations or movement certificates EUR.1 proving the originating status of materials used, made out or issued in the Parties in accordance with these Rules;

(e) appropriate evidence concerning working or processing undergone outside the Parties by application of Articles 13 and 14, proving the fulfilment of the requirements of those Articles.

4. The customs authorities of the exporting Party issuing movement certificates EUR.1 shall keep the application form referred to in Article 20(2) for at least three years.

5. The customs authorities of the importing Party shall keep the origin declarations and the movement certificates EUR.1 submitted to them for at least three years.

6. Supplier's declarations proving the working or processing undergone in an applying Contracting Party by materials used, made out in that applying Contracting Party, shall be treated as a document referred to in Articles 18(3), 20(4) and 29(6) used for the purpose of proving that products covered by a movement certificate EUR.1 or an origin declaration may be considered as products originating in that applying Contracting Party and fulfil the other requirements of these Rules.

ARTICLE 32

Dispute settlement

Where disputes arise in relation to the verification procedures under Articles 34 and 35, or in relation to the interpretation of this Appendix, which cannot be settled between the customs authorities requesting a verification and the customs authorities responsible for carrying out the verification, they shall be submitted to the Joint Committee.

In all cases the settlement of disputes between the importer and the customs authorities of the importing Party shall take place in accordance with the legislation of that country.

TITLE VII

ADMINISTRATIVE COOPERATION

ARTICLE 33

Notification and cooperation

1. The customs authorities of the Parties shall provide each other with specimen impressions of stamps used in their customs offices for the issue of movement certificates EUR.1, with the models of the authorisation numbers granted to approved exporters and with the addresses of the customs authorities responsible for verifying those certificates and origin declarations.

2. In order to ensure the proper application of these Rules, the Parties shall assist each other, through the competent customs authorities, in checking the authenticity of the movement certificates EUR.1, the origin declarations, the supplier's declarations and the correctness of the information given in those documents.

ARTICLE 34

Verification of proofs of origin

1. Subsequent verifications of proofs of origin shall be carried out at random or whenever the customs authorities of the importing Party have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of these Rules.

2. When they make a request for subsequent verification, the customs authorities of the importing Party shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the origin declaration, or a copy of those documents, to the customs authorities of the exporting Party giving, where appropriate, the reasons for the request for verification. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the customs authorities of the exporting Party. For that purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounts or any other check considered appropriate.

4. If the customs authorities of the importing Party decide to suspend the granting of preferential treatment to the products concerned while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. Those results shall indicate clearly whether the documents are authentic and whether the products concerned may be considered as products originating in one of the Parties and fulfil the other requirements of these Rules.

6. If in cases of reasonable doubt there is no reply within ten months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities shall, except in exceptional circumstances, refuse entitlement to the preferences.

ARTICLE 35

Verification of supplier's declarations

1. Subsequent verifications of supplier's declarations or long-term supplier's declarations may be carried out at random or whenever the customs authorities of a Party where such declarations have been taken into account to issue a movement certificate EUR.1 or to make out an origin declaration, have reasonable doubts as to the authenticity of the document or the correctness of the information given in that document.

2. For the purposes of implementing the provisions of paragraph 1, the customs authorities of the Party referred to in paragraph 1 shall return the supplier's declaration or the long-term supplier's declaration and invoice(s), delivery note(s) or other commercial document(s) concerning goods covered by such declaration, to the customs authorities of the applying Contracting Party where the declaration was made out, giving, where appropriate, the reasons of substance or form of the request for verification.

They shall forward, in support of the request for subsequent verification, any documents and information that have been obtained suggesting that the information given in the supplier's declaration or the long-term supplier's declaration is incorrect.

3. The verification shall be carried out by the customs authorities of the applying Contracting Party where the supplier's declaration or the long-term supplier's declaration was made out. For that purpose, they shall have the right to call for any evidence and carry out any inspection of the supplier's accounts or any other check which they consider appropriate.

4. The customs authorities requesting the verification shall be informed of the results thereof as soon as possible. Those results shall indicate clearly whether the information given in the supplier's declaration or the long-term supplier's declaration is correct and make it possible for them to determine whether and to what extent such declaration could be taken into account for issuing a movement certificate EUR.1 or for making out an origin declaration.

ARTICLE 36

Penalties

Each Party shall provide for the imposition of criminal, civil or administrative penalties for violations of its national legislation related to these Rules.

TITLE VIII

APPLICATION OF APPENDIX A

ARTICLE 37

European Economic Area

Goods originating in the European Economic Area (EEA) within the meaning of Protocol 4 to the Agreement on the European Economic Area shall be considered as originating in the European Union, Iceland, Liechtenstein or Norway (the 'EEA Parties') when exported respectively from the European Union, Iceland, Liechtenstein or Norway to Republic of Moldova, provided that free trade agreements using these Rules are applicable between the Republic of Moldova and the EEA Parties.

ARTICLE 38

Liechtenstein

Without prejudice to Article 2, a product originating in Liechtenstein shall, due to the customs union between Switzerland and Liechtenstein, be considered as originating in Switzerland.

ARTICLE 39

Republic of San Marino

Without prejudice to Article 2, a product originating in the Republic of San Marino shall, due to the customs union between the European Union and the Republic of San Marino, be considered as originating in the European Union.

ARTICLE 40

Principality of Andorra

Without prejudice to Article 2, a product originating in the Principality of Andorra classified under Chapters 25 to 97 of the Harmonised System shall, due to the customs union between the European Union and the Principality of Andorra, be considered as originating in the European Union.

ARTICLE 41

Ceuta and Melilla

1. For the purposes of these Rules, the term 'European Union' shall not cover Ceuta and Melilla.

2. Products originating in a Party, when imported into Ceuta or Melilla, shall enjoy in all respects the same customs regime as that which is applied to products originating in the customs territory of the European Union under Protocol 2 of the Act concerning the conditions of accession of the Kingdom of Spain and the Portuguese Republic and the adjustments to the Treaties[1]. The Parties shall grant to imports of products covered by the relevant agreement and originating in Ceuta and Melilla the same customs regime as that which is granted to products imported from and originating in the European Union.

3. For the purposes of paragraph 2 of this Article concerning products originating in Ceuta and Melilla, these Rules shall apply mutatis mutandis subject to the special conditions set out in Annex V.

ANNEX I

INTRODUCTORY NOTES TO THE LIST IN ANNEX II

Note 1 – General introduction

The list sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 4 of Title II of this Appendix. There are four different types of rules, which vary according to the product:

(a) through working or processing a maximum content of non-originating materials is not exceeded;

(b) through working or processing the 4-digit Harmonised System heading or 6-digit Harmonised System subheading of the manufactured products becomes different from the 4-digit Harmonised System heading or 6-digit subheading respectively of the materials used;

(c) a specific working or processing operation is carried out;

(d) working or processing is carried out on certain wholly obtained materials.

Note 2 – The structure of the list

2.1. The first two columns in the list describe the product obtained. The column (1) gives the heading number or chapter number used in the Harmonised System and the column (2) gives the description of goods used in that system for that heading or chapter. For each entry in the first two columns, a rule is specified in column (3). Where, in some cases, the entry in the column (1) is preceded by an 'ex', this signifies that the rules in column (3) apply only to the part of that heading as described in column (2).

2.2. Where several heading numbers are grouped together in column (1) or a chapter number is given and the description of products in column (2) is therefore given in general terms, the adjacent rules in column (3) apply to all products which, under the Harmonised System, are classified in headings of the chapter or in any of the headings grouped together in column (1).

2.3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in column (3).

2.4. Where two alternative rules are set out in column (3), separated by 'or', it is at the choice of the exporter which one to use.

Note 3 – Examples of how to apply the rules

3.1. Article 4 of Title II of this Appendix, concerning products having obtained originating status which are used in the manufacture of other products, shall apply, regardless of whether that status has been obtained inside the factory where those products are used or in another factory in a Party.

3.2. Pursuant to Article 6 of Title II of this Appendix, the working or processing carried out must go beyond the list of operations mentioned in that Article. If it does not, the goods shall not qualify for the granting of the benefit of preferential tariff treatment, even if the conditions set out in the list below are met.

Subject to Article 6 of Title II of this Appendix, the rules in the list represent the minimum amount of working or processing required, and the carrying-out of more working or processing also confers originating status; conversely, the carrying-out of less working or processing cannot confer originating status.

Thus, if a rule provides that non-originating material, at a certain level of manufacture, may be used, the use of such material at an earlier stage of manufacture is allowed, and the use of such material at a later stage is not.

If a rule provides that non-originating material, at a certain level of manufacture, may not be used, the use of materials at an earlier stage of manufacture is allowed, and the use of materials at a later stage is not.

Example: when the list-rule for Chapter 19 requires that 'non-originating materials of headings 1101 to 1108 cannot exceed 20 % weight', the use (i.e. importation) of cereals of Chapter 10 (materials at an earlier stage of manufacture) is not limited.

3.3. Without prejudice to Note 3.2, where a rule uses the expression 'Manufacture from materials of any heading', then materials of any heading(s) (even materials of the same description and heading as the product) may be used, subject, however, to any specific limitations which may also be contained in the rule.

However, the expression 'Manufacture from materials of any heading, including other materials of heading …' or 'Manufacture from materials of any heading, including other materials of the same heading as the product' means that materials of any heading(s) may be used, except those of the same description as the product as given in column (2) of the list.

3.4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that one or more materials may be used. It does not require that all be used.

3.5. Where a rule in the list specifies that a product must be manufactured from a particular material, the condition does not prevent the use of other materials which, because of their inherent nature, cannot satisfy this.

3.6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then those percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the higher of the percentages given. Furthermore, the individual percentages shall not be exceeded, in relation to the particular materials to which they apply.

Note 4 – General provisions concerning certain agricultural goods

4.1. Agricultural goods falling within Chapters 6, 7, 8, 9, 10, 12 and heading 2401 which are grown or harvested in the territory of a Party shall be treated as originating in

the territory of that Party, even if grown from imported seeds, bulbs, rootstock, cuttings, grafts, shoots, buds, or other live parts of plants.

4.2. In cases where the content of non-originating sugar in a given product is subject to limitations, the weight of sugars of headings 1701 (sucrose) and 1702 (e.g., fructose, glucose, lactose, maltose, isoglucose or invert sugar) used in the manufacture of the final product and used in the manufacture of the non-originating products incorporated in the final product is taken into account for the calculation of such limitations.

Note 5 – Terminology used in respect of certain textile products

5.1. The term 'natural fibres' is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres which have been carded, combed or otherwise processed, but not spun.

5.2. The term 'natural fibres' includes horsehair of heading 0511, silk of headings 5002 and 5003, as well as wool-fibres and fine or coarse animal hair of headings 5101 to 5105, cotton fibres of headings 5201 to 5203, and other vegetable fibres of headings 5301 to 5305.

5.3. The terms 'textile pulp', 'chemical materials' and 'paper-making materials' are used in the list to describe the materials, not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

5.4. The term 'man-made staple fibres' is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of headings 5501 to 5507.

5.5. Printing (when combined with Weaving, Knitting/Crocheting, Tufting or Flocking) is defined as a technique by which an objectively assessed function, like colour, design, technical performance, is given to a textile substrate with a permanent character, using screen, roller, digital or transfer techniques.

5.6. Printing (as standalone operation) is defined as a technique by which an objectively assessed function, like colour, design, technical performance, is given to a textile substrate with a permanent character, using screen, roller, digital or transfer techniques combined with at least two preparatory/finishing operations (such as scouring, bleaching, mercerizing, heat setting, raising, calendaring, shrink resistance processing, permanent finishing, decatising, impregnating, mending and burling), provided that the value of all the materials used does not exceed 50 % of the ex-works price of the product.

Note 6 – Tolerances applicable to products made of a mixture of textile materials

6.1. Where, for a given product in the list, reference is made to this Note, the conditions set out in column (3) shall not be applied to any basic textile materials used in the manufacture of that product and which, taken together, represent 15 % or less of the total weight of all the basic textile materials used (See also Notes 6.3 and 6.4).

6.2. However, the tolerance mentioned in Note 6.1 may be applied only to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

– silk;
– wool;
– coarse animal hair;
– fine animal hair;
– horsehair;
– cotton;
– paper-making materials and paper;
– flax;
– true hemp;
– jute and other textile bast fibres;
– sisal and other textile fibres of the genus Agave;
– coconut, abaca, ramie and other vegetable textile fibres;
– synthetic man-made filament fibres of polypropylene;
– synthetic man-made filament fibres of polyester;
– synthetic man-made filament fibres of polyamide;
– synthetic man-made filament fibres of polyacrylonitrile;
– synthetic man-made filament fibres of polyimide;
– synthetic man-made filament fibres of polytetrafluoroethylene;
– synthetic man-made filament fibres of poly(phenylene sulphide);
– synthetic man-made filament fibres of poly(vinyl chloride);
– other synthetic man-made filament fibres;
– artificial man-made filament fibres of viscose;
– other artificial man-made filament fibres;
– current-conducting filaments;
– synthetic man-made staple fibres of polypropylene;
– synthetic man-made staple fibres of polyester;
– synthetic man-made staple fibres of polyamide;
– synthetic man-made staple fibres of polyacrylonitrile;
– synthetic man-made staple fibres of polyimide;
– synthetic man-made staple fibres of polytetrafluoroethylene;
– synthetic man-made staple fibres of poly(phenylene sulphide);
– synthetic man-made staple fibres of poly(vinyl chloride);
– other synthetic man-made staple fibres;
– artificial man-made staple fibres of viscose;
– other artificial man-made staple fibres;

– yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped;

– products of heading 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film;

– other products of heading 5605;

– glass fibres;

– metal fibres;

– mineral fibres.

6.3. In the case of products incorporating 'yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped', this tolerance is 20 % in respect of this yarn.

6.4. In the case of products incorporating 'strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film', this tolerance is 30 % in respect of this strip.

Note 7 – Other tolerances applicable to certain textile products

7.1. Where, in the list, reference is made to this Note, textile materials (with the exception of linings and interlinings) which do not satisfy the rule set out in the list in column (3) for the made-up product concerned may be used, provided that they are classified in a heading other than that of the product and that their value does not exceed 15 % of the ex-works price of the product.

7.2. Without prejudice to Note 7.3, materials which are not classified within Chapters 50 to 63 may be used freely in the manufacture of textile products, whether or not they contain textiles.

7.3. Where a percentage rule applies, the value of non-originating materials which are not classified within Chapters 50 to 63 must be taken into account when calculating the value of the non-originating materials incorporated.

Note 8 – Definition of specific processes and simple operations carried out in respect of certain products of Chapter 27

8.1. For the purposes of headings ex 2707 and 2713, the 'specific processes' are the following:

(a) vacuum-distillation;

(b) redistillation by a very thorough fractionation process;

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerisation;

(h) alkylation;

(i) isomerisation.

8.2. For the purposes of headings 2710, 2711 and 2712, the 'specific processes' are the following:

(a) vacuum-distillation;

(b) redistillation by a very thorough fractionation process;

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally active earth, activated earth, activated charcoal or bauxite;

(g) polymerisation;

(h) alkylation;

(i) isomerisation;

(j) in respect of heavy oils of heading ex 2710 only, desulphurisation with hydrogen, resulting in a reduction of at least 85 % of the sulphur content of the products processed (ASTM D 1266-59 T method);

(k) in respect of products of heading 2710 only, deparaffining by a process other than filtering;

(l) in respect of heavy oils of heading ex 2710 only, treatment with hydrogen, at a pressure of more than 20 bar and a temperature of more than 250 °C, with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. The further treatment, with hydrogen, of lubricating oils of heading ex 2710 (e.g. hydrofinishing or decolourisation), in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;

(m) in respect of fuel oils of heading ex 2710 only, atmospheric distillation, on condition that less than 30 % of these products distils, by volume, including losses, at 300 °C, by the ASTM D 86 method;

(n) in respect of heavy oils other than gas oils and fuel oils of heading ex 2710 only, treatment by means of a high-frequency electrical brush discharge;

(o) in respect of crude products (other than petroleum jelly, ozokerite, lignite wax or peat wax, paraffin wax containing by weight less than 0.75 % of oil) of heading ex 2712 only, de-oiling by fractional crystallisation.

8.3. For the purposes of headings ex 2707 and 2713, simple operations, such as cleaning, decanting, desalting, water separation, filtering, colouring, marking, obtaining a sulphur content as a result of mixing products with different sulphur contents, or any combination of those operations or like operations, do not confer origin.

Note 9 – Definition of specific processes and operations carried out in respect of certain products

9.1. Products falling within Chapter 30 obtained in a Party by using cell cultures, shall be considered as originating in that Party. 'Cell culture' is defined as the cultivation of human, animal and plant cells under controlled conditions (such as defined temperatures, growth medium, gas mixture, pH) outside a living organism.

9.2. Products falling within Chapters 29 (except for: 2905.43-2905.44), 30, 32, 33 (except for: 3302.10, 3301), 34, 35 (except for: 35.01, 3502.11-3502.19, 3502.20, 35.05), 36, 37, 38 (except for: 3809.10, 38.23, 3824.60, 38.26) and 39 (except for: 39.16-39.26) obtained in a Party by fermentation shall be considered as originating in that Party. 'Fermentation' is a biotechnological process in which human, animal, plant cells, bacteria, yeasts, fungi or enzymes are used to produce products falling within Chapters 29 to 39.

9.3. The following processing operations are considered sufficient according to paragraph 1 of Article 4 for products falling within Chapters 28, 29 (except for: 2905.43-2905.44), 30, 32, 33 (except for: 3302.10, 3301), 34, 35 (except for: 35.01, 3502.11-3502.19, 3502.20, 35.05), 36, 37, 38 (except for: 3809.10, 38.23, 3824.60, 38.26) and 39 (except for: 39.16-39.26):

– Chemical reaction: A 'chemical reaction' is a process (including a biochemical process) which results in a molecule with a new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule. A chemical reaction may be expressed by a change of the 'CAS number'.

  The following processes should not be considered for purposes of origin: (a) dissolving in water or other solvents; (b) the elimination of solvents, including solvent water; or (c) the addition or elimination of water of crystallization. A chemical reaction as defined above is to be considered as origin conferring.

– Mixtures and Blends: The deliberate and proportionally controlled mixing or blending (including dispersing) of materials, other than the addition of diluents, to conform to predetermined specifications which results in the

production of a good having physical or chemical characteristics which are relevant to the purposes or uses of the good and are different from the input materials is to be considered to be as origin conferring.

– Purification: Purification is to be considered as origin conferring provided that purification occurring in the territory of one or several of the Parties results in one of the following criteria being satisfied:

(a) purification of a good resulting in the elimination of at least 80 % of the content of existing impurities; or

(b) the reduction or elimination of impurities resulting in a good suitable for one or more of the following applications:

(i) pharmaceutical, medicinal, cosmetic, veterinary, or food grade substances;

(ii) chemical products and reagents for analytical, diagnostic or laboratory uses;

(iii) elements and components for use in micro-electronics;

(iv) specialised optical uses;

(v) biotechnical use (e.g., in cell culturing, in genetic technology, or as a catalyst);

(vi) carriers used in a separation process; or

(vii) nuclear grade uses.

– Change in particle size: The deliberate and controlled modification in particle size of a good, other than by merely crushing or pressing, resulting in a good having a defined particle size, defined particle size distribution or defined surface area which is relevant to the purposes of the resulting good and having different physical or chemical characteristics from the input materials is to be considered as origin conferring.

– Standard materials: Standard materials (including standard solutions) are preparations suitable for analytical, calibrating or referencing uses having precise degrees of purity or proportions which are certified by the manufacturer. The production of standard materials is to be considered as origin conferring.

– Isomer separation: The isolation or separation of isomers from a mixture of isomers is to be considered as origin conferring.

ANNEX II

LIST OF WORKING OR PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING MATERIALS IN ORDER FOR THE PRODUCT MANUFACTURED TO OBTAIN ORIGINATING STATUS

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
Chapter 1	Live animals	All the animals of Chapter 1 shall be wholly obtained
Chapter 2	Meat and edible meat offal	Manufacture in which all the meat and edible meat offal in the products of this Chapter is wholly obtained
Chapter 3	Fish and crustaceans, molluscs and other aquatic invertebrates	Manufacture in which all the materials of Chapter 3 used are wholly obtained
Chapter 4	Dairy produce; birds' eggs; natural honey; edible products of animal origin, not elsewhere specified or included	Manufacture in which all the materials of Chapter 4 used are wholly obtained
ex Chapter 5	Products of animal origin, not elsewhere specified or included; except for:	Manufacture from materials of any heading
ex 0511 91	Inedible fish eggs and roes	All the eggs and roes are wholly obtained
Chapter 6	Live trees and other plants; bulbs, roots and the like; cut flowers and ornamental foliage	Manufacture in which all the materials of Chapter 6 used are wholly obtained
Chapter 7	Edible vegetables and certain roots and tubers	Manufacture in which all the materials of Chapter 7 used are wholly obtained
Chapter 8	Edible fruit and nuts; peel of citrus fruits or melons	Manufacture in which all the fruit, nuts and peels of citrus fruits or melons of Chapter 8 used are wholly obtained
Chapter 9	Coffee, tea, maté and spices	Manufacture from materials of any heading

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
Chapter 10	Cereals	Manufacture in which all the materials of Chapter 10 used are wholly obtained
Chapter 11	Products of the milling industry; malt; starches; inulin; wheat gluten	Manufacture in which all the materials of Chapters 8, 10 and 11, headings 0701, 0714, 2302 and 2303, and subheading 0710 10 used are wholly obtained
Chapter 12	Oil seeds and oleaginous fruits; miscellaneous grains, seeds and fruit; industrial or medicinal plants; straw and fodder	Manufacture from materials of any heading, except that of the product
ex Chapter 13	Lac; gums, resins and other vegetable saps and extracts; except for:	Manufacture from materials of any heading
ex 1302	Pectic substances, pectinates and pectates	Manufacture from materials of any heading and in which the weight of sugar used does not exceed 40 % of the weight of the final product
Chapter 14	Vegetable plaiting materials; vegetable products not elsewhere specified or included	Manufacture from materials of any heading
ex Chapter 15	Animal or vegetable fats and oils and their cleavage products; prepared edible fats; animal or vegetable waxes; except for:	Manufacture from materials of any heading, except that of the product
1504 to 1506	Fats and oils and their fractions, of fish or marine mammals; wool grease and fatty substances derived therefrom (including lanolin); other animal fats and oils and their fractions, whether or not refined, but not chemically modified	Manufacture from materials of any heading
1508	Groundnut oil and its fractions, whether or not refined, but not chemically modified	Manufacture from materials of any subheading, except that of the product
1509 and 1510	Olive oil and its fractions	Manufacture in which all the vegetable materials used are wholly obtained

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
1511	Palm oil and its fractions, whether or not refined, but not chemically modified	Manufacture from materials of any subheading, except that of the product
ex 1512	Sunflower seed oils and their fractions: - for technical or industrial uses other than the manufacture of foodstuffs for human consumption - other	 Manufacture from materials of any heading, except that of the product Manufacture in which all the vegetable materials used are wholly obtained
1515	Other fixed vegetable fats and oils (including jojoba oil) and their fractions, whether or not refined, but not chemically modified	Manufacture from materials of any subheading, except that of the product
ex 1516	Fats and oils and their fractions, of fish	Manufacture from materials of any heading
1520	Glycerol, crude; glycerol waters and glycerol lyes	Manufacture from materials of any heading
Chapter 16	Preparations of meat, of fish or of crustaceans, molluscs or other aquatic invertebrates	Manufacture in which all the materials of Chapter 2, 3 and 16 used are wholly obtained
ex Chapter 17	Sugars and sugar confectionery; except for:	Manufacture from materials of any heading, except that of the product
1702	Other sugars, including chemically pure lactose, maltose, glucose and fructose, in solid form; sugar syrups not containing added flavouring or colouring matter; artificial honey, whether or not mixed with natural honey; caramel: - Chemically-pure maltose and fructose	 Manufacture from materials of any heading, including other materials of heading 1702

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
	- Other	Manufacture from materials of any heading, except that of the product, in which the weight of the materials of heading 1101 to 1108, 1701 and 1703 used does not exceed 30 % of the weight of the final product
1704	Sugar confectionery (including white chocolate), not containing cocoa	Manufacture from materials of any heading, except that of the product, in which: – the weight of sugar used does not exceed 40 % of the weight of the final product or – the value of sugar used does not exceed 30 % of the ex-works price of the product
ex Chapter 18	Cocoa and cocoa preparations; except for:	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product
ex 1806	Chocolate and other food preparations containing cocoa; except for:	Manufacture from materials of any heading, except that of the product, in which: – the weight of sugar used does not exceed 40 % of the weight of the final product or – the value of sugar used does not exceed 30 % of the ex-works price of the product
1806 10	Cocoa powder, containing added sugar or other sweetening matters	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
1901	Malt extract; food preparations of flour, groats, meal, starch or malt extract, not containing cocoa or containing less than 40 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included; food preparations of goods of headings 0401 to 0404, not containing cocoa or containing less than 5 % by weight of cocoa calculated on a totally defatted basis, not elsewhere specified or included: - Malt extract - Other	 Manufacture from cereals of Chapter 10 Manufacture from materials of any heading, except that of the product, in which the individual weight of sugar and of the materials of Chapter 4 used does not exceed 40 % of the weight of the final product
1902	Pasta, whether or not cooked or stuffed (with meat or other substances) or otherwise prepared, such as spaghetti, macaroni, noodles, lasagne, gnocchi, ravioli, cannelloni; couscous, whether or not prepared	Manufacture from materials of any heading, except that of the product, in which: – the weight of the materials of headings 1006 and 1101 to 1108 used does not exceed 20 % of the weight of the final product, and – the weight of the materials of Chapters 2, 3 and 16 used does not exceed 20 % of the weight of the final product
1903	Tapioca and substitutes therefor prepared from starch, in the form of flakes, grains, pearls, siftings or similar forms	Manufacture from materials of any heading, except potato starch of heading 1108

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
1904	Prepared foods obtained by the swelling or roasting of cereals or cereal products (for example, corn flakes); cereals (other than maize (corn)) in grain form or in the form of flakes or other worked grains (except flour, groats and meal), pre-cooked or otherwise prepared, not elsewhere specified or included	Manufacture from materials of any heading, except that of the product, in which: – the weight of the materials of headings 1006 and 1101 to 1108 used does not exceed 20 % of the weight of the final product, and – the weight of sugar used does not exceed 40 % of the weight of the final product
1905	Bread, pastry, cakes, biscuits and other bakers' wares, whether or not containing cocoa; communion wafers, empty cachets of a kind suitable for pharmaceutical use, sealing wafers, rice paper and similar products	Manufacture from materials of any heading, except that of the product, in which the weight of the materials of headings 1006 and 1101 to 1108 used does not exceed 20 % of the weight of the final product
ex Chapter 20	Preparations of vegetables, fruit, nuts or other parts of plants; except for:	Manufacture from materials of any heading, except that of the product
2002 and 2003	Tomatoes, mushrooms and truffles prepared or preserved otherwise than by vinegar or acetic acid	Manufacture from materials of any heading, except that of the product, in which all the materials of Chapter 7 used are wholly obtained
2006	Vegetables, fruit, nuts, fruit-peel and other parts of plants, preserved by sugar (drained, glacé or crystallized)	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product
2007	Jams, fruit jellies, marmalades, fruit or nut purée and fruit or nut pastes, obtained by cooking, whether or not containing added sugar or other sweetening matter	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
ex 2008	Products, other than: - Nuts, not containing added sugar or spirits - Peanut butter; mixtures based on cereals; palm hearts; maize (corn) - Fruit and nuts cooked otherwise than by steaming or boiling in water, not containing added sugar, frozen	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product
2009	Fruit juices (including grape must) and vegetable juices, unfermented and not containing added spirit, whether or not containing added sugar or other sweetening matter	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product
ex Chapter 21	Miscellaneous edible preparations; except for:	Manufacture from materials of any heading, except that of the product
2103	- Sauces and preparations therefor; mixed condiments and mixed seasonings	Manufacture from materials of any heading, except that of the product. However, mustard flour or meal or prepared mustard may be used
	- Mustard flour and meal and prepared mustard	Manufacture from materials of any heading
2105	Ice cream and other edible ice, whether or not containing cocoa	Manufacture from materials of any heading, except that of the product, in which: – the individual weight of sugar and of the materials of Chapter 4 used does not exceed 40 % of the weight of the final product and – the total combined weight of sugar and of the materials of Chapter 4 used does not exceed 60 % of the weight of the final product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
2106	Food preparations not elsewhere specified or included	Manufacture from materials of any heading, except that of the product, in which the weight of sugar used does not exceed 40 % of the weight of the final product
ex Chapter 22	Beverages, spirits and vinegar; except for:	Manufacture from materials of any heading, except that of the product, in which all the materials of subheadings 0806 10, 2009 61, 2009 69 used are wholly obtained
2202	Waters, including mineral waters and aerated waters, containing added sugar or other sweetening matter or flavoured, and other non-alcoholic beverages, not including fruit or vegetable juices of heading 2009	Manufacture from materials of any heading, except that of the product
2207 and 2208	Undenatured ethyl alcohol of an alcoholic strength by volume of higher or less than 80 % vol; spirits, liqueurs and other spirituous beverages	Manufacture from materials of any heading, except heading 2207 or 2208, in which all the materials of subheadings 0806 10, 2009 61, 2009 69 used are wholly obtained
ex Chapter 23	Residues and waste from the food industries; prepared animal fodder; except for:	Manufacture from materials of any heading, except that of the product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
2309	Preparations of a kind used in animal feeding	Manufacture in which: – all the materials of Chapters 2 and 3 used are wholly obtained, – the weight of materials of Chapters 10 and 11 and headings 2302 and 2303 used does not exceed 20 % of the weight of the final product, – the individual weight of sugar and the materials of Chapter 4 used does not exceed 40 % of the weight of the final product, and – the total combined weight of sugar and the materials of Chapter 4 used does not exceed 50 % of the weight of the final product
ex Chapter 24	Tobacco and manufactured tobacco substitutes; except for:	Manufacture from materials of any heading in which the weight of materials of heading 2401 does not exceed 30 % of the total weight of materials of Chapter 24 used
2401	Unmanufactured tobacco; tobacco refuse	Manufacture in which all materials of heading 2401 are wholly obtained
ex 2402	Cigarettes, of tobacco or of tobacco substitutes	Manufacture from materials of any heading, except that of the product and of smoking tobacco of subheading 2403 19, in which at least 10 % by weight of all materials of heading 2401 used is wholly obtained
ex 2403	Products intended for inhalation through heated delivery or other means, without combustion	Manufacture from materials of any heading, except that of the product, in which at least 10 % by weight of all materials of heading 2401 used is wholly obtained

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
ex Chapter 25	Salt; sulphur; earths and stone; plastering materials, lime and cement; except for:	Manufacture from materials of any heading, except that of the product or Manufacture in which the value of all the materials used does not exceed 70 % of the ex-works price of the product
ex 2519	Crushed natural magnesium carbonate (magnesite), in hermetically-sealed containers, and magnesium oxide, whether or not pure, other than fused magnesia or dead-burned (sintered) magnesia	Manufacture from materials of any heading, except that of the product. However, natural magnesium carbonate (magnesite) may be used
Chapter 26	Ores, slag and ash	Manufacture from materials of any heading, except that of the product
ex Chapter 27	Mineral fuels, mineral oils and products of their distillation; bituminous substances; mineral waxes; except for:	Manufacture from materials of any heading, except that of the product or Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product
ex 2707	Oils in which the weight of the aromatic constituents exceeds that of the non-aromatic constituents, being oils similar to mineral oils obtained by distillation of high temperature coal tar, of which more than 65 % by volume distils at a temperature of up to 250 °C (including mixtures of petroleum spirit and benzole), for use as power or heating fuels	Operations of refining and/or one or more specific process(es)([1]) or Other operations in which all the materials used are classified within a heading other than that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
2710	Petroleum oils and oils obtained from bituminous minerals, other than crude; preparations not elsewhere specified or included, containing by weight 70 % or more of petroleum oils or of oils obtained from bituminous minerals, these oils being the basic constituents of the preparations; waste oils	Operations of refining and/or one or more specific process(es)(**1**) or Other operations in which all the materials used are classified within a heading other than that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product
2711	Petroleum gases and other gaseous hydrocarbons	Operations of refining and/or one or more specific process(es)(**1**) or Other operations in which all the materials used are classified within a heading other than that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product
2712	Petroleum jelly; paraffin wax, microcrystalline petroleum wax, slack wax, ozokerite, lignite wax, peat wax, other mineral waxes, and similar products obtained by synthesis or by other processes, whether or not coloured	Operations of refining and/or one or more specific process(es)(**1**) or Other operations in which all the materials used are classified within a heading other than that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
2713	Petroleum coke, petroleum bitumen and other residues of petroleum oils or of oils obtained from bituminous minerals	Operations of refining and/or one or more specific process(es)(**1**) or Other operations in which all the materials used are classified within a heading other than that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product
Chapter 28	Inorganic chemicals; organic or inorganic compounds of precious metals, of rare-earth metals, of radioactive elements or of isotopes	Manufacture from materials of any heading, except that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 20 % of the ex-works price of the product or Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product
ex Chapter 29	Organic chemicals; except for:	Specific process(es)(**4**) or Manufacture from materials of any heading, except that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 20 % of the ex-works price of the product or Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
ex 2901	Acyclic hydrocarbons for use as power or heating fuels	Specific process(es)(**4**) or Operations of refining and/or one or more specific process(es)(**1**) or Manufacture from materials of any heading, except that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product
ex 2902	Cyclanes and cyclenes (other than azulenes), benzene, toluene, xylenes, for use as power or heating fuels	Specific process(es)(**4**) or Operations of refining and/or one or more specific process(es)(**1**) or Manufacture from materials of any heading, except that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 50 % of the ex-works price of the product
ex 2905	Metal alcoholates of alcohols of this heading and of ethanol	Specific process(es)(**4**) or Manufacture from materials of any heading, including other materials of heading 2905. However, metal alcoholates of this heading may be used, provided that their total value does not exceed 20 % of the ex-works price of the product or Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product

Heading (1)	Description of product (2)	Working or processing, carried out on non-originating materials, which confers originating status (3)
Chapter 30	Pharmaceutical products	Specific process(es)([4]) or Manufacture from materials of any heading
Chapter 31	Fertilizers	Manufacture from materials of any heading, except that of the product. However, materials of the same heading as the product may be used, provided that their total value does not exceed 20 % of the ex-works price of the product or Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product
Chapter 32	Tanning or dyeing extracts; tannins and their derivatives; dyes, pigments and other colouring matter; paints and varnishes; putty and other mastics; inks	Specific process(es)([4]) or Manufacture from materials of any heading, except that of the product. ANNEX V

SPECIAL CONDITIONS CONCERNING PRODUCTS ORIGINATING IN CEUTA AND MELILLA

Sole Article

1. Providing they comply with the non-alteration rule of Article 14 of this Appendix, the following shall be considered as:

(1) products originating in Ceuta and Melilla:

(a) products wholly obtained in Ceuta and Melilla;

(b) products obtained in Ceuta and Melilla in the manufacture of which products other than products wholly obtained in Ceuta and Melilla are used, provided that:

(i) the said products have undergone sufficient working or processing within the meaning of Article 4 of this Appendix; or

(ii) those products originate in one of the Parties, provided that they have been submitted to working or processing which goes beyond the operations referred to in Article 6 of this Appendix;

(2) products originating in one of the Parties:

(a) products wholly obtained in one of the Parties;

(b) products obtained in one of the Parties, in the manufacture of which products other than products wholly obtained in one of the Parties are used, provided that:

(i) those products have undergone sufficient working or processing within the meaning of Article 4 of this Appendix; or

(ii) those products originate in Ceuta and Melilla or in one of the Parties, and they have been submitted to working or processing which goes beyond the operations referred to in Article 6 of this Appendix.

2. Ceuta and Melilla shall be considered as a single territory.

3. The exporter or his authorised representative shall enter the name of the exporting Party and 'Ceuta and Melilla' in Box 2 of movement certificates EUR.1 or on origin declarations. In addition, in the case of products originating in Ceuta and Melilla, this shall be indicated in Box 4 of movement certificates EUR.1 or on origin declarations.

4. The Spanish customs authorities shall be responsible for the application of these Rules in Ceuta and Melilla.

ANNEX VI

SUPPLIER'S DECLARATION

The supplier's declaration, the text of which is provided below, must be made out in accordance with the footnotes. However, the footnotes do not have to be reproduced.

SUPPLIER'S DECLARATION
for goods which have undergone working or processing in applying Contracting Parties without having obtained preferential origin status

I, the undersigned, supplier of the goods covered by the annexed document, declare that:

1. The following materials which do not originate in [indicate the name of the relevant applying Contracting Party(ies)] have been used in [indicate the name of the relevant applying Contracting Party(ies)] to produce these goods:

Description of the goods supplied[(1)]	Description of non-originating materials used	Heading of non-originating materials used[(2)]	Value of non-originating materials used[(2)(3)]
		Total value	

2. All the other materials used in [indicate the name of the relevant applying Contracting Party(ies)] to produce those goods originate in [indicate the name of the relevant applying Contracting Party(ies)];

3. The following goods have undergone working or processing outside [indicate the name of the relevant applying Contracting Party(ies)] in accordance with Article 13 of this Appendix and have acquired the following total added value there:

Description of the goods supplied	Total added value acquired outside [indicate the name of the relevant applying Contracting Party(ies)][(4)]
	(Place and date)
	(Address and signature of the supplier; in addition the name of the person signing the declaration has to be indicated in clear script)

---

(1) When the invoice, delivery note or other commercial document to which the declaration is annexed relates to different kinds of goods, or to goods which do not incorporate non-originating materials to the same extent, the supplier must clearly differentiate them.
Example:
The document relates to different models of electric motor of heading 8501 to be used in the manufacture of washing machines of heading 8450. The nature and value of the non-originating materials used in the manufacture of those motors differ from one model to another. The models must therefore be differentiated in the first column and the indications in the other columns must be provided separately for each of the models to make it possible for the manufacturer of washing machines to make a correct assessment of the originating status of his products depending on which model of electrical motor he uses.

(2) The indications requested in those columns should only be given if they are necessary.
Examples:
The rule for garments of ex Chapter 62 says Weaving combined with making-up including cutting of fabric may be used. If a manufacturer of such garments in an applying Contracting Party uses fabric imported from the European Union which has been obtained there by weaving non-originating yarn, it is sufficient for the European Union supplier to describe in his declaration the non-originating material used as yarn, without it being necessary to indicate the heading and value of such yarn.
A producer of iron of heading 7217 who has produced it from non-originating iron bars should indicate in the second column 'bars of iron'. Where this wire is to be

used in the production of a machine, for which the rule contains a limitation for all non-originating materials used to a certain percentage value, it is necessary to indicate in the third column the value of non-originating bars.

(3) 'Value of materials' means the customs value at the time of importation of the non-originating materials used, or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in [indicate the name of the relevant applying Contracting Party(ies)].

The exact value for each non-originating material used must be given per unit of the goods specified in the first column.

(4) 'Total added value' shall mean all costs accumulated outside [indicate the name of the relevant applying Contracting Party(ies)], including the value of all materials added there. The exact total added value acquired outside [indicate the name of the relevant applying Contracting Party(ies)] must be given per unit of the goods specified in the first column.

ANNEX VII

LONG-TERM SUPPLIER'S DECLARATION

The long-term supplier's declaration, the text of which is given below, must be made out in accordance with the footnotes. However, the footnotes do not have to be reproduced.

LONG-TERM SUPPLIER'S DECLARATION
for goods which have undergone working or processing in an applying Contracting Party without having obtained preferential origin status

I, the undersigned, supplier of the goods covered by the annexed document, which are regularly supplied to[(1)] ……., declare that:

1. The following materials which do not originate in [indicate the name of the relevant applying Contracting Party(ies)] have been used in [indicate the name of the relevant applying Contracting Party(ies)] to produce these goods:

Description of the goods supplied[(2)]	Description of non-originating materials used	Heading of non-originating materials used[(3)]	Value of non-originating materials used[(3)(4)]
		Total value	

2. All the other materials used in [indicate the name of the relevant applying Contracting Party(ies)] to produce those goods originate in [indicate the name of the relevant applying Contracting Party(ies)];

3. The following goods have undergone working or processing outside [indicate the name of the relevant applying Contracting Party(ies)] in accordance with Article 13 of this Appendix and have acquired the following total added value there:

Description of the goods supplied	Total added value acquired outside [indicate the name of the relevant applying Contracting Party(ies)][(5)]

This declaration is valid for all subsequent consignments of those goods dispatched from……

to……[(6)]

I undertake to inform ……..[(1)] immediately if this declaration is no longer valid.

(Place and date)
(Address and signature of the supplier; in addition the name of the person signing the declaration has to be indicated in clear script)

---

(1) Name and address of the customer.

(2) When the invoice, delivery note or other commercial document to which the declaration is annexed relates to different kinds of goods, or to goods which do not incorporate non-originating materials to the same extent, the supplier must clearly differentiate them.
Example:
The document relates to different models of electric motor of heading 8501 to be used in the manufacture of washing machines of heading 8450. The nature and value of the non-originating materials used in the manufacture of those motors differ from one model to another. The exact total added value acquired outside [indicate the name of the relevant applying Contracting Party(ies)] must be given per unit of the goods specified in the first column.

(6) Insert dates. The period of validity of the long-term supplier's declaration should not normally exceed 24 months, subject to the conditions laid down by the customs authorities of the applying Contracting Party where the long-term supplier's declaration is made out."

2301 10 000	– Flours, meals and pellets, of meat or meat offal; greaves	5%	5%		0%		5%	
2301 20 000	– Flours, meals and pellets, of fish or of crustaceans, molluscs or other aquatic invertebrates	5%	5%		0%		0%	
2302	Bran, sharps and other residues, whether or not in the form of pellets, derived from the sifting, milling or other working of cereals or of leguminous plants.							
2302 10	-Of maize (corn)							
2302 10 100	– – With a starch content not exceeding 35 % by weight	10%	10%		10%		10%	
2302 10 900	– – Other	10%	10%		10%		10%	
2302 30	-Of wheat							
2302 30 100	– – Of which the starch content does not exceed 28 % by weight, and of which the proportion that passes through a sieve with an aperture of 0,2 mm does not exceed 10 % by weight or alternatively the proportion that passes through the sieve has an ash content, calculated on the dry product, equal to or more than 1,5 % by weight	10%	10%		10%		10%	
2302 30 900	– – Other	10%	10%		10%		10%	
2302 40	-Of other cereals							
	--Of rice							
2302 40 020	– – – With a starch content not exceeding 35 % by weight	10%	10%		10%		10%	
2302 40 080	– – – Other	10%	10%		10%		10%	
	--Other							

2302 40 100	– – – Of which the starch content does not exceed 28 % by weight, and of which the proportion that passes through a sieve with an aperture of 0,2 mm does not exceed 10 % by weight or alternatively the proportion that passes through the sieve has an ash content, calculated on the dry product, equal to or more than 1,5 % by weight	10%	10%		10%		10%	
2302 40 900	– – – Other	10%	10%		10%		10%	
2302 50 000	– Of leguminous plants	10%	10%		10%		10%	
2303	Residues of starch manufacture and similar residues, beet-pulp, bagasse and other waste of sugar manufacture, brewing or distilling dregs and waste, whether or not in the form of pellets.							
2303 10	-Residues of starch manufacture and similar residues							
	--Residues from the manufacture of starch from maize (excluding concentrated steeping liquors), of a protein content, calculated on the dry product							
2303 10 110	– – – Exceeding 40 % by weight	10%	10%		10%		10%	
2303 10 190	– – – Not exceeding 40 % by weight	10%	10%		10%		10%	
2303 10 900	– – Other	10%	10%		10%		10%	
2303 20	-Beet-pulp, bagasse and other waste of sugar manufacture							
2303 20 100	– – Beet-pulp	10%	10%		10%		10%	
2303 20 900	– – Other	10%	10%		10%		10%	
2303 30 000	– Brewing or distilling dregs and waste	10%	10%		10%		0%	
2304 00 000	Oilcake and other solid residues, whether or not ground or in the form of pellets, resulting from the extraction of soya-bean oil	5%	5%		0%		5%	
2305 00 000	Oilcake and other solid residues, whether or not ground or in the form of pellets,	10%	10%		10%		10%	

	resulting from the extraction of groundnut oil							
2306	Oil-cake and other solid residues, whether or not ground or in the form of pellets, resulting from the extraction of vegetable or microbial fats or oils, other than those of heading 23.04 or 23.05.							
2306 10 000	– Of cotton seeds	0%	0%		0%		0%	
2306 20 000	– Of linseed	10%	10%		10%		10%	
2306 30 000	– Of sunflower seeds	10%	10%		10%		10%	
	-Of rape or colza seeds							
2306 41 000	– – Of low erucic acid rape or colza seeds	5%	5%		5%		5%	
2306 49 000	– – Other	5%	5%		5%		5%	
2306 50 000	– Of coconut or copra	10%	10%		10%		10%	
2306 60 000	– Of palm nuts or kernels	10%	10%		10%		10%	
2306 90	-Other							
2306 90 050	– – Of maize (corn) germ	10%	10%		10%		10%	
	--Other							
	---Oilcake and other residues resulting from the extraction of olive oil							
2306 90 110	– – – – Containing 3 % or less by weight of olive oil	10%	10%		10%		10%	
2306 90 190	– – – – Containing more than 3 % by weight of olive oil	10%	10%		10%		10%	
2306 90 900	– – – Other	10%	10%		10%		10%	
2307 00	Wine lees; argol							
	-Wine lees							
2307 00 110	– – Having a total alcoholic strength by mass not exceeding 7,9 % mas and a dry matter content not less than 25 % by weight	10%	10%		10%		10%	
2307 00 190	– – Other	10%	10%		10%		10%	
2307 00 900	– Argol	10%	10%		10%		10%	
2308 00	Vegetable materials and vegetable waste, vegetable residues and by-products, whether or not in the form of pellets, of a							

	kind used in animal feeding, not elsewhere specified or included							
	-Grape marc							
2308 00 110	– – Having a total alcoholic strength by mass not exceeding 4,3 % mas and a dry matter content not less than 40 % by weight	10%	10%		10%		10%	
2308 00 190	– – Other	10%	10%		10%		10%	
2308 00 400	– Acorns and horse-chestnuts; pomace or marc of fruit, other than grapes	10%	10%		10%		10%	
2308 00 900	– Other	10%	10%		10%		10%	
2309	Preparations of a kind used in animal feeding.							
2309 10	-Dog or cat food, put up for retail sale							
	--Containing starch, glucose, glucose syrup, maltodextrine or maltodextrine syrup of subheadings 17023050, 17023090, 17024090, 17029050 and 21069055 or milk products							
	---Containing starch, glucose, glucose syrup, maltodextrine or maltodextrine syrup

Additional notes:

* For the purposes of subheading 2403 11, the expression 'water-pipe tobacco' means tobacco intended for smoking in a water pipe and which consists of a mixture of tobacco and glycerol, whether or not containing aromatic oils and extracts, molasses or sugar, and whether or not flavoured with fruit. However, tobacco-free products intended for smoking in a water pipe are excluded from this subheading.

** For the import of engines, the customs duty is:
(a) 0% – for engines from subheadings 8407 31, 8407 32, 8407 33, 8407 34 and 8408 20, intended for the propulsion of tillers from subheading 8701 10;
(b) 10% of the amount of the calculated excise duty - for motor vehicles with the same engine capacity and with an operating term of over 5 years and for the engines of vehicles subject to excise duties classified under tariff item 8703;
(c) 15% of the customs value – for engines of other types of motor vehicles.

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF ICELAND ON GOODS ORIGINATING IN THE REPUBLIC OF MOLDOVA

ANNEX III REFERRED

TO IN ARTICLE 2.2

SCHEDULE OF TARIFF COMMITMENTS ON GOODS COMMITMENTS

OF ICELAND ON GOODS ORIGINATING IN THE REPUBLIC OF

MOLDOVA

The following terms and conditions apply to tariff commitments granted by Iceland in accordance with the schedule of tariff concessions in this Annex:

(a) Upon entry into force of the Agreement, Iceland shall eliminate import duties and charges having equivalent effect to import duties on imports of goods originating in the Republic of Moldova, classified as "NAMA", as set out below.

(b) Upon entry into force of the Agreement, Iceland shall, for goods classified as "AG" (Agricultural Products) originating in the Republic of Moldova, apply the customs duties set out in columns 4a ("Ad valorem") and 4b ("Specific ISK/kg or ISK/piece") of the table. "NPT" means "No Preferential Treatment."

(c) The classification of goods shall be that set out in the respective tariff nomenclature of Iceland and in conformity with the Harmonized

ANNEX IV

REFERRED TO IN ARTICLE 2.2

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF NORWAY ON GOODS ORIGINATING IN THE REPUBLIC OF MOLDOVA

ANNEX IV

REFERRED TO IN ARTICLE 2.2

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF NORWAY ON GOODS ORIGINATING IN THE REPUBLIC OF MOLDOVA

The following terms and conditions apply to the tariff commitments granted by Norway to the Republic of Moldova in accordance with this Annex:

(a) For goods originating in the Republic of Moldova referred to as "NAMA" (Non-Agricultural Products) in column 3, Norway shall eliminate all import duties and charges having equivalent effect to import duties, as set out in column 4a or 4b.

(b) For goods originating in the Republic of Moldova referred to as "BAP" (Basic Agricultural Products) in column 3, Norway shall apply import duties as set out in columns 4a or 4b.

(c) For goods originating in the Republic of Moldova referred to as "PAP" (Processed Agricultural Products) in column 3, the following provisions apply:

(i) In order to take account of differences in the cost of the agricultural raw materials, the duty, levied upon import, shall be based on, but not exceed, the differences between the domestic price in Norway and the world market price of the agricultural raw materials incorporated into the goods concerned.

(ii) Subject to the provisions in subparagraph (i), Norway shall accord for goods referred to as PAP in column 3 of the table, originating in the Republic of Moldova, the same treatment as given to the European Union (EU). The commitments set out in the table for PAP are the same concessions as granted to the EU as of 1 January 2021. If the commitments for these goods are changed in the agreement between Norway and the EU, the Republic of Moldova will simultaneously get identical commitments.

(iii) Norway shall publish the applicable import duties for processed agricultural products on the Website of the EFTA Secretariat.

(d) For goods referred to as "NC" (not covered) in columns 4a or 4b, no commitments related to import duties are granted by Norway.

(e) Norway shall, based on an end-use criteria, accord duty-free market access to fish feed and raw materials for making fish feed, originating in the Republic of Moldova.

(f) The classification of goods shall be that set out in the tariff nomenclature of Norway in conformity with the Harmonized Commodity Description and Coding System (HS 2022).

ANNEX V

REFERRED TO IN ARTICLE 2.2

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF SWITZERLAND ON GOODS ORIGINATING IN THE REPUBLIC OF MOLDOVA

ANNEX V

REFERRED TO IN ARTICLE 2.2

SCHEDULE OF TARIFF COMMITMENTS ON GOODS

COMMITMENTS OF SWITZERLAND ON GOODS ORIGINATING IN THE REPUBLIC OF MOLDOVA

The following terms and conditions apply to tariff commitments granted by Switzerland in accordance with this Annex:

(a) For goods originating in the Republic of Moldova indicated as "NAMA" (Non-Agricultural Products) in column 3, Switzerland shall upon entry into force of the Agreement, eliminate all import duties and charges having equivalent effect to import duties, as set out in column 4.

(b) For goods originating in the Republic of Moldova indicated as "AG" (Agricultural Products) in column 3, Switzerland shall apply import duties as set out in column 4 or 5.

(c) For goods originating in the Republic of Moldova indicated as "PCM" (Price Compensation Mechanism) in column 4:

  (i) The duty levied upon import shall be based on, but not exceed, the difference between the domestic price in Switzerland and the world market price of the agricultural raw materials incorporated into the goods concerned;

  (ii) Switzerland shall publish the applicable import duties for goods indicated as "PCM" on the website of the EFTA Secretariat.

(d) For tariff concessions in column 5, Switzerland shall reduce the MFN duty rate applicable at the time of importation by the amount specified in that column.

(e) For goods originating in the Republic of Moldova indicated as "NC" (not covered) in columns 4 and 5, no commitments related to import duties are granted by Switzerland.

(f) The classification of goods shall be that set out in the tariff nomenclature of Switzerland in conformity with the Harmonized Commodity Description and Coding System in it 2022 version or any subsequent amendment thereto approved by the Parties.

ANNEX VI

REFERRED TO IN ARTICLE 2.13

TRADE FACILITATION

ANNEX VI

REFERRED TO IN ARTICLE 2.13

TRADE FACILITATION

ARTICLE 1

General Principles

1. The Parties, aiming to serve the interests of their respective business communities and to create a trading environment allowing them to benefit from the opportunities offered by the Agreement, agree that in particular the following principles are the basis for the development and administration of trade facilitation measures by their competent authorities:

(a) transparency, efficiency, simplification, harmonisation and consistency of trade procedures;

(b) consistent, impartial, predictable and reasonable administration of international law and domestic laws, regulations and administrative decisions relevant to international trade in goods;

(c) promotion of international standards;

(d) consistency with multilateral instruments;

(e) best possible use of information technology;

(f) high standards of public service;

(g) governmental controls based on risk management;

(h) cooperation within each Party among customs and other border authorities; and

(i) consultations between the Parties and their respective business communities.

2. Nothing in this Annex shall be construed as to diminish the rights and obligations of the Parties under Articles 2.11 (Technical Regulations) and 2.12 (Sanitary and Phytosanitary Measures) of the Agreement.

ARTICLE 2

WTO Agreement on Trade Facilitation

For the purposes of Chapter 2 (Trade in Goods), the WTO Agreement on Trade Facilitation applies and is hereby incorporated into and made part of the Agreement, *mutatis mutandis*. In addition, the measures provided for in this Annex shall apply.

ARTICLE 3

Transparency

1. Each Party shall promptly make available, as far as practicable in English, on the internet:

(a) all domestic laws and regulations, administrative decisions of general application and procedures relevant to trade in goods; and

(b) a description of its trade procedures that informs interested parties of the practical steps needed to trade or transit goods, including contact information on enquiry points.

2. Each Party shall establish enquiry points for customs and other matters relevant to trade in goods, which may be contacted in English through the internet. Enquiries in English shall be answered in English. The Parties shall not require any fee for answering enquiries.

ARTICLE 4

Public Consultation and Information Before Entry into Force

1. Each Party shall consult its business community on its needs with regard to the development and implementation of trade facilitation measures, giving particular attention to the interests of small and medium-sized enterprises.

2. Each Party shall publish in advance, and on the internet, any proposed domestic laws and regulations relevant to international trade in goods, with a view to affording interested persons an opportunity to comment on them.

3. Each Party shall ensure that a reasonable time period is provided between the publication of domestic laws and regulations relevant to international trade in goods and their entry into force.

4. Paragraphs 1 to 3 shall not apply to:

(a) measures having a relieving effect;

(b) measures, the effectiveness of which would be undermined as a result of compliance with paragraphs 1 to 3;

(c) measures applied in urgent circumstances; and

(d) minor changes to domestic laws and regulations.

ARTICLE 5

Advance Rulings

1. Each Party shall, prior to the importation or exportation of a product, in a reasonable time bound manner, issue a written advance ruling to an importer, exporter, or any person with a justifiable cause, or a representative thereof, who has submitted a written request containing all necessary information. The advance ruling shall be issued with regard to:

(a) tariff classification and the applied rate of duty of a product, including the method used to calculate the amount of duties;

(b) the appropriate method or criteria and the application thereof, to be used for determining the customs value under the facts presented by the applicant;[1]

(c) any applicable fees and charges or, where appropriate, information on the way such fees and charges are calculated;

(d) applicable border-crossing requirements for a specific product;

(e) applicable rules of origin; and

(f) other matters as the Parties may agree.

2. Each Party shall endeavour to make information on advance rulings publicly available, taking into account the need to protect confidential information.

ARTICLE 6

Procedures for Appeal

Each Party shall ensure that any person to whom customs or another border authority issues an administrative decision has the right to at least:

(a) one level of independent administrative appeal, unless the administrative decision has been taken by the highest administrative entity; and

(b) one level of independent judicial appeal.

ARTICLE 7

Fees and Charges

1. Fees and charges of whatever character, other than import duties and other than taxes in accordance with Article III of the GATT 1994, imposed in connection with importation, exportation or transit, including tasks provided under Article 5 (Advance Rulings), shall be

[1] Switzerland applies customs duties based on weight or quantity rather than *ad valorem* duties.

limited in amount to the approximate cost of services rendered and shall not represent an indirect protection to domestic goods or a taxation of imports or exports for fiscal purposes.

2. The fees and charges referred to in paragraph 1 shall not be calculated on an *ad valorem* basis.

3. Each Party shall publish information on fees and charges on the internet, as far as practicable in English. Such information shall include the service provided, the responsible authority, the fees and charges that will be applied and how they are calculated, as well as when and how payment has to be made.

4. Upon request, the customs authorities or other competent authorities of a Party shall provide information on fees and charges applicable to imports, exports or transit of goods, including the methods of calculation.

ARTICLE 8

Penalty Disciplines

1. Each Party shall ensure that penalties for breaches of its customs laws, regulations, or procedural requirements are imposed only on the person or persons legally responsible for the breach.

2. The penalty imposed shall depend on the facts and circumstances of the case and shall be based on the culpability of the responsible person and be commensurate with the degree and severity of the breach.

3. A penalty for minor breaches, such as inadvertent omissions or mistakes, including mistakes in interpretation of a customs law, regulation or procedural requirement, made without fraudulent intent or gross negligence, shall not be greater than necessary to discourage a repetition of such errors. Penalties shall not be inflicted for obvious formal errors.

4. Each Party shall ensure that when a penalty is imposed for a breach of customs laws, regulations, or procedural requirements, an explanation in writing is provided to the person or persons upon whom the penalty is imposed, specifying the nature of the breach, the basis for the penalty and instructions on the rights to appeal.

5. Each Party shall consider as a mitigating factor the voluntary disclosure to the competent authorities of the circumstances of a breach of a customs law, regulation, or procedural requirement prior to the discovery of a breach by the authority.

6. Each Party shall specify in its domestic legislation a limited period within which it may initiate penalty proceedings in connection with a breach of a customs law, regulation, or procedural requirement.

7. Each Party shall maintain procedures to avoid conflicts of interest in the assessment and collection of penalties ensuring that government officials do not personally benefit from any penalty or duties assessed or collected.

ARTICLE 9

Release and Clearance of Goods

1. Each Party shall apply simple, reasonable and impartial trade and border procedures.

2. Each Party shall adopt or maintain procedures that:

   (a) provide for advance electronic submission and processing of information before the physical arrival of goods in order to expedite their clearance;

   (b) provide for the possibility of electronic payment for duties, taxes, fees and charges collected by customs and other border authorities; and

   (c) allow importers to obtain the release of goods prior to meeting all import requirements of that Party if the importer provides sufficient guarantees and where it is decided that neither further examination, physical inspection nor any other submission is required.[2]

3. In order to avoid deterioration of perishable goods[3], each Party shall provide:

   (a) for the rapid release of perishable goods; and

   (b) upon request, in case of delays in the release of perishable goods, an explanation of the reasons for the delay.

ARTICLE 10

Risk Management

1. Each Party shall determine which persons, goods, or means of transport are to be examined and the extent of the examination, based on risk management.

2. Each Party shall systematically apply objective risk management procedures and practices in identifying and addressing risks related to the entry, exit, transit, transfer or end-use of goods moved between the customs territories of the Parties, or to the presence of goods that are not in free circulation.

3. Each Party's border procedures and customs controls, including its documentary examinations, physical examinations or post-audit examinations, shall not be more burdensome than necessary to limit its exposure to the risks referred to in paragraph 2.

---

[2] This provision will be applicable to the Republic of Moldova upon entry into force of the revised Moldovan customs law.

[3] For the purposes of this paragraph, "perishable goods" means goods which rapidly decay due to their natural characteristics, in particular in the absence of appropriate storage conditions.

ARTICLE 11

Formalities Related to Importation, Exportation and Transit

1. Each Party shall limit controls, formalities and the number of documents required in the context of trade in goods between the Parties to those necessary and appropriate to ensure compliance with its laws and regulations and thereby simplify to the greatest extent possible the respective procedures.

2. With a view to minimising the incidence and complexity of import, export and transit formalities and to decreasing and simplifying import, export and transit documentation requirements, each Party shall ensure that such formalities and documentation requirements are:

(a) applied with a view to a rapid release and clearance of goods;

(b) applied in a manner that aims at reducing the time and cost of compliance; and

(c) the least trade-restrictive.

3. Each Party shall use efficient trade procedures, with a view to reducing costs and unnecessary delays in trade between them, based, as appropriate, on international standards, in particular the standards, guidelines and recommendations of the United Nations Centre for Trade Facilitation and Electronic Business (UN/CEFACT), the International Organization for Standardization (ISO), and the World Customs Organization (WCO) including the principles of the Revised International Convention on the Simplification and Harmonisation of Customs Procedures (Revised Kyoto Convention).

ARTICLE 12

Customs Brokers

The customs systems and procedures of each Party shall enable exporters and importers to submit their customs declaration without requiring recourse to customs brokers.

ARTICLE 13

Temporary Admission of Goods and Inward and Outward Processing

1. Each Party shall allow temporary admission of goods in accordance with international standards.

2. For the purposes of this Article, “temporary admission” means customs procedures under which certain goods may be brought into a customs territory conditionally relieved from payment of customs duties.

3. Each Party shall allow for inward processing and outward processing in accordance with international standards.

ARTICLE 14

Competent Customs Offices

1. Each Party shall designate the customs offices at which goods may be presented or cleared. In determining the competence and location of these offices and their business hours, the factors to be taken into account shall include in particular the requirements of trade.

2. Each Party shall, subject to the availability of resources, perform customs controls and procedures outside the designated business hours or outside the premises of the competent customs offices if requested by a trader for a valid reason. Any related fee or charge shall be limited to the approximate cost of the services rendered.

ARTICLE 15

Authorised Economic Operator System

A Party operating an Authorised Economic Operator System affecting international trade flows shall:

(a) afford another Party the possibility to negotiate a mutual recognition agreement on authorisation for the purpose of facilitating international trade while ensuring effective customs control; and

(b) base its respective laws and regulations on relevant international standards, in particular the WCO Framework of Standards to Secure and Facilitate Global Trade (SAFE Framework).

ARTICLE 16

Legalisation of Documents

No Party shall require legalisation or other authentication, in particular consular transaction of commercial invoices, certificates of origin or other customs documentation, including related fees and charges, in connection with the importation of goods from another Party.

ARTICLE 17

Confidentiality

All information provided in relation with this Annex shall be treated as confidential by the Parties in accordance with the domestic laws and regulations of each Party. Such information shall not be disclosed by the authorities of a Party without the express permission of the person or authority providing it.

ARTICLE 18

Cooperation

1. The Parties may identify and submit additional measures with a view to facilitating trade between them to the Sub-Committee on Trade in Goods for consideration.

2. The Parties shall promote international cooperation in relevant multilateral fora on trade facilitation. They shall review relevant international initiatives in order to identify, and may submit to the Joint Committee for consideration, further areas where joint action could contribute to their common objectives.

ANNEX VII

REFERRED TO IN ARTICLE 2.24

MANDATE OF THE SUB-COMMITTEE ON TRADE IN GOODS

ANNEX VII

REFERRED TO IN ARTICLE 2.24

MANDATE OF THE SUB-COMMITTEE ON TRADE IN GOODS

1. The Parties hereby establish a Sub-Committee on Trade in Goods ("Sub-Committee") comprising representatives of each Party.

2. The Sub-Committee may consider matters arising under Chapter 2 (Trade in Goods) of the Agreement, including Annexes I (Rules of Origin and Administrative Cooperation) and VI (Trade Facilitation).

3. The Sub-Committee shall:

(a) monitor and review measures and implementation of commitments;

(b) exchange information and review developments;

(c) prepare technical amendments, including HS updates, and assist the Joint Committee;

(d) carry out other functions with respect to trade in goods that are referred to the Sub-Committee by the Joint Committee; and

(e) make recommendations and report to the Joint Committee as necessary.

4. The Sub-Committee shall act by consensus.

5. The Sub-Committee shall meet as often as required. It shall be convened by the Joint Committee, by the chairperson of the Sub-Committee or upon request of a Party. The place of the meeting shall alternate between an EFTA State and the Republic of Moldova, as agreed by the Parties. The Parties may mutually agree to hold a Sub-Committee meeting by electronic means of communication.

6. The meetings of the Sub-Committee shall be chaired by a representative of an EFTA State or the Republic of Moldova for an agreed period of time. A provisional agenda for each meeting shall be prepared by the chairperson of the Sub-Committee in consultation with the other Parties, and forwarded to them, as a general rule no later than two weeks before the meeting.

7. The Sub-Committee shall prepare a report on the results of each meeting. If requested, the chairperson shall report at the following meeting of the Joint Committee.

ATTACHMENT

NOTES TO MARITIME TRANSPORT

1. "Reasonable and non-discriminatory terms and conditions" means, for the purposes of multimodal transport operations, the ability of the multimodal transport operator to arrange for the conveyance of its merchandise on a timely basis, including priority over other merchandise which has entered the port at a later date.

2. "Multimodal transport operator" means the person on whose behalf the bill of lading/multimodal transport document, or any other document evidencing a contract of multimodal carriage of goods, is issued and who is responsible for the carriage of goods pursuant to the contract of carriage.

3. "Cabotage" means maritime transport of goods and passengers between ports in Iceland.

4. "Other forms of commercial presence for the supply of international maritime transport services" means the ability for international maritime transport service suppliers of the other Members to undertake locally all activities, which are necessary for the supply to their customers of a partially or fully integrated transport service, within which the maritime transport constitutes a substantial element. (This commitment shall however not be construed as limiting in any manner the commitments undertaken under the cross-border mode of delivery).

These activities include, but are not limited to:

(a) marketing and sales of maritime transport and related services through direct contact with customers, from quotation to invoicing, these services being those operated or offered by the service supplier itself or by service suppliers with which the service seller has established standing business arrangements;

(b) the acquisition, on their own account or on behalf of their customers (and the resale to their customers) of any transport and related services, including inward transport services by any mode, particularly inland waterways, road and rail, necessary for the supply of the integrated service;

(c) the preparation of documentation concerning transport documents, customs documents, or other documents related to the origin and character of the goods transported;

(d) the provision of business information by any means, including computerised information systems and electronic data interchange (subject to the provisions of the annex on telecommunications);

(e) the setting of any business arrangements (including participation in the stock of a company) and the appointment of personnel recruited locally (or, in the case of foreign personnel, subject to the horizontal commitment on movement of personnel) with any locally established shipping agency;

(f) acting on behalf of the companies, organising the call of the ship or taking over cargoes when required.

5. "Maritime cargo handling services" means activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers, when this workforce is organized independently of the stevedoring or terminal operator companies. The activities covered include the organisation and supervision of: - the loading/discharging of cargo to/from a ship; - the lashing/unlashing of cargo; - the reception/delivery and safekeeping of cargoes before shipment or after discharge.

6. "Customs clearance services" (alternatively "customs house brokers' services") means activities consisting in carrying out on behalf of another party customs formalities concerning import, export or through transport of cargoes, whether this service is the main activity of the service provider or a usual complement of its main activity.

7. "Container station and depot services" means activities consisting in storing containers, whether in port areas or inland, with a view to their stuffing/stripping, repairing, and making them available for shipments.

8. "Maritime agency services" means activities consisting in representing, within a given geographic area, as an agent the business interests of one or more shipping lines of shipping companies, for the following purposes: - marketing and sales of maritime transport and related services, from quotation to invoicing, and issuance of bills of lading on behalf of the companies; acquisition and resale of the necessary related services, preparation of documentation, and provision of business information; - acting on behalf of the companies organising the call of the ship or taking over cargoes when required.

9. "Freight forwarding services" means the activity consisting of organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information.

10. "Other supporting and auxiliary transport services" means freight brokerage services; bill auditing and freight rate information services; transportation document preparation services; packing and crating and unpacking and de-crating services; freight inspection, weighing and sampling services; and freight receiving and acceptance services (including local pick-up and delivery).

APPENDIX 3 TO ANNEX VIII

LIECHTENSTEIN – SCHEDULE OF SPECIFIC COMMITMENTS REFERRED TO IN ARTICLE 3.18

Modes of supply: (1) Cross-border (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
- The level of commitments in a particular sector shall not be construed to supersede the level of commitments taken with respect to any other services sector to which such service is an input or to which it is otherwise related. - CPC numbers indicated in square brackets are references to the UN Provisional Central Product Classification (Statistical Papers Series M No. 77, Provisional Central Product Classification, Department of International Economics and Social Affairs, Statistical Office of the United Nations, New York, 1991).			
PART I. HORIZONTAL COMMITMENTS[1]			
ALL SECTORS INCLUDED IN THIS SCHEDULE			
This part sets out those commitments that apply to trade in services in all scheduled services sectors unless otherwise specified. Those commitments that apply to trade in specific services sectors are listed in Part II.			
	1) None	1) None except unbound for subsidies, tax incentives and tax credits. Treatment accorded to subsidiaries of third-country companies formed in accordance with the domestic laws and regulations of an EEA member state and having registered office, central administration or principal place of business within an EEA Member state is not extended to branches or agencies established in an EEA member state by a third-country company.	

[1] Liechtenstein makes reference to the specific geographic situation of the country, to its limited resources and to the small labour market. Therefore, Liechtenstein is in a position to bind its services sector only with the reservations mentioned in Part I and Part II.

Modes of supply: (1) Cross-border (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
		Treatment less favourable may be accorded to subsidiaries of third countries having only their registered office in the territory of an EEA member state unless they show that they possess an effective and continuous link with the economy of one of the EEA Contracting Parties.	
	2) None	2) None except unbound for subsidies, tax incentives and tax credits.	
	3) The establishment of a commercial presence by a juridical person (including branches) is subject to the requirement that no objection for reasons of national economy (balanced proportion of national and foreign capital; balanced ratio of foreigners in comparison with the number of resident population; balanced ratio of total number of jobs in the economy in comparison with the number of the resident population; balanced geographic situation; balanced development of the national economy, between and within the sectors) exists**.**	3) None except for the following: The establishment of a commercial presence by an individual is subject to the requirement of prior continued residence for a certain period of time in Liechtenstein and of permanent domicile in Liechtenstein. The establishment of a commercial presence by a juridical person (including branches) is subject to the following requirements: At least one of the managers has to fulfil the requirements of prior continued residence for a certain period of time in Liechtenstein and of permanent domicile in Liechtenstein. General and limited partnerships have to fulfil the same conditions as corporations with limited liability (juridical persons). Trust companies: At least one member of the management authorised to manage and represent must be a licensed trustee in Liechtenstein and work full-time for the company.	

Modes of supply: (1) Cross-border (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
		The Liechtenstein company law does not prohibit joint stock companies from foreseeing in their articles of incorporation the preclusion or limitation of the transfer of registered shares. Treatment accorded to subsidiaries of third-country companies formed in accordance with the domestic laws and regulations of an EEA member state and having registered office, central administration or principal place of business within an EEA member state is not extended to branches or agencies established in an EEA Contracting Parties by a third-country company. Treatment less favourable may be accorded to subsidiaries of third countries having only their registered office in the territory of an EEA member state unless they show that they possess an effective and continuous link with the economy of one of the EEA Contracting Parties. All acquisitions of real estate are subject to authorisation. Such authorisation is granted only if an actual and proven requirement for living or business purposes is given and a certain period of residence has been completed. Non-residents are excluded from the acquisition of real estate.	

Modes of supply: (1) Cross-border (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
	4) Unbound except for measures concerning the entry and temporary stay of natural persons (hereinafter persons) falling within the categories, as defined in paragraph I below, and subject to the following limitations and conditions and to the limitations and conditions on national treatment set out under the national treatment column: Entry and stay of foreign services suppliers in Liechtenstein is subject to authorisation (requirement of residency permit and work permit). Authorisation is granted subject to measures fixing overall numbers of work permits allocated. Persons staying in or entering Liechtenstein with an open-ended or extendable residence permit based on an employment contract not limited in time for Liechtenstein are not considered as persons residing in or entering Liechtenstein for the purpose of temporary stay or temporary employment in Liechtenstein.	4) Unbound except for measures concerning the categories of natural persons referred to in the market access column and subject to the following limitations and conditions: working conditions prevailing in the sector or sub-sector and the place of activity provided by law and/or collective agreement (with respect to remuneration, working hours, etc.), measures limiting professional mobility, regulations related to statutory systems of social security and public retirement plans (with respect to qualifying period, residency requirement, etc.) and all other provisions of the legislation relating to immigration, entry, stay and work. The enterprise employing such persons shall cooperate, upon request, with the authorities in charge of the enforcement of these measures.	
	I. **Essential persons transferred to Liechtenstein within a specific business or company (intra-corporate transferees)** The following persons, who are employees of a business or company (enterprise) providing services in Liechtenstein through a branch or subsidiary established in Liechtenstein and who have been beforehand employees of their enterprise outside Liechtenstein for a period of not less than one year immediately preceding their application for admission, are considered as essential personnel:

	a) **Executives and senior managers**: persons who primarily direct the enterprise or one of its departments and who receive only general supervision or direction from high-level executives, the board of directors or the stockholders of the enterprise. Executives and senior managers would not directly perform tasks related to the actual supply of services of the enterprise.		
	b) **Specialists**: highly qualified persons who, within an enterprise, are essential for the supply of a specific service by reason of their knowledge at an advanced level of expertise in the field of services, research equipment, techniques or management of the enterprise. For essential personnel as defined above, the period of stay is limited to a period of three years.

7. FINANCIAL SERVICES			
i. Norway undertakes commitments on financial services in accordance with the "Understanding on Commitments in Financial Services" (the Understanding) of the WTO General Agreement on Trade in Services (GATS). ii. The market access commitments in respect of modes 1) and 2) apply to the transactions indicated in paragraphs B.3 and B.4 of the market access section of the Understanding respectively. iii. The restrictions and limitations listed in the schedule under mode 1) apply to regulatory measures directed towards non-resident financial service suppliers established outside the European Economic Area. The limitations listed in the schedule under mode 2) apply to regulatory measures directed towards financial service consumers residing in Norway. iv. The following restrictions and limitations apply:			
A. <u>Insurance and Insurance-Related Services</u>	1) In addition to the services listed in paragraph B.3 (a) of the Understanding, non-resident insurance companies may supply insurance related to passenger vessels (including cruise vessels), ocean-going fishing vessels, offshore exploration or insurance contracts regarding domestic companies with an activity of at least 10-man-years or annual sales above a certain threshold. As of 2005 this threshold is set at NOK 50 million. ATTACHMENT I

UNDERSTANDING ON THE SCOPE OF COVERAGE OF CPC 84 - COMPUTER AND RELATED SERVICES

1. CPC 84 covers all computer and related services.

2. Technological developments have led to the increased offering of these services as a bundle or package of related services that can include some or all of the basic functions listed in paragraph 3. For example, services such as web or domain hosting, data mining services and grid computing each consist of a combination of basic computer services functions.

3. Computer and related services, regardless of whether they are delivered via a network, including the Internet, include all services that provide any of the following or any combination thereof:

(a) consulting, adaptation, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, support, technical assistance, or management of or for computers or computer systems;

(b) consulting, strategy, analysis, planning, specification, design, development, installation, implementation, integration, testing, debugging, updating, adaptation, maintenance, support, technical assistance, management or use of or for software;[7]

(c) data processing, data storage, data hosting or database services;

(d) maintenance and repair services for office machinery and equipment, including computers; and

(e) training services for staff of clients, related to software, computers or computer systems, and not elsewhere classified.

4. In many cases, computer and related services enable the provision of other services[8] by both electronic and other means. However, in such cases, there is an important distinction between the computer and related service (e.g. web-hosting or application hosting) and the other service[2] enabled by the computer and related service. The other service, regardless of whether it is enabled by a computer and related service, is not covered by CPC 84.

---

[7] The term "software" may be defined as the sets of instructions required to make computers work and communicate. A number of different programmes may be developed for specific applications (application software), and the customer may have a choice of using ready-made programmes off the shelf (packaged software), developing specific programmes for particular requirements (customized software) or using a combination of the two.

[8] E.g. W/120.1.A.b. (accounting, auditing and bookkeeping services), W/120.1.A.d. (architectural services), W/120.1.A.h. (medical and dental services), W/120.2.D (audiovisual services), W/120.5 (educational services).

ATTACHMENT II

NOTES TO MARITIME TRANSPORT

1.“Reasonable and non-discriminatory terms and conditions” means, for the purpose of multimodal transport operations, the ability of the multimodal transport operator to arrange for the conveyance of its merchandise on a timely basis, including priority over other merchandise which has entered the port at a later date. A "multimodal transport operator" means the person on whose behalf the bill of lading/multimodal transport document, or any other document evidencing a contract of multimodal carriage of goods, is issued and who is responsible for the carriage of goods pursuant to the contract of carriage.

2. “Domestic transport” is defined as maritime transport of goods and passengers between ports in Norway, including locations on the continental shelf where petroleum is explored or produced.

3. “Other forms of commercial presence for the supply of international maritime transport services” means the ability for international maritime transport service suppliers of the other members to undertake locally all activities which are necessary for the supply to their customers of a partially or fully integrated transport service, within which the maritime transport constitutes a substantial element. This commitment shall however not be construed as limiting in any manner the commitments undertaken under the cross-border mode of delivery.

These activities include, but are not limited to:

(a) marketing and sales of maritime transport and related services through direct contact with customers, from quotation to invoicing, these services being those operated or offered by the service supplier itself or by service suppliers with which the service seller has established standing business arrangements;

(b) the acquisition, on their own account or on behalf of their customers (and the resale to their customers) of any transport and related services, including inward transport services by any mode, particularly inland waterways, road and rail, necessary for the supply of the integrated service;

(c) the preparation of documentation concerning transport documents, customs documents, or other documents related to the origin and character of the goods transported;

(d) the provision of business information by any means, including computerized information systems and electronic data interchange (subject to the provisions of Annex XI (Telecommunications Services));

(e) the setting of any business arrangements (including participation in the stock of a company) and the appointment of personnel recruited locally (or, in the case of foreign personnel, subject to the horizontal

commitment on movement of personnel) with any locally established shipping agency;

(f) acting on behalf of the companies, organising the call of the ship or taking over cargoes when required.

4. "Maritime cargo handling services" means activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers, when this workforce is organised independently of the stevedoring or terminal operator companies. The activities covered include the organisation and supervision of:

(a) the loading/discharging of cargo to/from a ship;

(b) the lashing/unlashing of cargo;

(c) the reception/delivery and safekeeping of cargoes before shipment or after discharge.

5. "Customs clearance services" (alternatively "customs house brokers' services") means activities consisting in carrying out on behalf of another party customs formalities concerning import, export or through transport of cargoes, whether this service is the main activity of the service provider or a usual complement of its main activity.

6. "Container station and depot services" means activities consisting in storing containers, whether in a port area or inland, with a view to their stuffing/stripping, repairing, and making them available for shipments.

7. "Maritime agency services" means the activities consisting in representing, within a given geographic area, as an agent the business interests of one or more shipping lines or shipping companies, for the following purposes:

(a) marketing and sales of maritime transport and related services, from quotation to invoicing, and issuance of bills of lading on behalf of the companies; acquisition and resale of the necessary related services, preparation of documentation, and provision of business information;

(b) acting on behalf of the companies organising the call of the ship or taking over cargoes when required.

8. "Freight forwarding services" means the activity consisting of organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information.

9. "Other supporting and auxiliary transport services" means freight brokerage services; bill auditing and freight rate information services; transportation document preparation services; packing and crating and unpacking and de-crating services; freight inspection, weighing and sampling services; and freight receiving and acceptance services (including local pick-up and delivery).

APPENDIX 5 TO ANNEX VIII

SWITZERLAND – SCHEDULE OF SPECIFIC COMMITMENTS REFERRED TO IN ARTICLE 3.18

Modes of supply: (1) Cross-border supply (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	**Limitations on Market Access**	**Limitations on National Treatment**	**Additional Commitments**
- The level of commitments in a particular services sector shall not supersede the level of commitments undertaken with respect to any other services sector to which such service is an input or to which it is otherwise related. - CPC numbers indicated in parenthesis are references to the UN Provisional Central Product Classification (Statistical Papers, Series M, n° 77, Provisional Central Product Classification, Department of International Economics and Social Affairs, Statistical Office of the United Nations, New York, 1991). - Unless otherwise provided for, requirements of residency, domicile, commercial presence, etc. in a commitment relate to the territory of Switzerland. - Attachments I and II to this schedule form an integral part thereof.			
PART I. HORIZONTAL COMMITMENTS			
Part I sets out commitments that apply to trade in services in all scheduled services sectors unless otherwise specified. Commitments that apply to trade in specific services sectors are listed in Part II.			
ALL SECTORS INCLUDED IN THIS SCHEDULE	1) None 2) None	1) None except unbound for subsidies, tax incentives and tax credits 2) None except unbound for subsidies, tax incentives and tax credits	

Modes of supply: (1) Cross-border supply (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	**Limitations on Market Access**	**Limitations on National Treatment**	**Additional Commitments**
	3) None	3) None except for the following: <u>I. Composition of governing boards</u> A domicile requirement is applied to the forms of legal entities hereafter: - for a "joint-stock company" (société anonyme/ Aktiengesellschaft) or a "stock company with unlimited partners" (société en commandite par actions/ Kommanditaktiengesellschaft): the majority of the board of directors must be domiciled in Switzerland. However, this domicile requirement can be set below this limit; - for a "limited liability company" (société à responsabilité limitée/ Gesellschaft mit beschränkter Haftung): at least one manager must be domiciled in Switzerland; - for a "co-operative society" (société coopérative/ Genossenschaft): the majority of the administrators must be domiciled in Switzerland.

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
		II. Shareholders' circles "Joint-stock companies" are not prohibited to foresee in their articles of incorporation that the company may reject persons as acquirers of registered shares, as far and as long as their recognition by the company might prevent the company from providing proof of the composition of the shareholders' circle required by federal law. III. Branching For a branch a representative (natural person) who is duly authorised by the company to fully represent it must be domiciled in Switzerland. IV. Commercial presence without juridical personality The establishment of a commercial presence by natural persons or in the form of an enterprise without juridical personality according to Swiss law (*i.e.* in a form other than "joint-stock company", "limited liability company" or "co-operative society") is subject to the requirement of a permanent residency permit of the associate(s) by cantonal law. V. Eligibility for subsidies Eligibility for subsidies, tax incentives and tax credits may be limited to persons established in a particular geographical subdivision of Switzerland.	

Modes of supply: (1) Cross-border supply (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
		VI. Acquisition of real estate The acquisition of real estate by foreigners who are not permanently established in Switzerland and by enterprises with headquarters abroad and/or under foreign control is subject to authorisation. For the purpose of personal housing needs (except the acquisition of holiday residences), professional use and business activities, authorisation is granted upon verification of the purpose. Prohibited are purely financial investments, real estate business operations, acquisition, on a professional basis, of holiday apartments and facilities other than hotels (e.g. apartment houses, camps, sport areas) and acquisition of agricultural real estate.	

Modes of supply: (1) Cross-border supply (2) Consumption abroad (3) Commercial presence (4) Presence of natural persons

Sector or sub-sector	Limitations on Market Access	Limitations on National Treatment	Additional Commitments
	4) Unbound except for measures concerning the entry and temporary stay of natural persons of the Republic of Moldova (persons) falling within the categories defined in paragraphs A, B, C and D below, and subject to the limitations and conditions set out under the national treatment column and to the condition that entry and stay of service suppliers of the Republic of Moldova in Switzerland are subject to authorisation (requirement of residency permit and work permit). Authorisation is granted subject to measures fixing the overall numbers of work permits allocated. Any limitations scheduled in Part II shall apply. For essential personnel as defined in paragraph A below, the period of stay is limited to a period of three years, which may be extended to a maximum of five years. For other essential personnel as defined in paragraphs B, C and D below, the period of stay is limited to 90 days within one year; if an authorisation for such a period of stay is renewed the following year, the applicant must stay abroad at least two months between the two consecutive periods of stay in Switzerland. Persons staying in or entering Switzerland with an open-ended or extendable residence permit based on an employment contract not limited in time for Switzerland are not considered as persons residing in or entering Switzerland for the purpose of temporary stay or temporary employment in Switzerland.	4) Unbound except for measures concerning the categories of natural persons referred to in the market access column, subject to the following limitations and conditions: (a) working conditions prevailing in the branch and the place of activity provided by law and/or collective agreement (with respect to remuneration, working hours, etc.); (b) measures limiting professional and geographical mobility within Switzerland; (c) regulations related to statutory systems of social security and public retirement plans (with respect to qualifying period, residency requirement, etc.); and (d) all other provisions of the legislation relating to immigration, entry, stay and work. The enterprise employing such persons shall cooperate, upon request, with the authorities in charge of the enforcement of these measures. Eligibility for subsidies, tax incentives and tax credits may be limited to persons domiciled in a particular geographical subdivision of Switzerland.

ATTACHMENT I

DEFINITIONS TO THIS SCHEDULE
(MARITIME AUXILIARY SERVICES)

1. "Maritime cargo-handling services" means activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers when this workforce is organised independently of the stevedoring or terminal operator companies. The activities covered include the organisation and supervision of the loading/discharging of cargo to/from a vessel, the lashing/unlashing of cargo, the reception/delivery and safekeeping of cargoes before shipment or after discharge.

2. "Customs clearance services*"* means activities consisting in carrying out on behalf of another party customs formalities concerning import, export or transit of cargoes, whether such services are the main activity of the service supplier or a usual complement of its main activity.

3. "Container station and depot services" means activities consisting in storing containers, whether in port areas or inland, with a view to their stuffing/stripping, repairing and making them available for shipments.

4. "Maritime agency services" means activities consisting in representing as an agent, within a given geographic area, the business interests of one or more shipping lines or shipping companies for the following purposes:

(a) marketing and sales of maritime transport and related services, from quotation to invoicing, and issuance of bills of lading on behalf of the companies, acquisition and resale of the necessary related services, preparation of documentation, and provision of business information;

(b) acting on behalf of the companies organising the call of the vessel or taking over cargoes when required.

5. "Maritime freight forwarding services" means activities consisting in organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information.

FINANCIAL SERVICES

ANNEX X

REFERRED TO IN ARTICLE 3.21

FINANCIAL SERVICES

ARTICLE 1

Scope and Definitions

1. This Annex applies to measures by the Parties affecting trade in financial services.[1]

2. For the purposes of subparagraph (1)(b) of Article 3.3 (Definitions) of the Agreement, "services supplied in the exercise of governmental authority" means:

(a) activities conducted by a central bank or monetary authority or by any other public entity in pursuit of monetary or exchange rate policies;

(b) activities forming part of a statutory system of social security or public retirement plans; or

(c) other activities conducted by a public entity for the account or with the guarantee or using the financial resources of the Government.

3. For the purpose of subparagraph (1)(b) of Article 3.3 (Definitions) of the Agreement, if a Party allows any of the activities referred to in subparagraphs (2)(b) or (2)(c) to be conducted by its financial service suppliers in competition with a public entity or a financial service supplier, "services" shall include such activities.

4. Subparagraph (1)(c) of Article 3.3 (Definitions) of the Agreement shall not apply to services covered by this Annex.

5. For the purposes of this Annex:

(a) "financial service" means any service of a financial nature offered by a financial service supplier of a Party. Financial services include all insurance and insurance-related services, and all banking and other financial services (excluding insurance). Financial services include the following activities:

Insurance and insurance-related services

(i) direct insurance (including co-insurance):

(aa) life;

(bb) non-life;

[1] For the purposes of this Annex, "trade in financial services" shall be understood in accordance with the definition contained in subparagraph 1(a) of Article 3.3 (Definitions) of the Agreement.

(ii) reinsurance and retrocession;

(iii) insurance intermediation, such as brokerage and agency;

(iv) services auxiliary to insurance, such as consultancy, actuarial, risk assessment and claim settlement services;

Banking and other financial services (excluding insurance)

(v) acceptance of deposits and other repayable funds from the public;

(vi) lending of all types, including consumer credit, mortgage credit, factoring and financing of commercial transaction;

(vii) financial leasing;

(viii) all payment and money transmission services, including credit, charge and debit cards, travellers cheques and bankers drafts;

(ix) guarantees and commitments;

(x) trading for own account or for account of customers, whether on an exchange, in an over-the-counter market or otherwise, the following:

(aa) money market instruments (including cheques, bills, certificates of deposits);

(bb) foreign exchange;

(cc) derivative products including, but not limited to, futures and options;

(dd) exchange rate and interest rate instruments, including products such as swaps, forward rate agreements;

(ee) transferable securities;

(ff) other negotiable instruments and financial assets, including bullion;

(xi) participation in issues of all kinds of securities, including underwriting and placement as agent (whether publicly or privately) and provision of services related to such issues;

(xii) money broking;

(xiii) asset management, such as cash or portfolio management, all forms of collective investment management, pension fund management, custodial, depositary and trust services;

(xiv) settlement and clearing services for financial assets, including securities, derivative products and other negotiable instruments;

(xv) provision and transfer of financial information, and financial data processing and related software by suppliers of other financial services;

(xvi) advisory, intermediation and other auxiliary financial services on all the activities listed in subparagraphs (v) through (xv), including credit reference and analysis, investment and portfolio research and advice, advice on acquisitions and on corporate restructuring and strategy.

(b) "financial service supplier" means any natural or juridical person of a Party wishing to supply or supplying financial services but does not include a public entity;

(c) "public entity" means:

(i) a government, a central bank or a monetary authority of a Party, or an entity owned or controlled by a Party, that is principally engaged in carrying out governmental functions or activities for governmental purposes, not including an entity principally engaged in supplying financial services on commercial terms; or

(ii) a private entity, performing functions normally performed by a central bank or monetary authority, when exercising those functions;

(d) "new financial service" means a service of a financial nature, including services related to existing and new products or the manner in which a product is delivered, that is not supplied by any financial service supplier in the territory of a Party but which is supplied in the territory of any Member of the WTO.

ARTICLE 3

National Treatment

1. Each Party shall grant, on a national treatment basis, to financial service suppliers of another Party established in its territory access to payment and clearing systems operated by public entities and to official funding and refinancing facilities available in the normal course of ordinary business. This paragraph is not intended to confer access to the Party's lender of last resort facilities.

2. Where:

(a) membership or participation in, or access to, a self-regulatory body, securities or futures exchange or market, clearing agency, or any other organisation or association, is required by a Party in order for financial service suppliers of another Party to supply financial services on an equal basis with financial service suppliers of the Party; or

(b) a Party provides directly or indirectly such entities, privileges or advantages in supplying financial services,

the Party shall ensure that such entities accord national treatment to financial service suppliers of another Party resident in its territory in the sectors inscribed in its Schedule, and subject to any conditions and qualifications set out therein.

ARTICLE 4

Transparency

1. Each Party shall promote regulatory transparency in financial services taking into account:

(a) the work undertaken by the Parties in the GATS and in other fora relating to trade in financial services;

(b) the importance of regulatory transparency, of identifiable policy objectives and of clear and consistently applied regulatory processes; and

(c) any consultations that the Parties may have between them.

2. The competent authorities of each Party shall make available to interested persons domestic requirements and procedures for completing applications relating to the supply of financial services.

3. Where a licence is required for the supply of a financial service, the competent authorities of a Party shall make the requirements for such a licence publicly available. The period of time normally required to reach a decision concerning an application for a licence shall:

(a) be made available to the applicant upon request;

(b) be made publicly available; or

(c) be made available by a combination of both.

ARTICLE 5

Application Procedures

1. The competent authorities of each Party shall process expeditiously applications related to the supply of financial services submitted by service suppliers of other Parties.

2. If the competent authorities of a Party require additional information from the applicant in order to process its application, they shall notify the applicant without undue delay.

3. Upon request by the applicant, the competent authorities of a Party shall provide, without undue delay, information concerning the status of its application.

4. The competent authorities of each Party shall notify the applicant of the outcome of its application promptly after a decision is taken. In case a decision is taken to deny an application, the reason for the denial shall be made known to the applicant.

5. Where a licence is required for the supply of a financial service and if the applicable requirements are fulfilled, the competent authorities of a Party shall grant the applicant a licence, as a rule within twelve months after the submission of its application is considered complete under that Party's domestic laws and regulations.

ARTICLE 6

Domestic Regulation

1. Notwithstanding any other provision of Chapter 3 (Trade in Services) of the Agreement, a Party shall not be prevented from adopting or maintaining reasonable measures for prudential reasons, including for:

(a) the protection of investors, depositors, policy-holders, policy-claimants, persons to whom a fiduciary duty is owed by a financial service supplier, or any similar financial market participants; or

(b) ensuring the integrity and stability of that Party's financial system.

Where such measures do not conform with the provisions of Chapter 3 (Trade in Services)of the Agreement, they shall not be used as a means of avoiding that Party's commitments or obligations under Chapter 3 (Trade in Services) of the Agreement.

2. Measures referred to in paragraph 1 shall not be more burdensome than necessary to achieve their aim or constitute a disguised restriction on trade in services, and shall not discriminate against financial services or financial service suppliers of another Party in comparison to the Party's own like financial services or like financial service suppliers.

3. Each Party shall make its best endeavours to ensure that internationally agreed standards for regulation and supervision in the financial services sector are implemented and applied in its territory. Such internationally agreed standards are, inter alia, the Basel Committee's "Core Principles for Effective Banking Supervision", the standards and principles of the International Association of Insurance Supervisors, and the International Organisation of Securities Commissions' "Objectives and Principles of Securities Regulation".

4. Nothing in Chapter 3 (Trade in Services) of the Agreement shall be construed to require a Party to disclose information relating to the affairs and accounts of individual customers or any confidential or proprietary information in the possession of public entities.

ARTICLE 7

Recognition of Prudential Measures

Where a Party recognises, by agreement or arrangement, prudential measures of a non-Party in determining how the Party's measures relating to financial services shall be applied, that Party shall afford adequate opportunity for another Party to negotiate its accession to such an agreement or arrangement, or to negotiate a comparable agreement or arrangement with it, under circumstances in which there would be equivalent regulation, oversight, implementation of such regulation and, if appropriate, procedures concerning the sharing of information between the parties to the agreement or arrangement. Where a Party accords such recognition autonomously, it shall afford adequate opportunity for another Party to demonstrate that such circumstances exist.

ARTICLE 8

Transfers of Information and Processing of Information

No Party shall take measures that prevent transfers of information into or out of the Party's territory or the processing of financial information, including transfers of data by electronic means, or that, subject to importation rules consistent with international agreements, prevent transfers of equipment, where such transfers of information, processing of financial information or transfers of equipment are necessary for the conduct of the ordinary business of a financial service supplier of another Party. Nothing in this Article restricts the right of a Party to protect personal data, personal privacy and the confidentiality of individual records and accounts so long as such right is not used to circumvent the provisions of Chapter 3 (Trade in Services) of the Agreement.

ANNEX XI

REFERRED TO IN ARTICLE 3.21

TELECOMMUNICATIONS SERVICES

ANNEX XI

REFERRED TO IN ARTICLE 3.21

TELECOMMUNICATIONS SERVICES

ARTICLE 1

Scope and Definitions

1. This Annex applies to measures by the Parties affecting trade in telecommunications services.[1] It shall not apply to measures by Parties relating to broadcasting or to cable distribution of radio or television programming.[2]

2. For the purposes of this Annex

(a) "telecommunications services" means the transmission and reception of signals by any electromagnetic means. The sector of telecommunications services does not cover the economic activity consisting of content provision which requires telecommunications services for its transport;

(b) "regulatory authority" means the body or bodies entrusted with any of the regulatory tasks assigned in relation to the issues mentioned in this Annex;

(c) "essential facilities" means facilities of a public telecommunications transport network or service that:

(i) are exclusively or predominantly provided by a single or limited number of suppliers; and

(ii) cannot feasibly be economically or technically substituted in order to supply a service;

(d) "interconnection" means the linking of public telecommunications networks used by the same or different suppliers of telecommunications networks or services in order to allow the users of one supplier to communicate with users of the same or another supplier or to access services provided by another supplier;

(e) "major supplier" is a supplier which has the ability to materially affect the terms of participation (having regard to price and supply) in the relevant market for basic telecommunications services as a result of:

(i) control over essential facilities; or

---

[1] For the purposes of this Annex, "trade in telecommunications services" shall be understood in accordance with the definition in subparagraph 1(a) of Article 3.3 (Definitions) of the Agreement.

[2] For the purposes of this Annex, "broadcasting" shall be defined as provided for in the domestic laws and regulations.

(ii) the use of its position in the market.

ARTICLE 2

Competitive Safeguards

1. Each Party shall maintain appropriate measures for the purpose of preventing suppliers who, alone or together, are a major supplier from engaging in or continuing anti-competitive practices.

2. The anti-competitive practices referred to in paragraph 1 shall include, in particular:

(a) engaging in anti-competitive cross-subsidisation;

(b) using information obtained from competitors with anti-competitive results; and

(c) not making available to other service suppliers on a timely basis technical information about essential facilities and commercially relevant information which are necessary for them to supply services.

ARTICLE 3

Interconnection

1. Each Party shall ensure that a major supplier provides interconnection at any technically feasible point in the network. Such interconnection shall be provided:

(a) under non-discriminatory terms, conditions (including technical standards and specifications) and rates and of a quality no less favourable than that provided for its own like services or for like services of non-affiliated service suppliers or for its subsidiaries or other affiliates;

(b) in a timely fashion, on terms, conditions (including technical standards and specifications) and cost-oriented rates that are transparent, reasonable, having regard to economic feasibility, and sufficiently unbundled so that the supplier need not pay for network components or facilities that it does not require for the services to be supplied; and

(c) upon request, at points in addition to the network termination points offered to the majority of users, subject to charges that reflect the cost of construction of necessary additional facilities.

2. Each Party shall ensure that the procedures applicable for interconnection negotiations to a major supplier are made publicly available.

3. Each Party shall ensure that major suppliers either make their interconnection agreements available to service suppliers of another Party or publish reference interconnection offers.

4. Where suppliers are unable to resolve disputes regarding the negotiation of an interconnection agreement with a major supplier within a reasonable time, each Party shall ensure that the suppliers have recourse to assistance from an independent domestic body, which may be a regulatory authority as referred to in Article 6, to resolve disputes regarding appropriate terms, conditions and rates for interconnection within a reasonable period of time. That body or authority shall fix the conditions for the interconnection in accordance with the normal principles governing the market and the sector in question and in accordance with the principles set out in this Annex. The assistance may include special conciliation proceedings.

ARTICLE 4

Universal Service

1. Each Party has the right to define the kind of universal service obligations it wishes to maintain.

2. Measures by the Parties governing universal service shall be transparent, objective and non-discriminatory. They shall also be neutral with respect to competition and not be more burdensome than necessary.

ARTICLE 5

Licensing Procedure

1. Where a licence is required for the supply of a telecommunications service, the competent authority of a Party shall make the following publicly available:

(a) the terms and conditions for such a licence;

(b) the period of time normally required to reach a decision concerning an application for a licence; and

(c) the criteria for the allocation of scarce resources, including criteria for allocation of frequency when excessive demand exists.

2. Except for licences relating to the use of frequency spectrum, where a licence is required for the supply of a telecommunications service, and if the applicable conditions are fulfilled, the competent authority of a Party shall grant the applicant a licence, as a rule within six months after the submission of its application has been considered complete under that Party's domestic laws and regulations.

3. The competent authority of a Party shall notify the applicant of the outcome of its application promptly after a decision has been taken. In case a decision is taken to deny an application for a licence, the competent authority of the Party shall make known to the applicant, upon request, the reason for the denial.

ARTICLE 6

Regulatory Authority

1. Each Party's regulatory authority for telecommunications services shall be separate from, and not accountable to, any supplier of basic telecommunications services.

2. Each Party shall ensure that the decisions of, and the procedures used by, its regulatory authority are impartial with respect to all market participants.

3. Each Party shall ensure that suppliers of another Party affected by a decision of the regulatory authority of the Party have recourse to appeal to an independent administrative body or a court, in accordance with that Party's domestic laws and regulations.

ARTICLE 7

Scarce Resources

Each Party shall carry out its procedures for the allocation and use of scarce resources, including frequencies, numbers and rights of way, in an objective, timely, transparent and non-discriminatory manner. Each Party shall make publicly available the current state of allocated frequency bands.

ANNEX XII

REFERRED TO IN ARTICLE 3.21

MOVEMENT OF NATURAL PERSONS SUPPLYING SERVICES

ANNEX XII

REFERRED TO IN ARTICLE 3.21

MOVEMENT OF NATURAL PERSONS SUPPLYING SERVICES

ARTICLE 1

Scope

This Annex applies to measures by a Party affecting natural persons of another Party covered by its Schedule of Specific Commitments.

ARTICLE 2

General Principles

This Annex reflects the preferential trade relations between the Parties, the common objective to facilitate entry, temporary stay and work of natural persons on a mutually advantageous basis and in accordance with the Parties' Schedules of Specific Commitments, and the need to establish transparent, secure, effective and comprehensive information on, and procedures for, entry, temporary stay and work.

ARTICLE 3

Provision of Information

1. In the application of Article 3.11 (Transparency) of the Agreement, each Party shall make publicly available, or shall ensure that its competent authorities make publicly available, information necessary for an effective application for the granting of entry, temporary stay and work in its territory. Such information shall be kept updated.

2. The information referred to in paragraph 1 shall include a description of, in particular:

(a) all categories of visas and work permits relevant to the entry, temporary stay and work of natural persons covered by this Annex;

(b) requirements and procedures for application for, and issuance of, first-time entry, temporary stay and, where applicable, work permits, including information on documentation required, conditions to be met and method of filing; and

(c) requirements and procedures for application for, and issuance of, renewed temporary stay and, where applicable, work permits.

3. Each Party shall provide the other Parties with details of relevant publications or websites where information referred to in paragraph 2 is made available.

4. Should the implementation of paragraph 1 prove not to be practicable for a Party, that Party shall provide the information referred to in paragraph 2, as well as any subsequent change thereto, to the other Parties. In addition, that Party shall indicate to the other Parties the contact details of an authority where service suppliers of the other Parties can, upon request, obtain the information referred to under paragraph 2.

ARTICLE 4

Expeditious Application Procedures

1. The competent authorities of each Party shall process expeditiously applications for granting entry, temporary stay or work permits submitted by service suppliers of other Parties, including applications for extensions thereof.

2. If the competent authorities of a Party require additional information from an applicant in order to process its application, they shall notify the applicant without undue delay.

3. Upon request by an applicant, the competent authorities of a Party shall provide, without undue delay, information concerning the status of its application.

4. The competent authorities of each Party shall notify the applicant for entry, temporary stay or work permit of the outcome of its application promptly after a decision has been taken. The notification shall include the period of stay and any other terms and conditions.

ANNEX XIII

REFERRED TO IN ARTICLE 3.21

MARITIME TRANSPORT AND RELATED SERVICES

ANNEX XIII

REFERRED TO IN ARTICLE 3.21

MARITIME TRANSPORT AND RELATED SERVICES

ARTICLE 1

Scope

This Annex applies to measures by the Parties affecting trade in maritime transport and related services.

ARTICLE 2

Definitions

For the purposes of this Annex:

(a) "international maritime transport services" means the supply of international maritime transport of cargo and passengers, including door to door or multi-modal transport operations;

(b) "door to door" and "multi-modal transport" mean carriage of goods using more than one mode of transport, involving an international sea-leg, under a single transport document, and the supply or access to other modes of transport;[1]

(c) "maritime auxiliary services" means the following services:

(i) "maritime cargo handling services", meaning activities exercised by stevedore companies, including terminal operators, but not including the direct activities of dockers, when this workforce is organised independently of the stevedoring or terminal operator companies. The activities covered include the organisation and supervision of:

(aa) loading/discharging of cargo to/from a ship;

(bb) lashing/unlashing of cargo; and

(cc) reception/delivery and safekeeping of cargoes before shipment or after discharge.

---

[1] For the purposes of this definition, single transport document shall refer to a document that permits customers to conclude a single contract with a shipping company for a door to door transport operation.

(ii) "customs clearance services" (alternatively "customs house brokers' services"), meaning activities consisting in carrying out on behalf of another party customs formalities concerning import, export or through transport of cargoes, whether this service is the main activity of the service provider or a usual complement of its main activity;

(iii) "container station and depot services", meaning activities consisting in storing containers, whether in port areas or inland, with a view to their stuffing/stripping, repairing and making them available for shipments;

(iv) "maritime agency services", meaning activities consisting in representing, within a given geographic area, as an agent the business interests of one or more shipping lines or shipping companies, for the following purposes:

(aa) marketing and sales of maritime transport and related services, from quotation to invoicing, and issuance of bills of lading on behalf of the companies, acquisition and resale of the necessary related services, preparation of documentation, and provision of business information; and

(bb) acting on behalf of the companies organising the call of the ship or taking over cargoes when required.

(v) "freight forwarding services", meaning the activity consisting of organising and monitoring shipment operations on behalf of shippers, through the acquisition of transport and related services, preparation of documentation and provision of business information.

(d) "feeder services" means the pre- and onward transportation by sea, between ports located in a Party, of international cargo, including containerised cargo, *en route* to a destination, or from a port of shipment, outside the territory of that Party;

(e) "crew members" means the master and any person employed onboard the vessel during a voyage in performance of functions related to the management, operation and maintenance of the vessel and any other person included in the crew list of that vessel; and

(f) "port" means a place where vessels may anchor or tie up for the purpose of shelter, repair, loading or discharge of cargo, embarking and disembarking of passengers, or for other such activities connected with water-borne commerce, and including all the land and water areas and the structure, equipment and facilities related to these functions.

ARTICLE 3

Non-Discriminatory Market Access[2]

1. International maritime transport service suppliers of a Party shall have unrestricted access to international maritime markets and trades on a commercial and non-discriminatory basis.

2. The Parties shall abolish and abstain from introducing any unilateral measures and administrative, technical and other obstacles which could have discriminatory effects on the free supply of international maritime transport services.

3. No Party shall adopt or maintain measures that deny services or service suppliers of another Party, the treatment accorded by that Party to its own services or service suppliers with regard to access to ports, the use of infrastructure and services of ports[3], such as:

(a) pilotage;

(b) towing and tug assistance;

(c) provisioning;

(d) fuelling and watering;

(e) garbage collection and ballast water disposal;

(f) port captain services;

(g) navigation aids;

(h) shore-based operational services essential to ship operations, including communications, water and electrical supplies;

(i) emergency repair;

(j) anchorage, berth and berthing services,

and the use of maritime auxiliary services and supporting services[4], as well as related fees and charges, customs facilities and the assignment of berths and facilities for loading and unloading.[5]

---

2 This Article shall not apply to Switzerland.

3 As referred to in WTO Maritime Model Schedule – Additional Commitments.

4 For the purposes of this Annex, supporting services mean maintenance and repair of vessels (part of CPC 8868) and pushing and towing services (CPC 7214). The CPC numbers refer to the UN Provisional Central Product Classification (Statistical Papers Series M No 77, Statistical Office of the United Nations, New York, 1991).

5 It is understood that this provision shall not oblige a Party to require private sector terminal operators and providers of maritime auxiliary or supporting services to accord access to and use of their services on non-discriminatory terms and conditions.

4. No Party shall introduce cargo-sharing arrangements in future agreements with other countries concerning international maritime transport services. Where these arrangements exist in previous agreements, such arrangements shall be terminated upon the entry into force of the Agreement.

5. With respect to activities covered by this Annex, a Party shall permit companies of another Party to have a commercial presence in its territory in the form of subsidiaries, branches, or representative offices. This commercial presence shall be subject to conditions of establishment and operation no less favourable than those accorded to subsidiaries, branches or representative offices of companies of the host Party.

6. The activities which subsidiaries, branches and representative offices may engage in are to be in accordance with the domestic laws and regulations of the host Party.

7. No Party shall adopt or maintain measures that prevent international maritime transport services suppliers of another Party from directly contracting with providers of other modes of transport for the provision of multi-modal transport services.

8. International maritime transport service suppliers of a Party are permitted to reposition owned or leased transport equipment such as empty containers, not being carried as cargo against payment, between ports of another Party.

9. Each Party shall permit international maritime transport service suppliers of another Party to provide feeder services between ports located in that Party.

ARTICLE 4

Applicability of National Laws

1. The vessels and crew members of a Party shall observe the relevant domestic laws and regulations of another Party during their stay including in the latter's territorial waters, inland waters and ports.

2. The competent authorities of a Party shall not interfere in the internal affairs of the vessels of another Party in its ports, except:

(a) at the request or with the consent of the diplomatic or consular authorities of the Party concerned;

(b) where peace and *ordre public* of the port or on shore have been affected or the public security disturbed through activities on the vessel or as a consequence thereof; or

(c) where those involved in the matter are not members of the crew.

3. This Article does not restrict the rights of any Party to enforce its domestic laws and regulations concerning port state control, immigration, customs, public health, protection of life, safety of vessels and security within ports, dangerous cargoes and pollution of the environment.

4. This Article does not apply to requests for a vessel to be arrested in pursuit of claims for which a lien may be placed.

ARTICLE 5

Recognition of Vessel Documents

1. Documents for a vessel of a Party, which have been issued or recognised in accordance with the relevant international conventions, shall be recognised by the other Parties.

2. The Parties recognise the International Tonnage Certificate (1969) duly issued in accordance with the International Convention on Tonnage Measurement of Ships, 1969. In cases where the port charges and expenses are collected on the basis of tonnage, the mentioned tonnage certificate (1969) shall be the basis of the calculation.

ARTICLE 6

Identity Documents, Entry and Transit of Seafarers

1. For the facilitation of international maritime transport services, a Party shall recognise valid identification documents of seafarers and crew duly issued by the competent authorities of another Party.

These documents are:

(a) for the Republic of Moldova, the "Passport" and the "Seaman Book";

(b) for Iceland, the "Passport" and the "Sea Service Book";

(c) for Norway, the "Passport" and the "Sea Service Book";

(d) for Switzerland, the "Passport" and the "Seaman Book".

2. For nationals of a non-party working on board vessels of a Party, the identity documents are those issued by the competent authorities of the non-party.

3. Subject to the immigration laws of a Party, a crew member on a vessel of another Party holding valid identity documents referred to in paragraph 1 shall be:

(a) admitted to the territory of that Party for temporary shore leave provided that the list of crew members is delivered to the passport control or the immigration authorities;

(b) permitted to disembark a vessel as a crew member where this takes place in a port of that Party and leave the territory of that Party; and

(c) admitted to the territory of that Party for the purpose of joining a vessel as a crew member, provided he is in possession of a declaration from the

shipping company or its agent stating that he is to join a specific vessel at a port of that Party.

4. No Party shall take discriminatory measures against the crew members of another Party during their stay in its ports and territory.

5. If a crew member of a Party requires medical observation or treatment of an illness during the stay of the vessel in a port of another Party, the competent authorities of the latter shall give permission for the crew member to stay in its territory for medical attention until declared able for travel by the competent medical authority, for a period not exceeding three months. That Party shall give medical aid in accordance with its domestic laws and regulations.

6. Nothing in this Article shall be construed so as to limit the right of a Party to deny any person whom they consider unacceptable from entering or remaining in its territory.

ARTICLE 7

Recruitment and Training[6]

Each Party shall allow companies or industry organisations of another Party to establish representation and recruitment offices on its territory, which will be permitted to establish direct employment relationships with seafarers or potential seafarers in the latter Party. Such companies or industry organisations shall be allowed to provide financial support for activities such as training. Seafarers who have been provided this type of support may be required to be contractually bound for a specific period of time to employment with the company that has provided the said support.

ARTICLE 8

Terms of Employment

1. Each Party shall, when accepting crew members of another Party on its vessels, do so in accordance with international conventions in force between them.

2. The terms of employment of a national of a Party serving as a crew member on a vessel of another Party shall be stated in the contract of employment.

3. Each Party shall accept and respect the terms and conditions of employment of the crew members of a vessel of another Party, as established by employment contracts, collective bargaining agreements, social welfare standards and conditions of work and applicable for crew members on board the registered vessels of that Party.

---

6 This provision shall not apply to Liechtenstein and Switzerland.

ARTICLE 9

Rules on Labour Disputes

1. Disputes or claims, including claims for torts arising from or related to the contract of employment or relations between a service supplier of a Party and a crew member of another Party, including but not limited to wage claims and claims for damages as a result of the illness, personal injury or death of a crew member, shall be referred for determination and resolution to the exclusive jurisdiction of the competent courts, tribunals or authorities, as the case may be, of the Party where the vessel is registered or of the Party of which the complainant is a national provided that the procedure does not conflict with domestic laws and regulations. The Parties will provide the appropriate mechanisms for such cases to be heard when raised.

2. This Article does not affect a request for a vessel to be arrested in pursuit of claims for which a lien may be placed.

ARTICLE 10

Assistance in Cases of Offences Committed by Crew on Board the Vessel

1. If an offense might have taken place or a crew member is suspected of having committed an offense on board of a vessel and under the domestic laws and regulations of the Party where a vessel is registered, that Party may request another Party to obtain evidence and take proceedings in the case.

2. The competent authorities of the requested Party shall examine the request, and decide, in accordance with its domestic laws and regulations, which action to take.

3. If the requested Party considers that the information supplied by the requesting Party is not adequate, it may ask for additional information.

4. Proceedings may not be taken by the requested Party, unless the alleged offense would be an offense if committed in its territory and if, under these circumstances, the offender would also be liable to sanctions under its domestic laws and regulations.

5. The requested Party shall promptly communicate its decision to the requesting Party and shall inform it of any procedural acts performed or measures taken.

6. All requests and communications between the Parties specified in this Article shall take place through diplomatic notes.

Legal source or authority of the measure:	Law No. 138/1994 Respecting Private Limited Companies, Law No. 2/1995 Respecting Public Limited Companies, Law No. 34/1991 on Investment by Non-Residents in Business Enterprises.
Succinct description of the measure:	The majority of the founders, the manager(s) and at least half the board of directors, of a private limited company or a public limited company must either be resident in Iceland, in another European Economic Area (EEA) member state, in another EFTA State or in the Faroe Islands.[1] The Minister of Commerce may grant exemptions from these restrictions.
Purpose or motivation of the measure:	To secure that the legal venue of the majority of the board of directors and managers is within Icelandic jurisdiction.

[1] The exclusion of the residency criteria for residents of an EEA member state, an EFTA State or the Faroe Islands is not a reservation on national treatment, but the sentence is included to give an exhaustive description of the measure.

Sub-sector:	
Legal source or authority of the measure:	Law No. 19/1966 on the Right to Own and Use Real Estate, Law No. 34/1991 on Investment by Non-Residents in Business Enterprises.
Succinct description of the measure:	Only Icelandic citizens and Icelandic juridical persons and citizens and juridical persons from another member state of the EEA, another EFTA State or from the Faroe Islands are allowed to own real estate in Iceland unless the ownership and use is linked to an investment in real estate pertaining to the business activity of the investor.[2] The same applies to the hiring of a real estate if the duration of the lease lasts for more than three years. These restrictions shall not apply to a non-European EEA citizen who has been residing in Iceland for at least five years. The Minister of Justice may grant exemptions from these restrictions.
Purpose or motivation of the measure:	Fluctuations in real estate prices due to possible excess foreign demand can adversely affect the domestic market for housing and summer houses (secondary homes).

[2] The exclusion of citizenship and legal entity criteria for residents of an EEA Member State, an EFTA State or the Faroe Islands is not a reservation on national treatment, but the sentence is included to give an exhaustive description of the measure.

Sector:	Fisheries
Sub-sector:	Fishing, whaling
Legal source or authority of the measure:	Law No. 22/1998 on the Fishing and Fish processing of Foreign Vessels in Iceland's Economic Zone, Law No. 34/1991 on Investment by Non-Residents in Business Enterprises, Law No. 26/1949 on Whaling.
Succinct description of the measure:	Only the following may conduct fishing operations within the Icelandic fisheries jurisdiction: (a) Icelandic citizens and other Icelandic persons. (b) Icelandic legal persons which are wholly owned by Icelandic persons or Icelandic legal persons which: (i) are controlled by Icelandic entities; (ii) are not under more than 25% ownership of foreign residents calculated on the basis of share capital or initial capital. However, if the share of an Icelandic legal person in a legal person conducting fishing operations in the Icelandic fisheries jurisdiction or fish processing in Iceland is not above 5%, the share of the foreign resident may be up to 33%; (iii) are in other respects under the ownership of Icelandic citizens or Icelandic legal persons controlled by Icelandic persons.
Purpose or motivation of the measure:	The relative economic importance of the fishing industry for Iceland, with fish and fish products constituting a substantial share of the country's foreign earnings, as well as Iceland's determination to maintain a sustainable yield from its fishing stocks. The control and surveillance regarding the preservation of Icelandic fish stocks needs to be under Icelandic jurisdiction.

ICELAND

Sector:	Fisheries
Sub-sector:	Fish Processing
Legal source or authority of the measure:	Law No. 34/1991 on Investment by Non-Residents in Business Enterprises.
Succinct description of the measure:	Only the following may own or run enterprises engaged in fish processing in Iceland: (a) Icelandic citizens and other Icelandic persons. (b) Icelandic legal persons which are wholly owned by Icelandic persons or Icelandic legal persons which: (i) are controlled by Icelandic entities; (ii) are not under more than 25% ownership of foreign residents calculated on the basis of share capital or initial capital. However, if the share of an Icelandic legal person in a legal person conducting fishing operations in the Icelandic fisheries jurisdiction or fish processing in Iceland is not above 5%, the share of the foreign resident may be up to 33%; (iii) are in other respects under the ownership of Icelandic citizens or Icelandic legal persons controlled by Icelandic persons. Fish processing in this context is freezing, salting, drying and any other process used to initially preserve fish and fish products, including melting and meal processing. This reservation does not apply to secondary fish processing.
Purpose or motivation of the measure:	The reservation on fish processing is an integral part of retaining control in the field of fishing and whaling. The relative economic importance of the fishing industry for Iceland, with fish and fish products constituting a substantial share of the country's foreign earnings, as well as Iceland's determination to maintain a sustained yield from its fishing stocks. The control and surveillance regarding the preservation of Icelandic fish stocks needs to be under Icelandic jurisdiction.

Succinct description of the measure:	Only Icelandic citizens and legal entities, and citizens and legal entities from another member state of the European Economic Area, from another member state of the European Free Trade Association or from the Faroe Islands, can own the right to harness hydroelectric and geothermal power other than for own personal home use.[4] The same applies to investment in enterprises engaged in power production and power distribution.
Purpose or Motivation of the Measure:	Apart from the fish stock, hydroelectric power and geothermal power are Iceland's most important natural resources. Their utilisation need to be centrally administered through licensing and co-generation agreements. The power production and power distribution are public utilities which to a large degree operate as public monopolies.

[4] The exclusion of citizenship and legal entity criteria for residents of an EEA member state, an EFTA State or the Faroe Islands is not a reservation on national treatment, but the sentence is included to give an exhaustive description of the measure.

REFERRED TO IN ARTICLE 6.1

PROTECTION OF INTELLECTUAL PROPERTY

ANNEX XV

REFERRED TO IN ARTICLE 6.1

PROTECTION OF INTELLECTUAL PROPERTY

SECTION I

GENERAL PROVISIONS

ARTICLE 1

Definition of Intellectual Property

For the purposes of the Agreement, "intellectual property" comprises in particular copyrights, including the protection of computer programmes and compilations of data, as well as related rights, trademarks for goods and services, geographical indications (including appellations of origin) for goods, and indications of source for goods and services, industrial designs, patents, plant varieties, topographies of integrated circuits, as well as undisclosed information.

ARTICLE 2

International Conventions

1. The Parties reaffirm their obligations set out in the following multilateral agreements which are hereby incorporated into the Agreement, *mutatis mutandis*:

(a) TRIPS Agreement;

(b) Paris Convention of 20 March 1883 for the Protection of Industrial Property, as revised by the Stockholm Act of 1967 (Paris Convention);

(c) Berne Convention of 9 September 1886 for the Protection of Literary and Artistic Works, as revised by the Paris Act of 1971 (Berne Convention);

(d) International Convention of 26 October 1961 for the Protection of Performers, Producers of Phonograms and Broadcasting Organisations (Rome Convention);

(e) Nice Agreement of 25 June 1957 Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks, as revised by the Geneva Act of 1979;

(f) Budapest Treaty of 28 April 1977 on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure;

(g) Patent Cooperation Treaty of 19 June 1970, as revised by the Washington Act of 2001;

(h) Protocol of 27 June 1989 relating to the Madrid Agreement concerning the International Registration of Marks;

(i) 1991 Act of the International Convention for the Protection of New Varieties of Plants (UPOV), unless the Party concerned is already a member of the 1978 UPOV[1]; and

(j) Geneva Act of 1999 of the Hague Agreement Concerning the International Registration of Industrial Designs.

2. The Parties shall ratify or accede to the following agreements before year end of 2024, provided they are not yet a party, or comply with their substantive provisions by the same date:

(a) World Intellectual Property Organisation (WIPO) Copyright Treaty of 20 December 1996;

(b) WIPO Performances and Phonogram Treaty of 20 December 1996 (WPPT); and

(c) Beijing Treaty on Audio-Visual Performances of 24 June 2012.

3. The Parties agree to promptly hold expert meetings, upon request of a Party, on activities relating to the conventions referred to in paragraphs 1 to 2 or to future international conventions on harmonisation, administration and enforcement of intellectual property rights and on activities in international organisations, such as the WTO and WIPO, as well as on relations of the Parties with non-Parties on matters concerning intellectual property.

4. This Annex shall be without prejudice to the Doha Declaration on the TRIPS Agreement and Public Health as well as the Amendment of the TRIPS Agreement as adopted by the WTO General Council on 6 December 2005.

ARTICLE 3

Genetic Resources and Traditional Knowledge

1. The Parties reaffirm their sovereign rights over their natural resources. Considering the close and traditional dependence of subsistence farmers, indigenous Peoples and local communities embodying traditional lifestyles on genetic resources, the Parties also recognise their respective rights and obligations as established by the Convention on Biological Diversity, the Nagoya Protocol on Access to Genetic Resources

[1] Liechtenstein is not yet a party to UPOV. The obligation in subparagraph 1(i) of Article 2 (International Conventions) shall become applicable to Liechtenstein once it has become a party to UPOV.

and the Fair and Equitable Sharing of Benefits Arising from their Utilization, the International Treaty on Plant Genetic Resources for Food and Agriculture and other relevant international agreements, to which they are a Party, related to genetic resources and associated traditional knowledge.

2. The Parties shall endeavour to implement the international agreements in the area of intellectual property related to genetic resources and associated traditional knowledge in a mutually supportive manner with the international agreements referred to in paragraph 1.

SECTION II

STANDARDS CONCERNING THE AVAILABILITY, SCOPE AND USE OF INTELLECTUAL PROPERTY RIGHTS

ARTICLE 4

Copyright and Related Rights

1. The Parties shall, without prejudice to the obligations set out in the international agreements to which they are parties, in accordance with their domestic laws and regulations, grant and ensure adequate and effective protection to the authors of works and to performers, producers of phonograms and videograms and broadcasting organisations for their works, performances, phonograms, videograms and broadcasts, respectively.

2. In addition to the protection provided for in the international agreements to which the Parties are parties or which the Parties shall ratify or accede to pursuant to paragraph 2 of Article 2 (International Conventions), each Party shall grant and ensure protection for producers of videograms by applying articles 11, 12, 13 and 14 of the WPPT, *mutatis mutandis*.

3. The Parties shall ensure that a broadcasting organisation has at least the exclusive right of authorising the following acts: the rebroadcasting of their broadcasts, the fixation of their broadcasts, the reproduction and distribution of fixations, and the communication to the public, by wire or wireless means, including the retransmission and the making available to the public of their fixed broadcasts in such a way that members of the public may access these broadcasts from a place and at a time individually chosen by them.

4. The Parties may, in their domestic laws and regulations, provide for the same kinds of limitations and exceptions with regard to the protection of producers of videograms and to broadcasting organisations as they provide for, in their domestic laws and regulations, in connection with the protection of copyright in literary and artistic works.

5. The term of protection to be granted to producers of videograms under the Agreement shall last at least until the end of a period of 50 years computed from the end of the year in which the videogram was published, or failing such publication within 50 years fixation of the videogram, 50 years from the end of the year in which the fixation was made.

6. The term of protection to be granted to broadcasting organisations under the Agreement shall last at least until the end of a period of 20 years computed from the end of the year in which the broadcast took place.

ARTICLE 5

Trademarks

1. The Parties shall grant adequate and effective protection of trademarks for goods and services. Any sign, or any combination of signs, capable of distinguishing the goods or services of one undertaking from those of other undertakings, shall be capable of constituting a trademark. Such signs, in particular words including combinations of words, personal names, letters, numerals, figurative elements, shapes of goods, sounds and combinations of colours as well as any combination of such signs, shall be eligible for registration as trademarks. Where signs are not inherently capable of distinguishing the relevant goods or services, the Parties may make registrability depend on distinctiveness acquired through use. The Parties may require, as a condition of registration, that trademarks are capable of being represented on the register in a manner which enables the competent authorities and the public to determine the clear and precise subject matter of the protection afforded to its proprietor.

2. The Parties shall grant the owner of a registered trademark the exclusive right to prevent all third parties not having the owner's consent from using in the course of trade identical or similar signs for goods or services which are identical or similar to those in respect of which the trademark is registered where such use would result in a likelihood of confusion. In case of the use of an identical sign for identical goods or services, a likelihood of confusion shall be presumed. The rights described above shall not prejudice any existing prior rights, nor shall they affect the possibility of Parties making rights available on the basis of use.

3. Protection according to paragraph 2 shall not be limited to identical or similar goods or services where the trade mark is well known in the relevant country and where the use of the trade mark without due cause would be detrimental to the distinctive character or take unfair advantage or be detrimental to its repute.

4. No Party may require as a condition for determining that a trademark is well-known that the trademark has been registered in that Party or in another jurisdiction, included on a list of well-known trademarks, or given prior recognition as a well-known trademark.

5. The Parties reaffirm the importance of, and shall be guided by the principles contained in, the WIPO Joint Recommendation Concerning Provisions on the Protection of Well-Known Marks, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 1999, and the WIPO Joint Recommendation Concerning Provisions on the Protection of Marks and other Industrial Property Rights in Signs, on the Internet, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 2001.

6. Where a trademark is reproduced in a dictionary, other reference work or in a similar work, in print or electronic form, without mention of the fact that it is registered, the Parties shall provide the legal means for the owner of the trademark to require from the publisher of the work that a corresponding note be included, in case of printed form at the latest in a reprint.

ARTICLE 6

Patents

1. The Parties shall at least ensure in their domestic laws and regulations that patents are available for any inventions, whether products or processes, in all fields of technology, provided that they are new, involve an inventive step and are capable of industrial application. Subject to paragraphs 3 and 4, patents shall be available and patent rights enjoyable without discrimination as to the place of invention, the field of technology and whether products are imported or locally produced. Importation and offering on the market of a product shall be deemed to be "working of the patent" in the country of importation.

2. Subject to paragraphs 3 and 4, and consistent with paragraph 1, the Parties shall ensure that patents are available for inventions claimed as new uses of a known product and new methods or processes of using a known product. A Party may limit those new uses, methods and processes to those that do not claim the use of the product as such.

3. The Parties may exclude from patentability inventions, the prevention within their territory of the commercial exploitation of which is necessary to protect *ordre public* or morality, including to protect human, animal or plant life or health or to avoid serious prejudice to the environment, provided that such exclusion is not made merely because the exploitation is prohibited by their domestic laws and regulations.

4. Each Party may also exclude from patentability:

(a) any invention of methods for treatment of the human or animal body by surgery or therapy or for diagnostic methods practised on the human or animal body; this paragraph shall not apply to products, in particular substances or compositions, for use in any of these methods; and

(b) plant or animal varieties or essentially biological processes for the production of plants or animals and plants or animals exclusively obtained by means of an essentially biological process; this paragraph shall not apply to microbiological processes or the products thereof.

5. The Parties shall provide a patent applicant with opportunities to make amendments, corrections, and observations in connection with its application.

6. Recognising the benefits of transparency in the patent system, the Parties shall endeavour to publish unpublished pending patent applications promptly after the expiration of 18 months from the filing date or, if priority is claimed, from the priority date.

7. If a pending patent application is not published promptly in accordance with paragraph 6, the Parties shall publish such application or the corresponding patent as soon as practicable.

8. The Parties shall provide that a patent applicant may request the early publication of an application prior to the expiration of the period mentioned in paragraph 6.

9. Each Party may adopt or maintain an exception for patents related to acts necessary for obtaining marketing authorisation for a pharmaceutical product (regulatory review exception). The exception shall not unreasonably conflict with a normal exploitation of the patent and shall not unreasonably prejudice the legitimate interests of the patent owner, taking into account the legitimate interest of third parties.

10. The Parties shall foresee a compensatory term of protection for pharmaceuticals and plant protection products, which shall be calculated from the expiry of the maximum term of patent of 20 years for a period equal to the period which elapsed between the filing date of the patent application and the date of the market authorisation of the product, reduced by a period of five years. Such compensatory protection shall cover a period of five years at the most[2] and shall be granted under the following conditions:

(a) the product is protected by a patent in force;

(b) there has been an official marketing authorisation for the medicinal or plant protection product;

(c) the right conferred by the patent has been postponed by administrative procedures regarding authorisation of market access, so that the effective use of the patent amounts to less than 15 years; and

(d) the effective protection conferred by the patent and the compensatory protection shall together not exceed 15 years.[3]

ARTICLE 7

Undisclosed Information

1. The Parties, when requiring, as a condition of approving the marketing of pharmaceutical or plant protection and biocidal products which utilise chemical or biological entities, the submission of undisclosed test or other data, the origination of which involves a considerable effort, shall protect such data against unfair commercial use. In addition, the Parties shall protect such data against disclosure, except where necessary to protect the public, or unless steps are taken to ensure that the data are protected from unfair commercial use.

2. The Parties shall prevent applicants for marketing approval from relying on, or referring to, undisclosed test data or other data submitted to the competent authority by the first applicant for a period, counted from the date of marketing approval in the Party where marketing approval is sought, of at least five years for pharmaceutical products and at least 10 years for plant protection and biocidal products. In addition, for

[2] For pharmaceuticals that have been tested for paediatric use, a six-month extension of the compensatory term of protection shall be granted, subject to the requirements and conditions set out in the applicable domestic laws and regulations of a Party.

[3] For pharmaceuticals that have been tested for paediatric use, a six-month extension of the compensatory term of protection shall be granted, subject to the requirements and conditions set out in the applicable domestic laws and regulations of a Party.

pharmaceutical products, the Parties shall ensure that no pharmaceutical product relying on, or referring to, undisclosed test data or other data submitted to the competent authority by the first applicant is placed on the market until seven years have elapsed, counted from the date of the first marketing approval in the Party where marketing approval is sought.

3. The seven-year period regarding pharmaceutical products referred to in paragraph 2 shall be extended to a minimum of eight years if, at least during the first five years after obtaining the initial marketing authorisation, the marketing authorisation holder obtains an authorisation for one or more new therapeutic indications which, during the scientific evaluation prior to their authorisation, are held to bring a significant clinical benefit in comparison with existing therapies.

4. The Parties may permit reliance on or reference to such data in order to avoid unnecessary duplication of tests of plant protection and biocidal products involving vertebrate animals, provided that the first applicant is adequately compensated.

ARTICLE 8

Industrial Designs

The Parties shall ensure in their domestic laws and regulations adequate and effective protection of industrial designs by providing in particular a period of protection of at least 25 years in total. The Parties may provide for a shorter period of protection for designs of component parts used for the purpose of the repair of a product.

ARTICLE 9

Geographical Indications

1. The Parties shall ensure in their domestic laws and regulations adequate and effective means to protect geographical indications with regard to all goods.

2. For the purposes of this Annex, "geographical indications" mean indications which identify a good as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin.

3. Without prejudice to Article 23 of the TRIPS Agreement, the Parties shall provide legal means for interested parties to prevent the use of a geographical indication for goods not originating in the place indicated by the designation in question in a manner which misleads the public as to the geographical origin of those goods or which constitutes an act of unfair competition within the meaning of Article 10*bis* of the Paris Convention.

4. The Parties shall provide legal means for interested parties to oppose the registration or to request the invalidation of a trademark which contains or consists of a geographical indication of a Party with respect to goods not originating in the territory indicated, if such use misleads the public as to the true place of origin of the goods.

5. The Parties shall provide legal means for interested parties to prevent the use of a geographical indication for agricultural products and foodstuffs for identical or comparable goods not originating in the place indicated by the designation in question.

6. Without prejudice to this Article, the Appendix (Mutual Recognition and Protection of Geographical Indications, Appellations of Origin and Indications of Source) applies to the mutual recognition and protection of geographical indications of Switzerland, Liechtenstein and the Republic of Moldova.

ARTICLE 10

Indications of Source and Country Names

1. The Parties shall ensure in their domestic laws and regulations adequate and effective means to protect indications of source, names, armorial bearings and flags of countries, with regard to all goods and services.

2. For the purposes of this Annex, "indications of source" means direct or indirect references to the geographical origin of goods or services.

3. The Parties shall provide legal means for interested parties to prevent the use of an indication of source for goods not originating in the place indicated by the designation in question, *inter alia* where such indication is used as a trademark, trade name or company name, in a manner which misleads the public as to the geographical origin of those goods or which constitutes an act of unfair competition within the meaning of Article 10*bis* of the Paris Convention.

4. The Parties shall provide legal means for interested parties to prevent the use of an indication of source for services, *inter alia* where such indication is used as a trademark, trade name or company name, in a manner which misleads the public as to the geographical origin or constitutes an act of unfair competition within the meaning of Article 10*bis* of the Paris Convention.

5. The Parties shall provide legal means for interested parties to prevent any incorrect or misleading use or registration of country names of a Party or of its territory names, as trademarks or as any other protected title, such as company names or names of associations.

6. The provision of the paragraph 3 above applies even if the geographical name is translated or used in a modified form if such use misleads the public as to the true place of origin of the goods.

7. The Parties, in accordance with their obligations under Article 6*ter* of the Paris Convention, shall prevent that armorial bearings, flags and other State emblems of a Party are used or registered as trademarks, designs or other protected titles, such as company names or names of associations, in non-compliance with the conditions laid down in the domestic laws and regulations of that Party. This paragraph shall also apply to signs that may be confused with armorial bearings, flags and other State emblems of a Party.

8. Without prejudice to this Article, the Appendix (Mutual Recognition and Protection of Geographical Indications, Appellations of Origin and Indications of Source) applies to the mutual recognition and protection of the indications of sources of Switzerland, Liechtenstein and the Republic of Moldova.

SECTION III

ACQUISITION AND MAINTENANCE OF INTELLECTUAL PROPERTY RIGHTS

ARTICLE 11

Acquisition and Maintenance

Where the acquisition of an intellectual property right is subject to the right being granted or registered, the Parties shall ensure that the procedures for granting or registration are at least the same level as that provided in the TRIPS Agreement, in particular Article 62.

SECTION IV

ENFORCEMENT OF INTELLECTUAL PROPERTY RIGHTS

ARTICLE 12

General

The Parties shall provide in their domestic laws and regulations for enforcement provisions for rights covered by Article 1 (Definition of Intellectual Property) that shall at least be the same level as provided for in the TRIPS Agreement, in particular in Articles 41 to 61.

ARTICLE 13

Suspension of Release

1. The Parties shall adopt procedures to enable a right holder, who has valid grounds for suspecting that importation or exportation of goods infringing intellectual property rights may take place, to lodge an application in writing with the competent authorities, administrative or judicial, for the suspension by the customs authorities of the release of such goods.

2. The Parties shall also adopt procedures with respect to goods for import or export, under which a right holder can record intellectual property rights with the customs authorities. The customs authorities shall carry out appropriate controls in order to identify goods suspected of infringing those recorded intellectual property rights.

3. The customs authorities shall, in accordance with domestic procedures, suspend the release of the goods suspected of infringing intellectual property rights for which an application was filed as per the procedure under paragraph 1 or which were recorded as per the procedure under paragraph 2.

4. The Parties shall enable their competent authorities to act upon their own initiative and suspend the release of goods when they have valid grounds for suspecting that importation or exportation of those goods would infringe intellectual property rights.

5. The customs authorities shall be active in targeting and identifying shipments containing import and export goods suspected of infringing an intellectual property right.

6. The Parties shall authorise their customs authorities to inform the right holder in order to enable the lodging of an application according to paragraph 1 and the recording according to paragraph 2.

7. It is understood that there shall be no obligation to apply procedures set forth in paragraphs 1 and 2 to the suspension of the release of goods put on the market by or with the consent of the right holder.

8. In case of suspension pursuant to paragraphs 1 and 2 with respect to importation into or exportation from the customs territory of a Party, the competent authorities of the Party suspending the release of the goods shall notify the right holder of the suspension including necessary information to enforce his or her rights, such as the name and addresses of the consignor or consignee, and the importer or exporter, as applicable, and the quantity of the goods in question.

9. Each Party shall ensure that the competent administrative or judicial authorities, upon request by the right holder, have the authority to decide that the products, the release of which has been suspended pursuant to paragraphs 1 or 2, shall be held seized until a final decision is reached in the infringement dispute.

10. Each Party shall provide that if the competent authorities have made a determination that the suspected goods infringe an intellectual property right, procedures are made available to enable the right holder to seek recovery of, and indemnify against, costs and expenses that the right holder may have incurred in connection with the exercise of rights and remedies provided in this Article.

11. Each Party may exclude from the application of the above provisions small quantities of goods contained in travellers' personal luggage or sent in small consignments, provided that such small consignments do not amount to import or export on a commercial scale.

ARTICLE 14

Right of Inspection

1. The competent authorities shall provide the applicant for the suspension of goods referred to in Article 13 (Suspension of Release) and other persons involved in the suspension with the opportunity to inspect goods whose release has been suspended.

2. When examining goods, the competent authorities may take samples and, in accordance with the domestic laws and regulations of the Party concerned, hand them over or send them to the right holder, at his or her express request, strictly for the purposes of analysis and of facilitating the subsequent procedure. Where circumstances allow, samples must be returned on completion of the technical analysis and, where applicable, before goods are released or their detention is lifted. Any analysis of these samples shall be carried out under the sole responsibility of the right holder.

3. The declarant, holder or owner of the suspected infringing goods may be present at the inspection with a view to protecting its trade secrets.

ARTICLE 15

Provisional Measures and Injunctions

1. Each Party shall ensure that its judicial authorities have the authority to order prompt and effective provisional measures:

(a) to prevent infringements of intellectual property rights from occurring, and in particular to prevent the entry of goods into channels of commerce in their jurisdiction, including imported goods immediately after customs clearance; and

(b) to preserve relevant evidence with regard to the alleged infringement.

2. The Parties' judicial authorities shall have the authority to adopt provisional measures *inaudita altera parte* where appropriate, in particular where delay is likely to cause irreparable harm to the right holder, or where there is a demonstrable risk of evidence being destroyed. Upon request for provisional measures, the Parties' judicial authorities shall act expeditiously and take a decision without undue delay.

3. Each Party shall ensure that, in civil judicial proceedings with regard to the enforcement of intellectual property rights, its judicial authorities have the authority to order a party to the proceedings to desist from an infringement, inter alia, to prevent the entry into the channels of commerce in their jurisdiction of imported goods that involve the infringement of an intellectual property right, immediately after customs clearance of such goods.

ARTICLE 16

Removal from Commerce

The Parties shall ensure that the competent judicial authorities in an infringement dispute may order, upon request of the right holder, that appropriate measures be taken with regard to goods that they have found to be infringing an intellectual property right and, in appropriate cases, with regard to materials and implements predominantly used in the creation or manufacture of those goods. Such measures shall include definitive removal from the channels of commerce or destruction. In considering a request for corrective measures, the need for proportionality between the seriousness of the infringement and the remedies ordered as well as the interests of third parties shall be taken into account.

ARTICLE 17

Civil Remedies

1. Each Party shall make available to right holders civil judicial procedures concerning the enforcement of any intellectual property right covered in this Annex.

2. Each Party shall ensure that:

(a) in civil judicial proceedings, its judicial authorities have the authority to order the infringer, who knowingly or with reasonable grounds to know engaged in infringing activity of intellectual property rights, to pay the right holder damages adequate to compensate for the actual injury the right holder has suffered as a result of the infringement; and

(b) in determining the amount of damages for intellectual property rights infringement, its judicial authorities shall consider, inter alia, the actual damage, lost profits, any profits made by the infringer or establishing a fair licence fee.

3. At least in cases of copyright or related right infringement and trademark counterfeiting, each Party shall provide that its judicial authorities have the authority to order the infringer to pay the right holder the infringer's profits that are attributable to the infringement.

ARTICLE 18

Criminal Remedies

The Parties shall provide for criminal procedures and penalties for wilful intellectual property rights infringements on a commercial scale.

ARTICLE 19

Security or Equivalent Assurance

The Parties shall ensure that their competent authorities have the authority to require an applicant, in justified cases, to provide a security or equivalent assurance, sufficient to protect the defendant and the competent authorities and to prevent abuse. Such security or equivalent assurance shall not unreasonably deter recourse to these procedures. The Parties may fulfil this obligation by requiring an applicant to declare to accept liability towards the persons involved, instead of providing a security or equivalent assurance.

ARTICLE 20

Final Judicial and Administrative Decisions

The Parties shall ensure that final judicial and administrative decisions relating to intellectual property rights are:

(a) in writing and contain the findings of fact and the reasoning or the legal basis on which the decisions are based; and

(b) published or otherwise made publicly available in a national language in such a manner as to enable interested parties to become acquainted with them, subject to protection of confidential information.

ARTICLE 21

Cooperation in the Field of Intellectual Property

The Parties, recognising the growing importance of intellectual property rights as a factor of social, economic and cultural development, agree to enhance cooperation in the field of intellectual property.

APPENDIX TO ANNEX XV

MUTUAL RECOGNITION AND PROTECTION OF GEOGRAPHICAL INDICATIONS, APPELLATIONS OF ORIGIN AND INDICATIONS OF SOURCE

ARTICLE 1

Coverage

1. In accordance with the principles of non-discrimination and reciprocity, the Parties[1] mutually recognise and protect their geographical indications, appellations of origin and indications of source, as well as their State emblems, such as armorial bearings and flags, referred to in Article 2 (Protected Indications).

2. For the purposes of this Appendix:

(a) "Geographical indications" means indications which identify a good as originating in the territory of a Party, or a region or a locality in that territory, where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin;

(b) "Appellations of origin" are considered as a sub-category of geographical indications, according to the domestic laws and regulations of the Parties; and

(c) "Indications of source" means direct or indirect references to the geographical origin of goods or services.

ARTICLE 2

Protected Indications

The following indications (protected indications) shall be protected:

1. In Switzerland and Liechtenstein:

(a) the designations of the Republic of Moldova listed in Attachment I to this Appendix;

(b) the armorial bearings, flags, and other State emblems of the Republic of Moldova protected pursuant to Article 6*ter* of the Paris Convention;

---

[1] For the purposes of this Appendix, the Parties means the Republic of Moldova on the one side and Switzerland and Liechtenstein on the other side.

(c) the geographical indications of the Republic of Moldova listed in Attachment II to this Appendix.

2. In the Republic of Moldova:

(a) the designations of Switzerland and Liechtenstein listed in Attachment I to this Appendix;

(b) the armorial bearings, flags, and other State emblems of Switzerland and Liechtenstein pursuant to Article 6*ter* of the Paris Convention;

(c) the geographical indications of Switzerland and Liechtenstein listed in Attachment II to this Appendix.

ARTICLE 3

Extent of Protection

1. Without prejudice to Articles 22 and 23 of the TRIPS Agreement, the Parties shall take all the necessary measures in accordance with this Appendix to ensure mutual protection of the protected indications referred to in Article 2 (Protected Indications). Each Party shall provide interested parties, as referred to in Article 6 (Beneficiaries), with the legal means to prevent the use of such indications in any of the situations listed in this Article.

(a) Without prejudice to Article 10 of the Paris Convention, the indications listed in Attachment I to this Appendix and armorial bearings, flags, and other State emblems[2] referred to in subparagraphs 1(b) and 2(b) of Article 2 (Protected Indications) shall be protected against:

(i) any direct or indirect commercial use in respect of goods not originating in the designated country[3] or region or not complying with the requirements set according to the domestic laws and regulations of the Party to which the indication refers;

(ii) any direct or indirect commercial use in respect of services in a manner not complying with the requirements set according to the domestic laws and regulations of the Party to which the indication refers.

(b) The geographical indications listed in Attachment II to this Appendix and other geographical indications of the Parties as defined in paragraph 1 of Article 22 of the TRIPS Agreement shall be protected against:

---

[2] Armorial bearings are reserved for official use, without prejudice to exceptions foreseen by domestic laws and regulations.

[3] The relevant territory for the use of a Swiss indication of source for natural products and foodstuffs, as defined in Switzerlands's domestic laws and regulations, includes the Principality of Liechtenstein, the customs enclave of Büsingen am Hochrhein; the relevant territory for the use of a Swiss indication of source for natural products, as defined in Switzerland's domestic laws and regulation, includes the free trade zones of Pays de Gex and Haute-Savoie and plots exploited by Swiss farmers within the border zone.

(i) any direct or indirect commercial use in respect of goods of the same kind as those to which the geographical indication applies, not originating in the geographical area of origin or not complying with the requirements set according to the domestic laws and regulations of the Party to which the indication refers;

(ii) any direct or indirect commercial use in respect of goods that are not of the same kind as those to which the geographical indication applies or services, if such use would indicate or suggest a connection between those goods or services and the beneficiaries of the geographical indication, and would be likely to damage their interests, or, where applicable, in light of the reputation of the geographical indication in the Party concerned, such use would be likely to impair or dilute in an unfair manner, or take unfair advantage of, that reputation;

(iii) any other practice liable to mislead consumers as to the true origin, provenance or nature of the goods.

2. The protection afforded by paragraph 1 shall also apply in the following situations, even if the true origin of the goods or services is indicated:

(a) the protected indication is used in translation, transcription or transliteration; or

(b) the protected indication is used in a modified form, if such use would result in a risk of confusion for the relevant public; or

(c) the protected indication is accompanied by terms such as “style”, “kind”, “type”, “make”, “imitation”, “method”, “as produced in”, “like”, “similar” or the like, including graphical symbols which may lead to confusion, as well as when the designated good is used as an ingredient.

3. The protection afforded by paragraphs 1 and 2 shall also apply in cases of importation of goods into the territory of a Party, as well as where goods originating in the territory of a Party are exported. The Parties shall enable their competent authorities to act upon their own initiative, which may also cover transit issues.

4. The registration of trademarks infringing paragraphs 1 or 2 shall be refused or invalidated *ex officio* if the domestic laws and regulations of the Parties so permits or at the request of an interested party. If such trademark has been applied for or registered in good faith or has been established by use in good faith before the entry into force of the Agreement, it may continue to be used and renewed notwithstanding the protection and the use of the indication of source or geographical indication under this Appendix, provided that no other grounds for the invalidity of the trademark or its revocation exist as specified by the domestic laws and regulations of the Party concerned.

5. The Parties shall have no obligation to protect an indication referred to in Article 2 (Protected Indications) where:

(a) in light of a reputed or well-known trademark, protection is liable to mislead consumers as to the true identity of the good or service. This provision shall not

apply to indications referred to in subparagraphs 1(a) and 2(a) of Article 2 (Protected Indications);

(b) in the light of the name of a plant variety or an animal breed, protection is liable to mislead consumers as to the true origin of the good.

6. For protected indications referred to in subparagraphs 1(a), 1(c), 2(a) and 2(c) of Article 2 (Protected Indications), the exceptions of paragraphs 4, 6 and 7 of Article 24 of the TRIPS Agreement shall not apply.

ARTICLE 4

Homonymous Indications

1. Where a protected indication of a Party is identical with or similar to a protected indication of another Party, protection shall be accorded to each indication, provided that the protected indication has been used traditionally and consistently and that the good or the service is not falsely represented as originating in the territory of another Party;

2. Where a protected indication of a Party is identical with or similar to an indication referring to the territory of a third party, the latter indication may be used to describe and present a good produced in the geographical area to which it refers or a service originating in the country to which it refers, provided that the indication in question has been used traditionally and consistently, that its use for this purpose is regulated in the country of origin, and that the good or the service it identifies is not falsely represented as originating in the territory of the Party concerned.

3. In cases referred to in paragraph 1, the Parties shall determine the practical conditions under which the homonymous indications in question will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers of goods or the providers of services concerned and that the consumers are not misled.

ARTICLE 5

Exceptions

1. The provisions of this Appendix shall in no way prejudice the right of any person to use, in the course of trade, their own name or the name of their predecessor in business, provided that such name is not used in a way that misleads consumers as to the true origin of the goods and services.

2. Nothing in this Appendix shall oblige any Party to protect an indication of another Party which ceases to be protected in its country of origin or which has fallen into disuse in that country. The Parties shall notify each other if the protection of an indication has ended in its country of origin.

ARTICLE 6

Beneficiaries

The beneficiaries of the protection granted by this Appendix shall include natural and legal persons, including federations, associations and organisations of producers, providers of services, traders or consumers, as well as state authorities. These beneficiaries shall be deemed to be interested parties, provided that they have a legitimate interest and that their residence or head office is located in the territory of a Party. The Parties shall ensure that the protection granted by this Appendix is enforceable by interested parties under their domestic laws and regulations.

ARTICLE 7

Presentation and Labelling

If the description, presentation or packaging of a good or a service, including in the labelling, in advertising, or in official or commercial documents, is in breach of this Appendix, the Parties shall apply the necessary administrative measures and shall provide for effective legal means with a view to combating unfair competition or preventing the incorrect or misleading use of the protected indication in any other way.

ARTICLE 8

Contact Points

1. The authorities designated in Attachment III to this Appendix shall act as contact points between the Parties with the purpose of monitoring the implementation of this Appendix and intensifying the Parties' cooperation and dialogue on indications of source and geographical indications. These contact points shall report issues relating to the interpretation and application of this Appendix to the Joint Committee.

2. The Parties shall exchange information on their legislative and policy developments concerning indications of source and geographical indications and any other matter of mutual interest in these areas, including for the purpose of considering the protection of indications of source and geographical indications in accordance with this Appendix.

3. The contact points shall meet, upon request of a Party, at a time and place and in a manner, including by videoconference, mutually agreed by the Parties concerned, and endeavour to do so within 90 days from the request.

ARTICLE 9

Procedure for Non-Compliant Use of Protected Indications

1. If a Party has reason to suspect that:

   (a) a protected indication as defined in Article 2 (Protected Indications) is being or has been used in trade between Parties or between a Party and a third country in non-compliance with this Appendix; and

   (b) this non-compliance is of particular interest to the Party concerned and could result in administrative measures or legal proceedings being taken,

the Party concerned shall immediately inform the contact points of the other Parties and provide relevant information concerning such non-compliant use.

2. The information to be provided in accordance with paragraph 1 shall be accompanied by official, commercial or other appropriate documents and specify any administrative measures or legal proceedings that may be taken. The information shall include, in particular, the following details concerning the good or the service in question:

   (a) the producer and any person holding the good, or the provider of the service;

   (b) the composition of that good or the content of that service;

   (c) the description, presentation and/or packaging of that good or service; and

   (d) the description of the suspected non-compliance with the applicable rules:

      (i) on the production of that good or on the provision of that service; or

      (ii) on the marketing of that good or service.

3. The Party receiving the information shall examine the matter and inform the other Parties on the outcome of the examination and any measure taken in accordance with Article 3 (Extent of Protection) or legal means available under the domestic laws and regulations to prevent such non-compliant use.

ARTICLE 10

National Registers and Lists

1. Without prejudice to the provisions of paragraph 5 of Article 3 (Extent of Protection), the registration or addition of an indication in the national registers and lists of a Party as mentioned in Attachment IV to this Appendix but not yet included in Attachment II to this Appendix shall be admitted by the relevant authorities of the other Parties as evidence that this indication falls under the definition of a geographical indication as set out in paragraph 2 of Article 1 (Coverage).

2. This provision shall apply as long as the indication in question has not been examined by another Party according to paragraph 1 of Article 11 (Modifications to the List of Geographical Indications).

ARTICLE 11

Modification to the Lists of Geographical Indications

1. A Party intending to add new geographical indications for protection, in Attachment II to this Appendix, shall notify the other Parties in writing via the contact points referred to in paragraph 1 of Article 8 (Contact Points). Within 90 days from the receipt of such written notification, and after having completed an objection procedure in accordance with the criteria set out in Attachment V to this Appendix, the Parties shall enter into consultations with the aim of finding an agreement on the proposed modification. They shall report the result of their consultations to the Joint Committee to amend the Attachment.

2. If a geographical indication listed in Attachment II to this Appendix ceases to be protected in its territory of origin, the respective Party shall notify these changes to the other Parties through the contact points and report them to the Joint Committee to amend this Appendix.

ARTICLE 12

Transitional Measures

1. Goods or services identified with an indication referred to in Article 2 (Protected Indications) which, at the time of entry into force of this Agreement, have been legally produced or provided, designated and presented, but which shall not be identified with such an indication according to this Appendix, may be marketed by wholesalers, producers or providers of services for a period of one year from the entry into force of the Agreement and by retailers of goods until stocks are exhausted.

2. Goods produced, designated and presented or services designated and presented in accordance with this Appendix, whose description, presentation and/or packaging cease to conform to this Appendix following an amendment thereto, may continue to be marketed until stocks are exhausted unless otherwise agreed by the Parties.
